

EQUEST FOR COMPENSATION FORM

INTRODUCTION

Echelon Claims Services is an independent third party that objectively assess Council's liability when a request for compensation is made against them. If you are seeking compensation for loss or damage arising from an incident which you believe has been caused by Council's negligence, Echelon Claims Services will investigate the incident to establish whether Council has any legal liability.

Most requests for compensation are below Council's excess and, therefore, are not covered by an insurance policy.

Please provide details of the exact location with supporting photographs marked to clearly depict the area in question. If the location is unclear please provide a sketch to assist us in our investigations:

PHOTOGRAPHS

One of the most effective ways to avoid confusion about the circumstances surrounding your request for compensation is through the use of photographs. Without this information Council is unable to be sure it is investigating the correct issues. Please ensure that you only take photographs if it is safe to do so.

You are required to provide a minimum of 3 photographs in support of your request for compensation.

Your photographs need to show the following (where applicable):

- The area of property that has sustained damage.
- Area where a trip and fall occurred (Mark an 'x' on the exact tripping point)
- The roots and/or trees that you allege have caused property damage.
- Proof of injuries sustained.
- A variety of shots and angles to clearly show the situation.

THE ROAD MANAGEMENT ACT 2004

Does your request for compensation for property damage arise from the condition of the roadway/footpath?

YES

NO

If YES, please be advised the provisions of the Road Management Act 2004 require an individual or company seeking compensation for property damage arising from the condition of the roadway/footpath, to pay the first \$1,640.00 of any claim (the "threshold amount") regardless of liability (includes motor vehicles, clothing, glasses etc).

Does your request for compensation exceed the threshold amount?

YES

NO

Please note that the threshold amount is varied by the Victorian Government every financial year. The threshold amount stated above is valid for property damage occurring in the 2024/2025 financial year.

See: http://www.austlii.edu.au/au/legis/vic/consol_act/rma2004138 for further information.

INCIDENT DETAILS

Please provide details of the incident and why you believe Council is liable. The request you are making is based in negligence, therefore, you need to provide clear evidence that the incident occurred due to Council's negligence. To state that Council is liable because 'it is their asset' or that 'the asset is on their land' is not sufficient for your request for compensation to be accepted.

COMPENSATION SOUGHT

You are required to attach any supporting documentation to substantiate your loss. For property damage claims please provide a minimum of 2 x repair quotes or invoice or receipt etc.

Please Note: The request of this information must not be seen as an automatic acceptance of liability.

Please Note: you will be required to substantiate the amount of compensation sought. Requests for compensation are assessed on their own merit and any payments made will come from Council funds

DISCLAIMER

Completion and acceptance of this form does not represent an admission of liability on the part of Council and/or their insurers. Your request for compensation will be subject to investigation and the findings assessed on their own merits.

Echelon Claims Services will endeavour to respond as quickly as possible. However, as all requests for compensation are assessed on their own merits, it can take some time to collate all the relevant information before we are in a position to make an accurate decision on liability. The process takes approximately eight weeks from the time Echelon receives your Request for Compensation Form. However, this timeframe can be longer due to delays in obtaining information and other factors beyond Council's control.

Council complies with all its obligations under the provision of the Privacy and Data Protection Act 2014 and is committed to transparency and integrity in all its activities and programs. All information you supply is treated as private and confidential.
