7. PUBLIC QUESTION TIME

7.1 QUESTIONS ON NOTICE

1. Question received from Mr Merv Geddes.

Re Recommendation 9 of the Hazelwood Mine Fire Inquiry Report Volume 3. What action is Latrobe City Council taking to 'ensure that ash contained in roof cavities in Morwell is analysed and acted on' with particular emphasis on residents without insurance coverage, and rental and community accommodation?

Response:

During its presentation to the Hazelwood Mine Fire Inquiry on Governance and Leadership, Latrobe City Council recommended that the issue of roof cavity ash be resolved.

Council is pleased that this recommendation has been picked up and brought forward as a recommendation in the Hazelwood Mine Fire Inquiry Report Volume 3.

Recommendation 9 reads:

Ensure that ash contained in roof cavities in Morwell is analysed and acted on.

The State should:

Commission an analysis of the ash contained in roof cavities of houses in Morwell and publish the results of that analysis to the community and Latrobe Valley health Assembly, together with clear advice about the potential knowns, or unknown health effects.

If the analysis of the ash residue in roof cavities reveals any content that is potentially hazardous to health or of unknown impact, conduct an audit of the extent of the exposure to ash and develop an action plan to remove ash from all affected houses.

Council has recommended that the State implement all 12 recommendations contained in the Hazelwood Mine Fire Inquiry Report Volume 3.

10.1 POTENTIAL SALE OF FORMER MOE EARLY LEARNING CENTRE AT 38 FOWLER STREET MOE

General Manager

Corporate Services

For Decision

PURPOSE

This report provides Council with the opportunity to further consider the potential sale of the former Moe Early Learning Centre (MELC) at 38 Fowler Street Moe.

EXECUTIVE SUMMARY

At its meeting of 7 December 2015, Council resolved to give public notice of its intention to consider the sale of the former MELC and invite written submissions to be considered at the Ordinary Council Meeting to be held Monday, 21 March 2016.

In accordance with the Council resolution, Council gave public notice inviting submissions. As no submissions were received, it is now appropriate for Council to determine if the former MELC is surplus to both community and Council and proceed with the potential sale.

Council is required to comply with the *Local Government Act 1989*, the Local Government Best Practice Guideline for the Sale, Exchange and Transfer of Land and Council's Sale of Land Policy, to proceed with the sale of this land.

MOTION

Moved: Cr Gibson

Seconded: Cr Gibbons

That Council:

1. **Having complied with sections 189 and 223 of the *Local Government Act 1989* by:

 - a. **Giving public notice of its intention to consider the sale of the former Moe Early Learning Centre at 38 Fowler Street Moe, being Lot 1 on Title Plan 549920F, contained in Certificate of Title Volume 8654 Folio 639;**
 - b. **Providing an opportunity to those who have requested to be heard at Council's Ordinary Meeting of 21 March 2016;**
 - c. **Noting no submissions were received;****
2. **In accordance with the Sale of Council Owned Property Policy, forms the opinion that the former Moe Early Learning Centre**

**ORDINARY COUNCIL MEETING MINUTES

is surplus to both community and Council requirements.

3. Resolves to sell the former Moe Early Learning Centre at 38 Fowler Street Moe, being Lot 1 on Title Plan 549920F, contained in Certificate of Title Volume 8654 Folio 639.
4. Authorise the Chief Executive Officer or nominated representative:
 - a. to prepare the former Moe Early Learning Centre at 38 Fowler Street Moe, being Lot 1 on Title Plan 549920F, contained in Certificate of Title Volume 8654 Folio 639 for sale;
 - b. to appoint selling agent/s;
 - c. to determine the desired sale price based on an independent valuation;
 - d. in consultation with the selling agent/s, determine the preferred method of sale for the former Moe Early Learning Centre at 38 Fowler Street Moe in accordance with Council policy.
5. Obtain a current valuation.
6. Authorise the Chief Executive Officer to enter into a Contract of Sale and, when prepared, sign and seal a Transfer of Land document allowing the transfer of the former Moe Early Learning Centre at 38 Fowler Street Moe.

DECLARATION OF INTEREST

No officer declared a conflict of interest under the *Local Government Act 1989* in the preparation of this report.

STRATEGIC FRAMEWORK

This report is consistent with Latrobe 2026: The Community Vision for Latrobe Valley and the Latrobe City Council Plan 2013-2017.

Latrobe 2026: The Community Vision for Latrobe Valley

Strategic Objectives - Governance

In 2026, Latrobe Valley has a reputation for conscientious leadership and governance, strengthened by an informed and engaged community, committed to enriching local decision making.

Latrobe City Council Plan 2013 - 2017

Theme and Objectives

Theme 3: Efficient, effective and accountable governance

Legislation

Section 189 of the *Local Government Act 1989* gives Council the power to sell land, however, prior to doing so it must:

- (a) ensure that public notice of the intention to do so is given at least 4 weeks prior to selling or exchanging the land; and
- (b) Obtain from a person who holds qualifications or experience specified under section 13DA(2) of the *Valuation of Land Act 1960* a valuation of the land which is made not more than 6 months prior to the sale or exchange.

This power is subject to Section 223 of the *Local Government Act 1989*, which requires Council 'publish a public notice stating that submissions in respect of the matter specified in the public notice will be considered in accordance with this section'.

Council must then consider any written submissions that have been received and any person who has made a submission and requested they may be heard are entitled to appear before a meeting of Council.

Policy – Sale of Council Owned Property Policy 11 POL-4

The principal aim of this policy is to define the circumstances and factors that will be assessed by Council in respect to the sale of Council owned property. The purpose of this policy is to serve as an accountability mechanism to the community.

It is Council's preference that the sale of Council owned property would be via public auction unless circumstances exist that justify an alternative method of sale.

All sales of Council owned property must be consistent with the Local Government Best Practice Guideline for the Sale, Exchange and Transfer of Land prepared by the Department of Planning and Community Development.

BACKGROUND

The future of the former Moe Early Learning Centre (MELC) has been under discussion since December 2011 and has been the subject of a number of Council reports and resolutions. These Council decisions are summarised:

ORDINARY COUNCIL MEETING MINUTES 21 MARCH 2016 (CM479)

<i>Council Meeting</i>	<i>Resolution</i>
5 December 2011	Council resolved to give public notice of its intention to consider the sale of the former MELC and invite public submissions.
4 June 2012	Council resolved the former MELC was surplus to both community and Council requirements and to sell to Latrobe Health Services.
3 December 2012 (items closed to the public)	Council resolved to retain ownership of the former MELC for use as a community organisation centre providing office accommodation, meeting and storage space in recognition of community need.
At the 6 May 2013 Council Meeting (item closed to the public)	<p>Council resolved that a community engagement process be undertaken to inform a potential expression of interest for funding from the state government's <i>Putting Locals First Program</i> to redevelop the former MELC as a centre for community organisations.</p> <p>Following this Council resolution, community consultation was undertaken with the results of this consultation used to develop an expression of interest for funding. An application for \$400,000 was submitted on 4 June 2014 to the state government's <i>Putting Locals First Program</i>. In October 2014 Council received advice that its funding application had been unsuccessful</p>
At the meeting of 15 December 2014 (items closed to the public)	Council resolved in part to proceed with the sale of the former MELC site at 38 Fowler Street Moe.

In February 2015 representatives of the Gunia Ldj Child Care Centre contacted Council officers regarding the temporary occupation of the former MELC whilst the Gunia Ldj Child Care Centre located in Morwell underwent renovations for an initial term of eight weeks.

The sale of the property was temporarily placed on hold due to Gunia Ldj Child Care Centre occupying the former MELC. As the Gunia Ldj Child Care Centre's renovations took longer than anticipated the Child Care Centre did not vacate the former MELC until August 2015.

ORDINARY COUNCIL MEETING MINUTES 21 MARCH 2016 (CM479)

More recently, at the meeting of 7 December 2015, Council pursuant to sections 189 and 223 of the Local Government Act 1989 resolved to:

1. *Give public notice of its intention to consider the sale of the former Moe Early Learning Centre at 38 Fowler Street Moe, being Lot 1 on Title Plan 549920F, contained in Certificate of Title Volume 8654 Folio 639, and invite written submissions;*
2. *Consider any submission received regarding the proposed sale of the former Moe Early Learning Centre at 38 Fowler Street Moe, being Lot 1 on Title Plan 549920F, contained in Certificate of Title Volume 8654 Folio 639, at the Ordinary Council Meeting to be held Monday 21 March 2016.*

KEY POINTS/ISSUES

As Council has not received any written submissions in respect to its intention to sell the former MELC it is now appropriate for Council to determine if the former MELC is surplus to both community and Council requirements and consider the potential sale. Council currently values the property at a Capital Improved Value of \$292,000. This should not be interpreted as a potential market value to a willing purchaser.

If sold there would be no ongoing maintenance or running costs associated with the former MELC.

No other Council functions have been identified to use this building.

RISK IMPLICATIONS

Risk has been considered as part of this report and it is considered to be consistent with the Risk Management framework.

There is an inherent risk in owning a vacant building, the building appearance may deteriorate and it can become the target of repeated vandalism attacks.

FINANCIAL AND RESOURCES IMPLICATIONS

It will be necessary to obtain a market valuation from an independent valuer. This figure will be used to determine the sale price of the property. Council would also incur legal costs associated with the transfer of the property.

In the event that Council retains ownership, ongoing operational and overhead costs will continue to be incurred. These costs include electricity, water and sewerage connection costs, daily security patrols, building and ground maintenance.

To return the building to a level that would allow its use as office space would total approximately \$159,000, as detailed in the report considered by Council at its meeting held on 4 June 2012. These costs will have increased since this initial costing was provided.

ORDINARY COUNCIL MEETING MINUTES 21 MARCH 2016 (CM479)

Public comment on the proposed sale of land were sought via the following methods:

- Public notices in the Latrobe Valley Express
- Notice displayed at Council's Corporate Headquarters and Moe Service Centre
- Details placed on the Latrobe City Council website.
- Letter sent to Latrobe Community Health Service as adjoining landowner who had previously expressed an interest in acquiring the property.

Details of Community Consultation / Results of Engagement:

In accordance with Section 223 of the *Local Government Act 1989* any submissions that are received regarding this matter will be referred for consideration at a future meeting of Council.

As Council has not received any written submissions in respect to its intention to consider the sale of the former MELC it is now appropriate for Council to determine that the former MELC is surplus to community and Council's requirements and consider the potential sale.

OPTIONS

The following options are available to Council:

1. Invite expressions of interest from registered real estate agent/s to determine the sale price based on an independent valuation and in consultation with the selling agent/s determine the preferred method of sale for the former MELC.
2. Not proceed with the sale of the former MELC at 38 Fowler Street, Moe and retain ownership of this property.

CONCLUSION

Section 189 of the *Local Government Act 1989* requires Council to give public notice of its intention to sell a property, invite submissions and consider any received at a future Council Meeting to determine whether the property is surplus to Council's and the community's requirements.

Council initially resolved to give public notice of its intention to sell the former MELC in December 2011. As four years have passed, Council considered it necessary to again give public notice of its intention to sell the property and invite public comment on the proposal.

Attached for information is a copy of the Certificate of Title and Title Plan for the property.

**10.2 PROPOSED ROAD DISCONTINUANCE - CRAIGBURN PLACE,
TRARALGON EAST**

General Manager

Corporate Services

For Decision

PURPOSE

This report further considers a request from SMEC Australia, on behalf of AGL Loy Yang Pty Ltd, for Council to undertake the statutory process to discontinue part of Craighburn Place, Traralgon East.

EXECUTIVE SUMMARY

Council has received a request from SMEC Australia, on behalf of AGL Loy Yang Pty Ltd, requesting that Council discontinue and transfer part of Craighburn Place, Traralgon East.

This road reserve was formerly part of the Hyland Highway (also known as Traralgon-Yarram or Yarram-Traralgon Road) however its classification as a state highway was rescinded by VicRoads in 2004 and it subsequently became a local unclassified road which is the responsibility of Council.

Having undertaken further consultation with the adjoining landowners and AGL Loy Yang Pty Ltd and having received additional submissions regarding the proposal from two of the adjoining landowners, Council may now determine if this section of Craighburn Place is to be discontinued and transferred, or retained for future use.

MOTION

Moved: Cr Harriman
Seconded: Cr White

That Council:

- 1. Having considered submissions received, resolves to retain the section of Craighburn Place, Traralgon East, south of the existing gate;**
- 2. Authorises the Chief Executive Officer to enter into licence agreements with adjoining property owners to allow their use of the road and clarify their responsibilities; and**
- 3. Advises AGL Loy Yang Pty Ltd and the adjoining property owners of its decision.**

Strategic Direction – To provide open, transparent and accountable governance.

Legislation

Local Government Act 1989

Section 206 and Schedule 10 Clause 3 of the *Local Government Act 1989* gives Council the power to discontinue roads:

“A Council may, in addition to any power given to it by Sections 43 and 44 of the *Planning and Environment Act 1987*-

- (i) discontinue a road, or part of a road, by a notice published in the Government Gazette; and
- (ii) sell the land from that road (if it is not Crown land), transfer the land to the Crown or itself or retain the land.”

This power is subject to Section 223 of the *Local Government Act 1989* which requires Council “publish a public notice stating that submissions in respect of the matter specified in the public notice will be considered in accordance with this section”.

Council must then consider any submissions that have been received and any person who has made a submission and requested they be heard are entitled to appear before a meeting of Council.

Policy – Council has not adopted a policy relating to the discontinuance of roads.

BACKGROUND

Craigburn Place originally formed part of the Traralgon-Yarram Road, or Yarram-Traralgon Road, until its classification as a state highway was rescinded by VicRoads via a notice in the Victoria Government Gazette on 25 March 2004. This rescission made the road a local unclassified road and a municipal road under the care and management of Council.

ORDINARY COUNCIL MEETING MINUTES 21 MARCH 2016 (CM479)

Council currently maintains the first 660 metres of Craighburn Place from Shakespeare Street to an existing gate installed by AGL Loy Yang Pty Ltd and it is listed as a sealed access road on Council's Public Road Register.

There are three properties that utilise Craighburn Place for access (50 Stuart Street, 60 Craighburn Place and 65 Craighburn Place). Access is before the existing gate. The segment of road reserve south of the gate is the section of road that is subject to the AGL Application to be discontinued and transferred, refer Attachment 1.

Council originally considered this matter at its meeting held on 26 October 2015 where it was resolved:

That Council:

1. *In accordance with Schedule 10 Clause 3 and Section 223 of the Local Government Act 1989 (Act), authorise the commencement of the statutory procedures relating to Council's intention to discontinue and sell by private treaty part of Craighburn Place, Traralgon East, (subject land) by giving public notice of the proposal in the Latrobe Valley Express.*
2. *Receives written submissions and hear submissions on the proposal to discontinue and transfer the subject land from persons who have made a written request to be heard in person or by a party representing them as specified in their submission in accordance with the Act, at its Ordinary Meeting of Council on Monday, 7 December 2015.*

Council considered a submission received from the owner of 65 Craighburn Place at its meeting held on 7 December 2015 and resolved the following:

That Council:

1. *Having complied with Section 206, Schedule 10 and Section 223 of the Local Government Act 1989:*
 - a) *By giving public notice;*
 - b) *By considering submissions that have been received;**forms the opinion that the section of road reserve is no longer required for public traffic and resolves to discontinue part of Craighburn Place, Traralgon East and publish a notice in the Government Gazette;*
2. *Resolves to transfer the land to AGL Loy Yang Pty Ltd by private treaty at a purchase price to be determined by an independent valuation;*
3. *Authorises the Chief Executive Officer to sign and seal a Transfer of Land document for the transfer of the section of discontinued road reserve to AGL Loy Yang Pty Ltd;*
4. *Advises AGL Loy Yang Pty Ltd of its decision.*

A Notice of Rescission was received during the meeting and the Council Resolution was held in abeyance subject to Council considering the Notice of Rescission which Council Carried Unanimously at its meeting held on 8 February 2016.

**ORDINARY COUNCIL MEETING MINUTES
21 MARCH 2016 (CM479)****KEY POINTS/ISSUES**

The potential discontinuance and transfer of a section Craighburn Place is again presented for Council consideration.

Following the Council meeting held on 8 February 2016 where the previous resolution to discontinue and transfer part of Craighburn Place was rescinded, Council officers wrote to each of the adjoining property owners and AGL Loy Yang Pty Ltd seeking further comment on the proposal.

As part of this process, the adjoining property owners at 50 Stuart Street, 60 Craighburn Place and 65 Craighburn Place were invited to provide further detail on their requirements for the road reserve to determine if there was any possibility of an outcome that could satisfy the needs of all parties.

In response to this request, two further submissions have been received from the owners of 76 Stuart Street and 65 Craighburn Place requesting that the road not be discontinued.

Furthermore, a discussion was held with a representative of AGL Loy Yang Pty Ltd to determine their position with regard to the proposed road discontinuance and ascertain if a compromise was possible.

Before Council can decide whether to discontinue the section of Craighburn Place road reserve and transfer the land, Council needs to firstly determine if the road is required for public traffic and, secondly, whether the occasional use by the adjoining property owners warrants the road being retained by Council.

As stated previously, this section of Craighburn Place, Traralgon East, south of the locked gate is not currently maintained by Council and is not accessible to the general public. This has been the case for over ten years since VicRoads revoked its status as a state highway and the gate was put in place.

RISK IMPLICATIONS

Risk has been considered as part of this report and it is considered to be consistent with the Risk Management framework.

FINANCIAL AND RESOURCES IMPLICATIONS

Should Council resolve to discontinue this section of Craighburn Place and transfer the land to AGL Loy Yang Pty Ltd it would be sold by private treaty based upon an independent valuation that would be obtained by Council.

Alternatively, the road could be discontinued and transferred at valuation to one or both of the adjoining property owners who benefit from its use. This option has not been explored.

If the road is retained by Council the additional section of Craighburn Place will need to be added to the Public Road Register and maintained to an appropriate standard that will need to be determined. If discontinued, the road reserve would be maintained by AGL Loy Yang Pty Ltd.

ORDINARY COUNCIL MEETING MINUTES 21 MARCH 2016 (CM479)

INTERNAL/EXTERNAL CONSULTATION

Engagement Method Used:

Public comment on the proposed road discontinuance was originally sought via:

- Public notices published in the Latrobe Valley Express on Thursday 5 and Monday 9 November 2015;
- Letters sent to the owners of 60 Craighburn Place, 65 Craighburn Place and 76 Stuart Street, Traralgon East;
- Notice displayed at the corporate headquarters and Traralgon Service Centre, and
- Details placed on the Latrobe City Council website

In response to the public notices and correspondence two verbal enquiries and one formal submission was received regarding the proposed road discontinuance.

Following the Council meeting held on 8 February 2016 where the previous resolution to discontinue and transfer part of Craighburn Place was rescinded, Council officers again wrote to each of the adjoining property owners and AGL Loy Yang Pty Ltd seeking further comment on the proposal.

Details of Community Consultation / Results of Engagement:

In response to the most recent correspondence, two additional submissions have been received from the owners of 76 Stuart Street and 65 Craighburn Place. Council officers have also had a discussion with a representative of AGL Loy Yang Pty Ltd. Copies of both submissions are attached for the information of Councillors at attachment 2 and 3 of this Report.

The two submissions are summarised as follows:

Submission Summary	Officer Comment
The submission received from the owner of 65 Craighburn Place states that "access to this road is a crucial necessity for all three landowners"	Submission does not provide any specific detail on their need to use the road reserve or why this access is "crucial".
When the gate was erected, Loy Yang Power issued property owners with keys to the gate padlock. AGL have replaced the lock and not issued replacement keys.	AGL Loy Yang Pty Ltd have indicated that, while in the past it was possible to provide adjoining land owners with a key to the gate, current legislative requirements pertaining to security of the mine this is no longer possible.

Submission Summary	Officer Comment
<p>External access to respective property boundaries necessary for weed control in existing road reserve.</p>	<p>A recent inspection has shown that the road reserve beyond the gate does appear to have been maintained with minimal weeds present.</p>
<p>Concerned that “all Traralgon maps and GPS’s say it is Craighburn Place only <u>up to</u> the barricade and then Yarram Road from the barricade to the south.”</p> <p>Motorists still trying to travel to Yarram along the former Yarram Road. Concerned that this may be a problem if it was necessary to call emergency services.</p>	<p>A check of Google Maps displays Craighburn Place from Shakespeare Street to Stuart Street. The road is then shown as Yarram Road beyond this point to the existing gate.</p> <p>VicNames roads database lists Craighburn Place as a registered road name for the section currently maintained by Council. The section of former Traralgon-Yarram Road that was within the Loy Yang Mine Area is not registered on the VicNames Road Database. The section of Traralgon-Yarram Road that is included on the database commences at the southern end of Bartons Lane, Flynn’s Creek.</p> <p>Emergency Services responding to a triple zero call use the VicNames Road Database and mapping system.</p> <p>If the road reserve was discontinued beyond the gate there would not be any impact upon public safety.</p>
<p>The road reserve is required to move hay and cattle between paddocks</p>	<p>A recent inspection has shown that the owner of 76 Stuart Street has a gate from the property directly onto the road reserve and is currently grazing cattle on the road reserve beyond the gate.</p> <p>Whilst the present arrangement may be convenient for the property owner; the movement of hay and stock can be undertaken within the property.</p>

ORDINARY COUNCIL MEETING MINUTES 21 MARCH 2016 (CM479)

Submission Summary	Officer Comment
<p>The road is required to provide access to a Telstra pit that is located in the road reserve.</p>	<p>A recent inspection has confirmed that there are existing Telstra assets on the eastern side of the road reserve and a connection on the western side of the road to 76 Stuart Street.</p> <p>In the event Council was to discontinue the road, Telstra's right title and power to access it's assets would be maintained.</p>

As stated in previous reports, AGL Loy Yang Pty Ltd have made a similar application to the Department of Environment, Land, Water and Planning (DELWP) for the closure and purchase of the former Traralgon-Yarram Road beyond the section that is the responsibility of Council as this is a Government road.

While AGL Loy Yang Pty Ltd remain interested in acquiring the road, if Council were to determine that this section of Craighburn Place is to be retained, AGL have advised that it is their intention to erect a further fence/gate at the southern extent of the Council road once the acquisition of the former Yarram-Traralgon Road has been finalised.

A recent inspection has shown that the properties owned by AGL Loy Yang Pty Ltd that are currently used for grazing may also require access to the road in the future.

Both submissions agree that the location of the current gate has been successful in preventing the road from being used for the dumping of rubbish and that regardless of the outcome the gate should remain in place.

A compromise solution would be for Council to retain this section of the road and allow it to continue to be used by the adjoining property owners and AGL Loy Yang Pty Ltd. This could be achieved by adding an additional padlock on the gate and a key provided to each of property owner on the proviso that they enter into a licence agreement with Council to legitimise their use of the road and clarify their responsibilities.

OPTIONS

Council has the following options:

1. Resolve to discontinue this section of Craighburn Place, Traralgon East, and transfer the land to AGL Loy Yang Pty Ltd at a purchase price based upon an independent valuation.
2. Resolve to discontinue this section of Craighburn Place, Traralgon East, and offer to transfer the land to the adjoining property owners at 60 and 65 Craighburn Place at a purchase price based upon an independent valuation.

**ORDINARY COUNCIL MEETING MINUTES
21 MARCH 2016 (CM479)**

3. Resolve not to discontinue this section of Craighburn Place, Traralgon East, retain the road and enter into licence agreements with each of the adjoining property owners for its use.

CONCLUSION

Whilst the section of Craighburn Place, Traralgon East, requested to be discontinued is not required as part of Council's road network and is not presently maintained by Council, it may be required by the adjoining property owners at 76 Stuart Street and 65 Craighburn Place.

It is therefore recommended that the road reserve be retained and that Council enter into licence agreements with each of the relevant adjoining property owners to legitimise their ongoing use of this section of Craighburn Place and clarify responsibilities with regard to the road.

For Decision

PURPOSE

The purpose of this report is to present Council with submissions received for consideration after the public consultation period for the proposed "Community Amenity Local Law No.2 2015".

EXECUTIVE SUMMARY

This report recommends that Council notes and considers the submissions made in respect to the proposed draft "Community Amenity Local Law No.2 2015" having been resolved to give notice of intention at the Ordinary Council Meeting 7 December 2015. The proposed "Community Amenity Local Law No.2 2015" was drafted in accordance with the guidelines stipulated and published by the Department of Planning and Community Development in the *"Guidelines for Local Laws Manual"*.

The objectives of the draft "Community Amenity Local Law No.2 2015" are to:

- enhance neighbourhood amenity;
- secure community safety;
- protect public assets;
- provide for the peace, order and good government of the municipal district.

The community consultation period commenced on 7 January 2016 and remained open for submission by members of the community until 26 February 2016. During the community consultation period Council received 414 submissions with 88.5% (368) of all submissions objecting to Clause 94 Recreational Vehicles and Vehicle Tracks on Private Property.

RECOMMENDATION

That Council:

1. Notes and considers all submissions received in relation to the proposed draft Community Amenity Local Law No.2 2015.
2. Requests a further report be presented no later than 20 June 2016 that identifies and adopts any changes to the proposed draft Community Amenity Local Law No.2 through consideration of these submissions.

- (2) A local law must not be inconsistent with any Act or regulation.
- (3) A local law is inoperative to the extent that it is inconsistent with any Act or regulation.
- (4) If a planning scheme is in force in the municipal district of a Council, the Council must not make a local law which duplicates or is inconsistent with the planning scheme.

BACKGROUND

At its Ordinary Meeting held on 7 December 2015 Latrobe City Council resolved to release the proposed draft Community Amenity Local Law No. 2 2015 for public consultation in accordance with sections 111 and 119 of the *Local Government Act 1989*.

The purposes of this Local Law are to:

- a) provide for the peace, order and good government of the municipality;
- b) prohibit, regulate and control activities, events, practices or behaviour on Council Land, public places and private property;
- c) protect Council's assets and regulate their use;
- d) enhance the quality of life for residents and visitors to the municipality;
- e) provide for matters which require a Local Law under the *Local Government Act 1989* and any other Acts; and
- f) provide for the administration of Council powers and functions.

KEY POINTS/ISSUES

Section 111 of the *Local Government Act 1989* provides councils with the authority to make local laws. Local laws are designed to assist councils to balance the needs of the individual against the needs of the broader community, but are limited to areas which local councils have jurisdiction (except those dealt with under the planning scheme) and cannot be inconsistent with any other laws (either state or federal).

ORDINARY COUNCIL MEETING MINUTES 21 MARCH 2016 (CM479)

Summary of submissions received:

Proposed Community Amenity Local Law No. 2 – Public Consultation Submissions		
Support	2	0.5%
Object – Clause 94	368	88.5%
Object – Others	45	11%
Total Submissions	414	100%

Of the total 414 submission received 364 (87%) were from residents within Latrobe City Council.

In conjunction with the submissions Latrobe City Council received a petition containing 478 signatories in objection to clause 94 Recreational vehicles and vehicle tracks on private property.

The key issues raised from submissions indicated that a large number of community members are concerned about the future of recreational vehicle use on rural property.

RISK IMPLICATIONS

Risk has been considered as part of this report and it is considered to be consistent with the Risk Management Framework. There is not considered to be any risks associated with this report.

However it is acknowledged that there has been significant feedback with the release of the proposed draft Community Amenity Local Law No.2 2015. Council is required under section 223 of the *Local Government Act 1989* to give consideration to submissions received, which is designed to minimise risks associated with poor consultation.

FINANCIAL AND RESOURCES IMPLICATIONS

Financial:

The cost of reviewing Local Law No. 2 has been absorbed as part of Council's budget.

Resources:

It is anticipated that this project will be managed effectively within current resource allocation.

INTERNAL/EXTERNAL CONSULTATION

External Consultation

Mach 2 Consulting was engaged by Council to assist in the review of Local Law No 2 (2009) by facilitating a consultation process designed to engage the community in the development of regulatory measures.

A key objective of the consultation process was to ensure that the community was provided with an opportunity to contribute to the development of regulatory measures for Latrobe City. Focusing on this objective, a focus group discussion process was undertaken to provide an opportunity for the community and key stakeholders to express their

ORDINARY COUNCIL MEETING MINUTES 21 MARCH 2016 (CM479)

thoughts on key issues relating to the development of Council's Local Laws.

The Focus Group Process

On 3 October 2013 two discussion groups were implemented engaging directly some 14 community members representing a range of community groups. A morning discussion held at Moe attracted four participants and an evening discussion at Morwell engaged 10 participants.

Throughout the discussion process participants were asked a series of questions relating to a number of key issues and challenges for Latrobe City around the review and development of Local Law No. 2. To encourage an informed discussion, participants were provided with background information relating to the issues and the proposed local law.

Project Assurance Group

Internal consultation was conducted through the establishment of a Project Assurance Group; this group was made up of staff from across the organisation that had expertise or an interest in key areas of the local law. The Project assurance group met regularly and provided valuable feedback and detailed information in regards to the review.

Councillor Briefings

- Councillor Briefing – 15 November 2013
- Councillor Briefing - 28 September 2015
- Council Meeting – 07 December 2015

Details of Community Consultation / Results of Engagement:

On 7 January 2016 the community consultation period commenced allowing for members of the community to make their submissions in relation to the local law – in accordance with section 223 of the *Local Government Act 1989*, the consultation period closed at 26 February 2016 at 5 PM after a 7 week consultation period. Notice was published in the Government Gazette on 7 January 2016 – further advertisements published via The Latrobe Valley Express, Social Media and Latrobe City Councils website during this period. TV and Radio interviews via various media channels by senior Council staff were held prior to Christmas 2015 and during the consultation period.

CONCLUSION

The community consultation period has highlighted the concerns of the community, especially in relation to Clause 94 of the proposed Community Amenity Local Law No.2 2015 relating to the use of recreational vehicles on private property. Council should consider the submissions and request a future report containing recommended amendments prior to adopting the proposed Community Amenity Local Law No. 2.

Local Law Community Impact Statement

This Local Law Community Impact Statement is designed to assist the community in understanding the proposed Community Amenity Local Law No. 2, 2015 and its intent.

The objectives of the proposed local law are to:

- enhance neighbourhood amenity;
- secure community safety;
- protect public assets;
- provide for the peace, order and good government of the municipal district.

In 2010, the State Government, through Local Government Victoria, released 'Guidelines for Local Laws Manual', listing new best practice guidelines for the creation and enforcement of Local Laws. The key features of these best practice guidelines are summarised as follows:

- the key aim is to improve accessibility, accountability, compliance, consistency, currency, efficiency, enforceability, necessity, and transparency.
- regulation should be viewed as a last resort, because it imposes a burden of compliance on the community and a burden of enforcement on the council.
- the community should be involved from the commencement of the law-making process, not just at the final formal submissions stage under section 223 of the Local Government Act 1989.
- Local Laws should not allow discretions on the part of those administering/enforcing them without clear guidelines being in place.
- where Local Laws rely on other documents such as Council policies or permit conditions, those documents should be as accessible to the public as the Local Laws and, if necessary, incorporated into the Local Laws.
- councils should produce a Local Law Community Impact Statement for all new or materially altered local laws.

New Clauses.

1. Background

Section 111 of the Local Government Act 1989 provides councils with the authority to make local laws. Local laws are designed to assist councils to balance the needs of the individual against the needs of the broader community, but are limited to areas which local councils have jurisdiction (except those things dealt with under the planning scheme) and cannot be inconsistent with any other laws (either state or federal).

The Local Government Act 1989 allows Council to make local laws to provide for peace, order and good government within the municipal district. Local laws assist Council to meet community expectations by allowing it to manage and respond to a wide range of issues including complaints and the abatement of nuisances.

Latrobe City Council last reviewed Local Law No 2 in 2009, the decision to conduct this review was in response to;

- New State Government (local law development) Guidelines,
- Amended State legislation,
- Inconsistencies and duplications in many existing Local Law provisions,
- Promote greater community interest and ownership.
-

The proposed Community Amenity Local Law No. 2, 2015 is the result of that review. To ensure that the local law provides effective regulation and is consistent with current and future needs of the community all provisions in the existing local law were reviewed and extensive internal and external consultation was conducted including community focus group sessions.

This review and consultation resulted in inconsistencies and duplications being removed from the local law and new provisions been included to regulate matters that could not effectively be regulated by existing laws. While the proposed local law maintains a similarity with those found in most Victorian municipalities, this local laws has been specifically tailored to meet the needs of the Latrobe City community.

2. Existing legislation

In reviewing the local law Council sought where practicable to remove any clauses that relate to matters addressed under existing legislation, a number of clauses in the current local law have been deleted or amended as a result of this approach.

Section 2 provides details in relation to these matters.

3. Overlap / Duplication with Existing Legislation

During the desk top review and project assurance group meeting many areas were identified in the current local law that overlapped or duplicated existing legislation. It is believed that the provisions of the new local law supplement State legislative provisions without duplicating, overlapping or creating any inconsistencies.

4. Overlap with Planning Scheme

Council does not believe that the new local law overlaps or creates any inconsistencies with the Planning Scheme.

5. Risk assessment

A risk assessment approach was undertaken in the early stages of this review, all local law

clauses were subjected to an analyses in relation to possible impacts;

Impacts (risk assessment);

- Protection of amenity.
- Abatement of nuisance.
- Health and safety.
- Prevention of damage.
- Liability of Council.

6. Legislative approaches adopted

The approach adopted in the new local law places a minimum burden on the community. This is evident by the way of:

- Minimum possible number of offence provisions.
- Clear and unambiguous provisions.
- A community engagement and education approach rather than enforcement.
- Wherever possible, provisions for permits rather than prohibition of activities
- Reasonable enforcement procedures including provision for the giving of compliance notices and warnings where appropriate, provision of an internal review process.

7. Restriction of competition

National Competition Policy

In 1996, the Federal Government introduced a National Competition Policy (NCP). This policy aims to ensure that where applicable, competition across and within sectors is fair and balanced. All levels of government are required to comply with this policy and principles it contains. The principles are reproduced below.

Prices oversight of Government Business Enterprises to limit monopoly pricing capacity of public monopolies Competitive Neutrality Policy and Principles to remove any net competitive advantage enjoyed by significant government businesses enterprises by virtue of their public sector ownership Structural Reform of Public Monopolies to introduce greater competition into markets traditionally supplied by public monopolies Legislation Review to review and, where appropriate, reform all legislation and regulation which restricts competition Access to Services provided by means of Significant Infrastructure Facilities to allow third party access to significant infrastructure facilities where required for effective competition in an upstream or downstream market

The new local law does not breach these principles and is considered to be compliant.

8. Penalties

Council considers that the penalties proposed are sufficient to act as a deterrent and to reflect the seriousness of the offences.

9. Permits

The new local law will continue to make use of permits as a means of controlling activities, rather than using prohibition. Council has found that the use of permits is a very effective means of managing activities fairly and reasonably.

10. Fees and Charges

The Local Government Act 1989 and the new Local Law allows Council to set fees and charges annually.

This will be undertaken as part of the budget process.

11. Performance standards / measuring Success

The success of Council's new Local Laws will be monitored and reported annually to the community. The key performance indicators for measuring success will include:

- Number of customer complaints received annually
- The surveyed level of community satisfaction with community safety resulting from the Local Laws
- Number of Local Law breaches detected by Authorised Officers
- Numbers of Compliance notices, Official Warnings and Infringement Notices conducted annually
- Annual number of requests for review of decisions made under Local Laws.

12. Comparison with neighboring and like Councils

The provisions within the proposed Local Law have been compared with the Local Laws of Wellington Shire, Baw Baw Shire, South Gippsland Shire, Greater City of Geelong, City of Ballarat, City of Greater Bendigo, Melbourne City Council, Boroondara City Council, Frankston City Council and Yarra City Council.

The provisions were found to be similar in most cases to the proposed Local Law.

13. Charter of Human Rights

Council conducted a review of its Local Laws in 2009, as a result of the Charter of Human Rights being implemented. In the main that review found the Local Laws to be compliant, however Council adopted some policy and procedure in relation to review of decisions, to ensure that both the spirit and the letter of the Charter were addressed. That policy and procedure has been incorporated into the new Local Laws.

With the inclusion referred to above, Council believes that the new Local Laws appropriately reflect the objectives of the Victorian Charter of Human Rights.

14. Community Consultation

Mach 2 Consulting was engaged by Council to assist the Review of Local Law No 2 (2009) by facilitating a consultation process designed to engage the community in the development of regulatory measures.

In October 2013 two community focus group sessions were held with a key objective to ensure that the community was provided an opportunity to contribute to the development of regulatory measures for Latrobe City. Focusing on this objective, a discussion process was undertaken to provide an opportunity for the community and key stakeholders to express

their thoughts on key issues relating to the development of Council's new local law.

15. Submissions

Council will give public notice of the proposed local law. Section 223 submissions will be considered at a Special Meeting of Council.

Part 2, 3 & 4 – Analysis of new provisions in the proposed Local Law and deleted provisions from previous Local Law.

PART 2 - Deleted clauses

CLAUSE 11 (LL No 2 2009) – REGISTER OF DETERMINATIONS AND GUIDELINES

Purpose - Outlines the use of determinations and guidelines in the local law.

Amendment – Delete Clause.

Comment – Advice for Maddock Solicitors that a register of determinations is not required. The Local Government Act details that guidelines must be incorporated at the time the local law is made or would require an amendment to be incorporated at a later date.

CLAUSE 15 (LL No 2 2009) - TIME TO COMPLY (NOTICE TO COMPLY)

Purpose – Specifies that a Notice to Comply must state the time within by which the situation must be remedied.

Amendment – Delete Clause.

Comment – The provisions of the Clause has been includes into new Clause 15 – Notice to Comply.

CLAUSE 20.1 (LL No, 2 2009) – APPLICATION FOR A PERMIT

Purpose – Stipulates a specific form to be used when applying for a permit.

Amendment – Delete clause.

Comment – This form has been deleted. Forms are developed and amended as required, therefore they cannot be included in the Local Law.

CLAUSE 20.2 (LL No, 2 2009) – APPLICATION FOR A PERMIT

Purpose – The Council may require an applicant to give Public Notice.

Amendment – Delete clause.

Comment – Advice from Maddocks Solicitors, this is a duplication of section 223 of the Local Government Act and therefore not required.

CLAUSE 21 (LL No, 2 2009) – PERMIT MAY BE CONDITIONAL AND CORRECTION RIGHTS

Purpose – Specifies that conditions and corrections can be made to a permit.

Amendment – Delete clause.

Comment – This provision has been included into clause 18 Permits.

CLAUSE 22 (LL No, 2 2009) – ADDITIONAL INFORMATION

Purpose – Provision to allow for additional information to be requested from applicants.

Amendment – Delete clause.

Comment – This provision has been included into clause 18 Permits.

CLAUSE 23 (LL No, 2 2009) – DURATION OF PERMITS

Purpose – Sets a Permit expiry date of 30 June.

Amendment – Delete clause.

Comment – Amendment to Clause 18.7. A Permit now expires 1 year after the date of issue or the date specifically stated in the Permit.

CLAUSE 33 (LL NO 2 2009) – NOTICE TO COMPLY

Purpose – This clause give the power to issue a Notice to Comply for Clause 32.

Amendment – Delete clause.

Comment – The power to issue a Notice to Comply is included in Clause 10.

CLAUSE 35 (LL NO 2 2009) – FENCES NOT TO CAUSE AN OBSTRUCTION

Purpose – This clause regulated property fence heights and obstructions caused by such fences at intersections.

Amendment – Delete clause.

Comment – This clause is a Duplication of Section 427 of the Building Regulation 2006

CLAUSE 35.2 (LL NO 2 2009) – FENCES NOT TO CAUSE AN OBSTRUCTION

Purpose – A person must not allow any fence or part thereof the cause and obstruction.

Amendment – Delete clause.

Comment – This is a Duplication of Clause 34.2.

CLAUSE 36 (LL NO 2 2009) – NOTICE TO COMPLY

Purpose – This clause give the power to issue a Notice to Comply for Clause 35 and 36.

Amendment – Delete clause.

Comment – The power to issue a Notice to Comply is included in Clause 10.

CLAUSE 37.2 (LL NO 2 2009) – CONSIDERING THE ALLOCATION OF ANY NAME TO A ROAD

Purpose – This clause requires Council to consider any standards and the Geographic Place Names Act 1998 before allowing the use of a road name.

Amendment – Delete clause.

Comment – This Clause is a duplication of Schedule 10 of the Local Government Act 1989 and requirement under the Geographic Place Names Act 1998.

CLAUSE 39 (LL NO 2 2009) – PROPERTIES NOT DISPLAYING NUMBERS

Purpose – This clause allows a Notice to Comply to be issued for non-compliance relating to house numbering provisions.

Amendment – Delete clause.

Comment – The power to issue a Notice to Comply is now included in Clause 10.

CLAUSE 40 (LL NO 2 2009) – CHANGES TO ROAD NAMES

Purpose – This clause give Council the power to approve road names changes.

Amendment – Delete clause 40.

Comment – This clause is not required as it duplicates Schedule 10 (5) of the Local Government Act.

CLAUSE 41 (LL NO 2 2009) – RECORD OF ROAD NAMES

Purpose – This clause requires Council to keep a record of all road names and name changes agreed to by the Council and must accurately record the names, locations and the dates the changes became operative.

Amendment – Delete clause.

Comment – This clause is not required as it duplicates Schedule 10 (5) of the Local Government Act.

CLAUSE 42 (LL NO 2 2009) – ADVICE TO GEOGRAPHIC NAMES REGISTER

Purpose – This clause requires Council to advise the Register of Geographic Names of any action by Council to approve, assign or change the name of a road.

Amendment – Delete clause.

Comment – This clause is not required as it duplicates Schedule 10 (5) of the Local Government Act.

CLAUSE 43 (LL NO 2 2009) – ADVICE TO OTHER ORGANISATIONS

Purpose – This clause requires Council to notify every authority supplying water, gas, electricity, postal services, telephone services, the State Land Tax Office, the

Commonwealth Electoral Office and any other relevant authority as required by Clause 4.4.2 of the Guidelines for Geographic Names.

Amendment – Delete clause.

Comment – This clause is not required as it duplicates Schedule 10 (5) of the Local Government Act.

CLAUSE 44.3 (LL No, 2 2009) – A VEHICLE CROSSING IS REQUIRED

Purpose – Power for an authorised officer to issue a notice to comply.

Amendment – Delete clause.

Comment – Notice to Comply provisions are now included in Part 3 Notice to Comply.

DIVISION 4 (LL NO 2 2009) - FENCES TO CONTAIN ANIMALS

CLAUSE 48 (LL NO 2 2009) – FENCES TO CONTAIN LIVESTOCK

Purpose – Requires the owners or occupiers of land use for the grazing of livestock to fence the land adequately to prevent the animals from straying onto any adjacent road.

Amendment – Delete Division 4 and Clause 48.

Comment – This clause is not required as it duplicates section 16A & 16B of the Impounding of Livestock Act.

CLAUSE 49 (LL NO 2 2009) – NOTICE TO COMPLY

Purpose – This clause gave power to issue a Notice to Comply for Clause 48.

Amendment – Delete clause.

Comment – Clause 48 has been deleted and the power to issue a Notice to Comply is now included in Clause 10.

CLAUSE 50-54 (LL NO 2 2009) – PROHIBITION OF VEHICLES LIKELY TO DAMAGE THE ROAD

Purpose – Specify classes of vehicles prohibited from using roads.

Amendment – Delete clause.

Comment – Clause 50-54 is a duplication of Road Management Act.

CLAUSE 55 (LL No, 2 2009) – LIVESTOCK DRIVING IN THE MUNICIPAL DISTRICT

Purpose – Permit required to drive livestock.

Amendment – Delete clause.

Comment – Amended into See Clause 37.

CLAUSE 56 (LL No, 2 2009) – FORM OF APPLICATION

Purpose – Specified the form of application to be used.

Amendment – Delete clause.

Comment – Application forms are no longer prescribed in the Local law.

CLAUSE 57 (LL NO 2 2009) - FORM OF PERMITS

Purpose – Before issuing a Permit to Drive Livestock Council must consider guidelines and standard.

Amendment – Delete Clause.

Comment – The information contained in this clause has been included in Clause 56.

CLAUSE 58 (LL No, 2 2009) – SPECIFIED ROADS

Purpose – Allows a permit condition to be varied.

Amendment – Delete clause.

Comment – No longer required, this would need a permit variation in clause 20.

CLAUSE 59 (LL No, 2 2009) – DEPARTURE FROM ROUTE

Purpose – Allows a permit condition to be varied.

Amendment – Delete clause.

Comment – No longer required, this would need a permit variation in clause 20.

CLAUSE 60 (LL No, 2 2009) – TIME FOR DRIVING LIVESTOCK

Purpose – Requires that permit conditions be adhered to.

Amendment – Delete clause.

Comment – Not required detailed in clause 21.1 (d)

CLAUSE 62 (LL NO 2 2009) - CURRENCY OF PERMIT

Purpose – Specifies the expiry date for a Driving of Livestock Permit.

Amendment – Delete Clause.

Comment – The information contained in this clause is a duplication of Clause 22 -
DURATION OF PERMITS.

CLAUSE 64 (LL No, 2 2009) – POWER TO IMPOUND LIVESTOCK

Purpose – Power to impound livestock.

Amendment – Delete clause.

Comment – Inconsistent with the Impounding of Livestock Act 1994

CLAUSE 66 (LL NO 2 2009) - RESPONSIBILITY OF APPLICANT

Purpose – Allows an authorised officer to require an applicant to make a declaration to the effect that the livestock are fit, healthy and free from disease and able to travel.

Amendment – Delete Clause 66

Comment – This Clause is no longer required as the provisions of the Livestock Disease Control Act 1994 and Prevention of Cruelty to Animals Act 1986 place a responsibility on the livestock owner.

CLAUSE 68- PERMITS CONDITIONS TEMPORARY OUTDOOR EATING FACILITY

Purpose – To specify permit conditions applicable to the establishment of a temporary outdoor eating facility.

Amendment – Delete clause.

Comment – To include conditions of use as currently detailed on issued permits.

CLAUSE 69 (LL No, 2 2009) – USE OF TOY VEHICLES/WHEELED RECREATION DEVICE

Part 4 - New Clauses

PART 3 - CLAUSE 14 – POWER OF AUTHORISED OFFICER TO DIRECT

Purpose – Prescribe a process for *Authorised Officers* to follow when issuing a *Notice to Comply* in relation to local law offences. This allows an *Authorised Officers* to issue and direct a formal corrective requirement in addition or as an alternative to legal action; specifying work to be undertaken and/or a behavior to be corrected to remedy a breach.

Amendment – New Clause 14 - An *Authorised Officer* may issue a person with a notice to comply if the *Authorised Officer* believes on reasonable grounds that the person has committed an offence under this local law or direct any property owner, occupier or other relevant person to remedy any situation which constitutes a breach under this Local Law.

A notice issued under this section must set out the following details—

- (a) the offence that the authorised officer believes has been committed; and
- (b) the action that the person is required to undertake; and
- (c) the time within which the specified action must be taken.

This is a new part to this local law removing the need list individually clauses where a notice to comply can be used.

Comment – This approach is consistent with State legislation having a stand alone authorising provision allowing an Authorised Officer to take a proactive approach to remedy situations.

CLAUSE 18 – PERMITS

Amendment – New clause.

Comment – Incorporates old clauses 21, 22 & 23

PART 1 PRELIMINARY PROVISIONS

1. TITLE

This Local Law is Latrobe City Council's Local Law No. 2 and referred to below as "this

Local Law".

2. PURPOSES OF THIS LOCAL LAW

The purposes of this Local Law are to:

- (a) provide for the peace, order and good government of the municipal district;
- (b) prohibit, regulate and control activities, events, practices or behaviour in public places so that no detriment is caused to the amenity of the neighbourhood, nor nuisance to a Person nor detrimental effect to a Person's property;
- (c) protect the Council's assets and land and to regulate their use;
- (d) promote a physical and social environment free from hazards to health in which the residents of the municipal district can enjoy a quality of life that meets the general expectations of the community;
- (e) provide for those matters which require a Local Law under the Act and any other Act; and
- (f) provide for the administration of Council powers and functions.

3. THE POWER TO MAKE THIS LOCAL LAW

The Council's power to make this Local Law is contained in section 111 (1) of the Local Government Act 1989.

4. COMMENCEMENT DATE OF THIS LOCAL LAW

This Local Law commences on the day following the Local Law being gazetted in the Victoria Government Gazette.

5. REVOCATION DATE OF THIS LOCAL LAW

Unless sooner revoked, this Local Law ceases to operate 10 years after the date on which it is made.

6. REVOCATION OF OTHER LOCAL LAWS

Upon this Local Law commencing, the application of the former Local Law No 2 will cease.

7. SCOPE OF THIS LOCAL LAW

This Local Law applies to the whole of the Municipal District, except where it is apparent from its wording that a clause or schedule applies to specific area or areas. Its provisions apply to the extent that they are not inconsistent with any Act, Regulation or Planning Scheme applicable to the Council or to its Municipal District.

8. HOW TO READ THIS LOCAL LAW

8.1 INTERPRETATION OF THIS LOCAL LAW

In this Local Law, unless the contrary intention appears:

- (a) a reference to a clause is a reference to a clause in this Local Law; and

PART 2 ADMINISTRATION OF THIS LOCAL LAW

10. EXERCISE OF DISCRETIONS

- 10.1 In exercising any discretion contained in this Local Law the Council must have regard to:
- (a) the purposes of this Local Law; and
 - (b) any applicable Council Policy; and
 - (c) any other relevant matter.
- 10.2 (a) The Council may from time to time prepare guidelines for use by the Council, authorised officers and other persons for the purposes of this Local Law.
- (b) Guidelines prepared by the Council must not be inconsistent with the purposes of this Local Law.
- (c) Any guidelines prepared cannot change or update a Local Law provision without the Local Law being amended and the guideline being incorporated by reference.

11. POWER TO OBTAIN NECESSARY INFORMATION LGA224

The Council or an authorised officer may require additional information to enable an application for a permit to be properly considered and for the purposes of administering and enforcing the provisions of this Local Law.

12. IMPOUNDMENT, RELEASE AND DISPOSAL OF ITEMS

- 12.1 If an authorised officer has impounded an item or other thing in accordance with this Local Law, the Council may refuse to release it until the appropriate fee or charge for its release has been paid to the Council.
- 12.2 Any impounded item must be returned to the owner after:
- (a) payment of any fees, as determined from time to time by the Council, have been paid in full; and
 - (b) evidence of ownership is provided to the satisfaction of the Council or an authorised officer.
- 12.3 As soon as practicable after the impoundment of any item an authorised officer must, if the identity of the person who owns the item can be determined, serve a Notice of Impounding on that person.
- 12.4 Any impounded item may be disposed of by an authorised officer if it is not claimed by the owner within the time specified on the Notice of Impounding or within 14 days of the impounding in a case where the owner cannot be ascertained.

The procedure for the disposal of impounded items is as follows:

- (a) Where the item is declared by a Senior Officer or another member of the Council's staff authorised for the purpose to have no saleable value, it may be disposed of in the most economical way, as determined by the Council; and
- (b) Where the item is declared to have some saleable value the item may be disposed of by tender, public auction or private sale, but failing sale may be given away or disposed of at the discretion of the Senior Officer or other member of the Council's staff.

12.5 When the identity or whereabouts of the owner or person responsible for the impounded item is unknown, the authorised officer must take reasonable steps to ascertain the identity or whereabouts of that person and may proceed to dispose of the impounded item once he or she is satisfied that all reasonable efforts have been made to contact the owner or person responsible for the impounded item.

12.6 Any proceeds from the disposal of impounded items under this Part must be paid to the owner or the person who in the opinion of Council appears to be authorised to receive the money except for the reasonable costs incurred by the Council in the administration of this Part.

12.7 In the event that the person described in sub-clause 12.6 cannot be identified or located within six (6) months of the date of the impounding any proceeds may be retained for municipal purposes.

13. APPEALS

Any person who is aggrieved by any matter under this Local Law may make a written submission for consideration by the Council, but the making of any submission will not in any way remove that person's obligation to act in accordance with this Local Law and any directions or notices which are applicable under this Local Law.

PART 3 NOTICE TO COMPLY

14. POWER OF AUTHORISED OFFICERS TO DIRECT LGA224

An authorised officer may issue a person with a *Notice to Comply* if the authorised officer believes on reasonable grounds that the person has committed an offence under this Local Law or direct any property owner, occupier or other relevant person to remedy any situation which constitutes a breach under this Local Law.

A *Notice to Comply* issued under this clause must set out the following details—

- (a) the offence that the authorised officer believes has been committed; and
- (b) the action that the person is required to undertake; and
- (c) the time within which the specified action must be taken.

15. REASONABLE TIME TO COMPLY

The time fixed by a *Notice to Comply* served under this Local Law must be reasonable in the circumstances and what will be reasonable will vary depending on the matters to be remedied, but should take into account if applicable:

- (a) the amount of work involved; and
- (b) the degree of difficulty; and
- (c) the availability of necessary materials or other necessary items; and
- (d) climatic conditions; and
- (e) the degree of risk or potential risk; and
- (f) any other relevant factor.

16. FAILURE TO ADHERE TO A NOTICE TO COMPLY

16.1 Any person who fails to remedy a situation in accordance with a *Notice to Comply* served under this Local Law is guilty of an offence.

Penalty: 20 Penalty Units.

Infringement Penalty: 5 Penalty Units.

16.2 If a person fails to carry out any work which he or she is required to do by a *Notice to Comply* issued under this Local Law within the time stated in the *Notice to Comply*, the Council in its discretion and wherever practicable may cause the work to be carried out and may recover the cost from that person. **LGA225**

17. POWER OF AUTHORISED OFFICERS TO ACT IN URGENT CIRCUMSTANCES

17.1 An authorised officer may, where a person has failed to comply with this Local Law, take action to remove, remedy or rectify a situation without serving a *Notice to Comply* provided:

- (a) he or she considers the circumstances or situation to be sufficiently urgent and that the time involved or difficulties associated with the serving of a

Notice may place a person, animal, property or thing at risk or in danger;
and

- (b) wherever practicable, a Senior Officer is given prior notice of the proposed action; and
- (c) details of the circumstances and remedying action are forwarded as soon as practicable to the person on whose behalf the action was taken; and
- (d) as soon as practicable a report is submitted to the Chief Executive Officer.

17.2 The action taken by an authorised officer under sub-clause 17.1 must not extend beyond what is necessary to cause the immediate abatement of or minimise the risk or danger involved.

17.3 What is regarded as an urgent circumstance will depend on the circumstances of each situation. Factors to be taken into consideration may include:

- (1) Where:
 - (a) The person by whose default, permission or sufferance the situation has arisen; or
 - (b) the owner or the occupier of the premises or property affected is not known or cannot be found.
- (2) Where, in the opinion of an authorised officer, there exists an urgent risk or threat to:
 - (a) public health; or
 - (b) public safety; or
 - (c) the environment; or
 - (d) animal welfare.

PART 4 PERMITS

18. PERMITS

- 18.1 The Council or an authorised officer in its, his or her absolute discretion may issue a permit under this Local Law with or without conditions, including the payment of any fee the Council may require or may refuse to issue a permit or refer an application to internal review.
- 18.2 The Council or an authorised officer may prescribe:
- (a) the manner and form in which applications for permits under this Local Law should be made;
 - (b) the manner in which any permit under this Local Law should be issued; and
 - (c) the fee for any such permit application.
- 18.3 The Council or an authorised officer may waive payment of any fee for a permit.
- 18.4 The Council or an authorised officer may require the applicant to give notice of the application, including public notice of the application.
- 18.5 If the Council or an authorised officer requires an applicant to give public notice of the application and that public notice is given, any person has the right to make a submission and be heard in support of their submission as if section 223 of the Act applies.
- 18.6 The Council or an authorised officer may require an applicant to provide the Council with more information before the Council or authorised officer deals with the permit application.
- 18.7 Applicants under the age of 18 years require permission from a parent or guardian and must be accompanied by a person 18 years or over.
- 18.8 A permit expires on the date specified in the permit or if no such date is specified the permit will expire 1 year after the date of issue.
- 18.9 A permit under this Local Law may be issued subject to conditions which may include:
- (a) the payment of a fee or charge; and
 - (b) the application of any policy of the Council; and
 - (c) a time limit to be applied either specifying the duration, commencement or completion date; and
 - (d) the permit being subject to the happening of an event; and
 - (e) the rectification, remedying or restoration of a situation or circumstance; and
 - (f) where the applicant is not the owner of the subject property, the consent

of the owner; and

- (g) the granting of some other permit which may be required by the Council, whether under this Local Law or otherwise.

18.10 The Council must maintain a register of permits granted, including details of cancellation or corrections made to any permit or any exemption from a requirement to obtain a permit or conditions applied to that exemption.

19. CONSIDERING APPLICATIONS

19.1 In considering an application for a permit the Council or an authorised officer may consider:

- (a) any policy adopted or guidelines proposed by the Council relating to the subject matter of the application;
- (b) any submission that may be received in respect of the application; and
- (c) any comments that may be made in respect of the application by any public authority, Government department, community organisation or other body or person; and
- (d) any other relevant matters.

19.2 A person who has applied for a permit may appeal in writing to the Council's Appeals Panel against the decision of an authorised officer to refuse to grant a permit within 21 days of being notified of the decision.

20. CORRECTION OF PERMIT

20.1 The Council or an authorised officer may correct or amend a permit issued if the permit contains:

- (a) a clerical mistake or an error arising from any accident, slip or omission; or
- (b) an evident and material miscalculation of figures or any evident and material; or
- (c) a mistake in the description of any person, thing or property referred to in the permit.
- (d) a need for special consideration relevant to the purpose of the Permit.

20.2 The Council or the authorised officer must note the correction in the register of permits.

20.3 The Council or the authorised officer must give notice of the correction to the holder of the permit.

21. GROUNDS FOR CANCELLATION OR AMENDMENT OF PERMITS

- 21.1 The Council or an authorised officer may cancel or amend any permit if he or she considers that there has been:
- (a) a material misstatement, false representation or concealment of facts in relation to the application for a permit; or
 - (b) any material mistake in relation to the use of the permit; or
 - (c) any material change of circumstances which has occurred since the issue of the permit; or
 - (d) a failure to comply with the conditions of the permit; or
 - (e) a failure to comply with a Notice to Comply within the time specified in the Notice to Comply.
- 21.2 The Council or the authorised officer must notify the holder of a permit of the Council's or authorised officer's intention to amend or cancel the permit and give the holder of that permit an opportunity to make a written submission before the permit is amended or cancelled.
- 21.3 If the Council or the authorised officer, after considering any written submission made by the permit holder, determines to cancel or amend the permit, the Council or authorised officer must note that cancellation or amendment in the register of permits.

22. EXEMPTIONS

- 22.1 A person may request the Council to, and the Council may by written notice, exempt any person or class of persons from the requirement to have a permit, either generally or at specified times.
- 22.2 In determining whether to grant an exemption to the requirement to obtain a permit, an authorised officer must, as the delegate of the Council, have regard to:
- (a) the circumstances of the application; and
 - (b) whether the application is to raise funds for community or charitable purposes; and
 - (c) whether the proposed activity or use will have an overall community benefit; and
 - (d) whether the proposed activity or use could have a detrimental effect on adjoining properties; and
 - (e) whether the applicant will be given an unfair advantage over any other person or organisation; and
 - (f) any other matters relevant to the circumstances of the application.

22.3 An exemption may be granted subject to conditions.

22.4 A person to whom an exemption is granted but who does not comply with the conditions of the exemption is guilty of an offence.

Penalty: 20 Penalty Units

Infringement Penalty: 3 Penalty Units.

22.5 An exemption may be cancelled or corrected as if it were a permit.

23. FALSE REPRESENTATIONS

A person who makes a false representation or declaration (whether oral or in writing), or who intentionally omits relevant information in an application for a permit or exemption, is guilty of an offence.

Penalty: 20 Penalty Units

Infringement Penalty: 5 Penalty Units.

24. SERVICE AUTHORITY OR COUNCIL

24.1 This Local Law does not apply to a service authority or Council, or a person employed by or working on behalf of, a Service Authority or Council in respect of works for that Service Authority or Council.

24.2 A person who would, but for this clause, be required to obtain a permit in respect of any activity must notify the Council of the activity prior to its commencement.

PART 5 FEES, CHARGES AND COSTS

25. SETTING FEES AND CHARGES

LGA113

25.1 The Council may from time to time by resolution determine the fees and charges to apply under this Local Law, which may include an administrative or processing fee or charge and the Council must give public notice of its resolutions determining

or altering those fees and charges.

25.2 Where a permit is issued part way through the financial year and is to operate for the balance of that financial year, the Council may vary the normal annual fee or charge by applying a fee or charge which is proportionate to the period for which the permit will apply corrected to the next higher quarter of that year.

26. DIFFERENTIAL OR STRUCTURED FEES AND CHARGES

In determining any fees and charges the Council may establish a system or structure of fees and charges, including a minimum or maximum fee or charge, if it considers it is appropriate to do so.

27. WAIVER OR ALTERATION TO FEES AND CHARGES

LGA113

The Council may waive, reduce or alter any fee or charge with or without conditions.

PART 6 OPERATIVE PROVISIONS

DIVISION 1 - OBSTRUCTIONS TO THE FREE PASSAGE OF PEOPLE AND VEHICLES

28. TREES AND PLANTS NOT TO OBSTRUCT OR OBSCURE

28.1 An owner or occupier of land must not allow any vegetation growing on the land to

obstruct pedestrians by encroaching onto or above:

- (a) a footpath; or
- (b) another part of the road used by pedestrians ("road related area"); or
- (c) a reserve owned or occupied by the Council

to or at a height of less than three (3) metres above the surface of the footpath, road related area or reserve.

Penalty: 10 Penalty Units.

Infringement Penalty: 2 Penalty Units.

28.2 An owner or occupier of land must not allow any tree or plant in or growing on land to obstruct or interfere with the passage of traffic by:

- (a) extending over any part of the road in such a way that it:
 - (i) obstructs the view between vehicles at an intersection; or
 - (ii) obstructs the view between vehicles and pedestrians where they come close to each other; or
 - (iii) obscures a traffic control item from an approaching vehicle or pedestrian; or
 - (iv) obscures street lighting; or
- (b) otherwise constituting a danger to vehicles or pedestrians or compromising the safe and convenient use of the road.

Penalty: 10 Penalty Units.

Infringement Penalty: 2 Penalty Units.

28.3 REQUIREMENTS FOR A CLEAR VIEW AT INTERSECTIONS

Without limiting sub-clause 28.2, the owner or occupier of land must ensure that any tree, shrub or hedge growing on that land and located within 5 metres of an intersection is maintained to a height of not more than 1 metre, except trees with narrow clean trunks with foliage no lower than 2 metres above the ground. This is determined by a triangular area within the property, made up by a line drawn between points 5 metres back from the intersection on each road.

29. FENCES, SIGNS, POSTS, AND OTHER OBJECTS

29.1 An owner or occupier of land must not place or allow to be placed a sign, post or other object on the land in such a position that it causes an obstruction to pedestrians by encroaching onto or above:

- (a) a footpath; or
- (b) another part of the road used by pedestrians; or
- (c) a reserve owned or occupied by the Council.

- 29.2 An owner or occupier of land must not allow or place any fence or part thereof to cause an obstruction to pedestrians or vehicles by encroaching onto a:
- (a) road
 - (b) footpath; or
 - (c) reserve owned or occupied by the Council.

Penalty: 10 Penalty Units.

Infringement Penalty: 2 Penalty Units.

DIVISION 2 – ROAD NAMES AND PROPERTY NUMBERS

30. COUNCIL TO APPROVE ROAD NAMES

- 30.1 A person must not apply a name to a road without the consent of the Council.
- 30.2 A person must not destroy, pull down, obliterate or deface a sign containing the name of any road.

Penalty: 10 Penalty Units.

Infringement Penalty: 2 Penalty Units.

- 30.3 Sub-clause 30.1 does not apply to any freeway or to any supplementary name applied to the entire length of a declared road by Vic Roads.

31. PROPERTY NUMBERS TO BE DISPLAYED

- 31.1 For each property that has been allotted a property number, the owner or occupier of the property must mark the property with the number allotted, which number must be of sufficient size, in such a position, made of such material and kept in such state of repair to be clearly read from the road abutting the property.

Penalty: 10 Penalty Units.

Infringement Penalty: 2 Penalty Units.

31.2 SUFFICIENCY OF SIZE LOCATION AND VISIBILITY OF PROPERTY NUMBERS

The legibility of the property number is to be assessed from the footpath, naturestrip or road edge immediately adjacent to the front boundary of the property. In determining whether a property number meets the requirements of sub-clause 31.1, the following must be taken into account:

- (a) the size of the property number, a minimum of 100mm for residential properties and 200mm for commercial properties; and
- (b) the accuracy and completeness of the property number; and
- (c) the state of repair of the property number having regard to its visibility; and
- (d) the colour of the property number; and
- (e) distinction from its backgrounds; and

- (f) freedom from obstruction.

31.3 COUNCIL MAY ALLOCATE A PROPERTY NUMBER

The Council may, where the owner or occupier of a property does not mark the property with the number allotted, cause the property to be numbered and recover the cost of doing so from the owner or occupier as a debt due to the Council.

32. INCORRECTLY DISPLAYING PROPERTY NUMBERS

A person must not paint, affix or set up any name or number to any premises contrary to the provisions of this Local Law.

Penalty: 10 Penalty Units.

33.1 An owner of land must ensure that each point of vehicular access from a carriageway on a road to the land has a properly constructed vehicle crossing.

Penalty: 10 Penalty Units.

Infringement Penalty: 2 Penalty Units.

33.2 For the purposes of sub-clause 33.1 a vehicle crossing is properly constructed if:

- (a) it was constructed by or in accordance with the terms of an approval by the Council; or
- (b) the Council has approved in writing the method of construction of the particular vehicle crossing.

34. A PERMIT IS REQUIRED

A person must not, without a permit, construct, install, remove or alter a vehicle crossing, whether temporarily or permanently.

Penalty: 10 Penalty Units.

Infringement Penalty: 2 Penalty Units.

35. REDUNDANT VEHICLE CROSSINGS

35.1 Where works on a property involve the relocation or closure of a point of vehicular access, the owner or occupier of the land must ensure that any redundant part of a vehicle crossing is removed and the kerb, drain, footpaths, nature strip or other part of the road is reinstated to the satisfaction of the Council.

35.2 The Council may require the owner or occupier of a property to remove any part of or all of a vehicle crossing for which there is no effective point of vehicle access and to reinstate the road.

35.3 The owner or occupier of the property must comply with any such requirement.

36. VEHICLE CROSSINGS IN DISREPAIR

36.1 Where the Council or an authorised officer is of the opinion that a vehicle crossing is in a state of disrepair or otherwise in an unsatisfactory condition, the Council or authorised officer may require the owner or occupier of a property to carry out works to reinstate the vehicle crossing.

DIVISION 4 – LIVESTOCK ON ROADS

37. DRIVING AND CROSSING OF LIVESTOCK ON ROADS

14.2 PLANNING SCHEME AMENDMENT C89 - 145 TRARALGON MAFFRA ROAD, TRARALGON - CONSIDERATION OF PANEL REPORT

General Manager

City Development

For Decision

PURPOSE

The purpose of this report is for Council to consider the Planning Panel report received for proposed Planning Scheme Amendment C89 and planning permit application and to seek approval to progress the amendment to the next stage.

EXECUTIVE SUMMARY

Amendment C89 proposes to rezone land at part 145 Traralgon – Maffra Road, Traralgon from General Residential Zone Schedule 1 (GRZ1) to Commercial 1 Zone (C1Z), apply maximum leasable floor areas in the Schedule to the C1Z and insert a supporting strategy and amend the Traralgon Structure Plan at Clause 21.05 of Council's Municipal Strategic Statement (MSS). The purpose of the amendment is to allow the site to be developed as a neighbourhood activity centre.

The amendment also includes a combined planning permit application (under s96A of the *Planning and Environment Act 1987*) that would allow the development of a supermarket and shops, two lot subdivision, removal of native vegetation, reduction of the car parking requirement and creation of access to a Road Zone Category 1 (Traralgon – Maffra Road).

A draft Neighbourhood Activity Centre Development Plan (the NAC Development Plan) for the site is also proposed to provide a clear framework for the uses and scale of development that is supported for the site. The draft NAC Development Plan was exhibited as a supporting document to the amendment.

Amendment C89 was placed on public exhibition during the period 16 July 2015 to 7 September 2015. Following public exhibition of the amendment 29 public submissions were received, comprising 22 submissions of support and seven submissions opposed. Six submissions were also received from referral agencies.

At the Ordinary Council Meeting held on 5 October 2015 Council resolved the following;

1. *Having considered all written submissions received to Amendment C89 and draft Planning Permit 2015/113 requests the Minister for Planning establish a planning panel to consider submissions for Amendment C89 and prepare a report.*

ORDINARY COUNCIL MEETING MINUTES 21 MARCH 2016 (CM479)

2. *Advises those persons who made written submissions to Amendment C89 of Council's decision.*

A Planning Panel was appointed to consider all submissions received to Amendment C89. The Planning Panel hearing was held on the 7 and 9 December 2015 at the Traralgon Service Centre.

A Panel Report was received on 2 February 2016. The Panel Report was made available to the public on Friday 12 February 2016.

MOTION

Moved: Cr Gibson
Seconded: Cr White

That Council:

1. **Having considered the Planning Panel report recommendations for Amendment C89 adopts Amendment C89 with changes, in accordance with Section 29 of the *Planning & Environment Act, 1987*.**
2. **Submits Amendment C89 (once adopted) to the Minister for Planning for approval, in accordance with Section 35 of the *Planning and Environment Act 1987*.**
3. **Advises those persons who made written submissions to Amendment C89 of Council's decision.**

Legislation

The provisions of the Latrobe Planning Scheme and the following legislation apply to this amendment:

- *Local Government Act 1989*
- *Planning and Environment Act 1987*
- *Transport Integration Act 2010*

BACKGROUND

A request was received from NBA Group Pty Ltd, on behalf of Stable Property Investments Pty Ltd, to amend the Latrobe Planning Scheme, together with a combined planning permit application, to facilitate the

ORDINARY COUNCIL MEETING MINUTES 21 MARCH 2016 (CM479)

development of a supermarket and shops at part 145 Traralgon-Maffra Road, Traralgon.

The subject land is located on the north-west corner of Traralgon-Maffra Road and Marshalls Road, Traralgon (refer to the Site Context Plan at Attachment 1). It is currently undeveloped and forms part of the Traralgon North Development Plan (TNDP) which is approved by Council on 7 October 2013. The TNDP provides for the development of 118.6ha of land to create approximately 1077 new residential lots. The TNDP identifies the subject site for a potential growth corridor supermarket, subject to further strategic analysis and rezoning. This amendment process provides such analysis and proposed rezoning.

The purpose of the amendment is to allow the development of a neighbourhood activity centre to support Traralgon's growth by providing access to conveniently located retail facilities and services that meet the local convenience needs of the existing and future community in the Traralgon North growth area and surrounds. The proposal would also create approximately 200 new, ongoing employment opportunities and support Traralgon as Latrobe City's primary regional centre.

Specifically, the amendment proposes to:

- Rezone 2.3ha of land on the corner of Traralgon-Maffra Road and Marshalls Road from General Residential Zone Schedule 1 (GRZ1) to Commercial 1 Zone (C1Z);
- Apply maximum leasable floor space areas of 4700sqm for shop and 780sqm for office in the Schedule to the C1Z; and
- Insert a strategy and amend the Traralgon Structure Plan at Clause 21.05 (Main Towns).

While the planning scheme amendment and planning permit application will be assessed as a combined process, the determination of the planning permit for development will be subject to the outcome of the proposed amendment. The permit application is for:

The development of a supermarket and supporting shops and services;

- A two lot subdivision;
- Removal of native vegetation;
- A reduction in the car parking requirement; and
- Creation of access to a Road Zone Category 1 (Traralgon-Maffra Road).

Amendment C89 was placed on public exhibition during the period 16 July 2015 to 7 September 2015 (7 weeks). Following public exhibition 29 public submissions were received, comprising 22 submissions of support and seven submissions opposed. Six submissions were also received from referral agencies.

At the Ordinary Council Meeting on 5 October 2015 Council considered all written submissions to Amendment C89 and resolved to request the

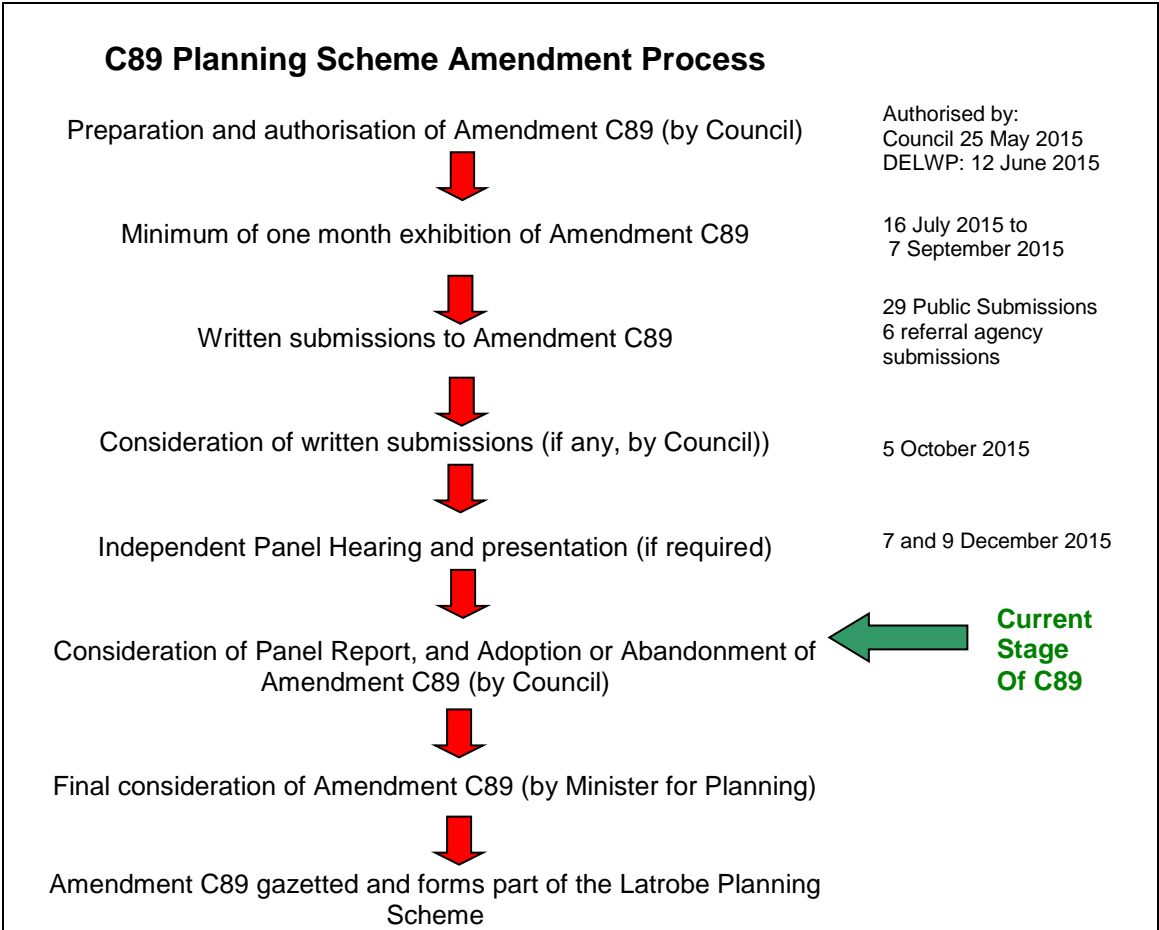

**ORDINARY COUNCIL MEETING MINUTES
21 MARCH 2016 (CM479)**

Minister for Planning to establish a planning panel to consider submissions and prepare a report.

A Planning Panel was held on Monday 7 December and Wednesday 9 December 2015 at the McFarlane Burnett Room, Traralgon Service Centre, Kay Street, Traralgon for all submitters who wished to be heard. The Planning Panel Report was received by Latrobe City Council on 2 February 2016.

Statutory Requirements

The C89 planning scheme amendment process is shown in the figure below and provides an indication of the current stage of C89.

In accordance with the *Planning and Environment Act 1987* (the Act), the municipal council, as a planning authority, has a number of duties and powers. These duties and powers are listed at Section 12 of the Act. Under Section 12 a planning authority must have regard to (*inter alia*):

- The objectives of planning in Victoria;
- The Minister’s directions;
- The Victoria Planning Provisions;
- The Latrobe Planning Scheme;

**ORDINARY COUNCIL MEETING MINUTES
21 MARCH 2016 (CM479)**

Any significant effects which it considers a planning scheme amendment might have on the environment or which it considers the environment might have on any use or development envisaged by the amendment.

Amendment C89 has had regard to Section 12 of the Act and is consistent with the requirements of Section 12. In addition each amendment must address the Department of Environment, Land, Water and Planning's (DELWP) publication *Strategic Assessment Guidelines for Planning Scheme Amendments*. A response to these guidelines is outlined in the attached Explanatory Report, (see Attachment 2).

The proposal is consistent with the State Planning Policy Framework and the Municipal Strategic Statement (MSS). This is also explained in the attached Explanatory Report, (see Attachment 2).

Planning Scheme Amendments

At the 5 October 2015 Ordinary Council Meeting, Council considered all submissions received to Amendment C89 and requested a planning panel be appointed in accordance with Section 22 and 23 of the Act.

Section 27(1) of the Act requires Council to consider the panel's report before deciding whether or not to adopt the amendment. Section 29(1) of the Act enables Council after complying with the relevant sections of the Act, to adopt the amendment or that part with or without changes.

The recommendations of the report are in accordance with section 27(1) and 29(1) of the Act.

INTERNAL/EXTERNAL CONSULTATION

The amendment is subject to the prescribed process in accordance with the public notice and consultation requirements of Section 96C of the Act. This included advertising in the government gazette and local newspapers as well as written notification to landowners and occupiers that may be materially affected by the amendment.

All statutory and servicing authorities (referral agencies) likely to be materially affected have also been notified of the proposed amendment.

An 'open house' community information session was held at the McFarlane Burnett Room in Traraglon on 30 July 2015 between 5.00pm and 7.00pm. Approximately 14 people attended the information session.

Council officers also met with one landowner in the surrounding area for a one on one discussion at the landowner's request.

Public Submissions

Amendment C89 was placed on public exhibition during the period 16 July 2015 to 7 September 2015. During the exhibition period 29 written submissions were received by Latrobe City Council to C89 and these were considered at the Ordinary Council Meeting on 5 October 2015.

**ORDINARY COUNCIL MEETING MINUTES
21 MARCH 2016 (CM479)**

A Directions Hearing was held on 11 November 2015, at McFarlane Burnett Room, Traralgon. The Panel Hearing was then held on Monday 7 December 2015 and Wednesday 9 December 2015 at the McFarlane Burnett Room, Traralgon. All 29 written submissions were considered by the Panel.

Latrobe City Council received the Panel Report on 2 February 2016 and it was made available to the public on 12 February 2016 (Attachment 3).

On 12 February 2016 letters were sent to all submitters advising them of the panel report and inviting all submitters to attend a Public Presentation hearing on 22 February 2016.

At the 22 February 2016 Public Presentations meeting one submitter spoke and lodged a petition regarding the proposed Supermarket. The petition has been assessed against Local Law No. 1 and the petition cannot be accepted as it relates to a Planning Permit Application.

KEY POINTS/ISSUES

The Planning Panel report makes two recommendations for Council consideration.

The Planning Panel report recommends that:

1. *Amendment C89 to the Latrobe Planning Scheme be adopted as exhibited, subject to the Schedule to the Commercial 1 Zone as show in Appendix C to this report.*
2. *Planning Permit 2015/113 be approved subject to the changes as shown in Appendix D to this report.*

The changes made to the Commercial 1 Zone and the Planning Permit 2015/113 were changes as suggested by Latrobe City Council in response to submissions received during the exhibition period. The proposed changes were presented by Latrobe City Council officers at the Direction and Panel Hearing.

In making their recommendations, the Planning Panel considered all submissions made to Amendment C89. The Planning Panel considered the following issues raised in the submissions:

- Planning context
- Population projections and residential demand
- The most appropriate location
- Economic impact of the proposal
- Floor Space caps
- Traffic Issues
- Amenity Issues
- Form and content of the proposed Amendment and permit

All issues raised in the submissions were considered and the Panel concluded that:

ORDINARY COUNCIL MEETING MINUTES 21 MARCH 2016 (CM479)

- *The Amendment is strategically well founded*
- *The provision of a neighbourhood activity centre is justified by the projected population growth expected in the north of Traralgon.*
- *On balance, the subject site is a suitable location for a neighbourhood activity centre. The proposed changes to the Traralgon Structure Plan at Clause 21.05 are appropriate.*
- *Development of the Marshalls Road NAC, including the proposed full-line supermarket, will have a temporary and limited adverse impact on the Traralgon CBD and local centres within its catchment, but that this impact is unlikely to be of a scale that would materially affect the ability of the CBD or the local centres to fulfil their role in the Traralgon retail hierarchy.*
- *There is a net community benefit in approval of the current Amendment.*
- *The proposed floor space caps, as amended are appropriate.*
- *The planning permit should be revised to incorporate the new condition 54 in relation to possible future works at the intersections of the Princes Highway and McNairn Road and the Princes Highway and Traralgon – Maffra Road, as proposed by Council and accepted by the Proponent.*
- *The proposed parking reduction is appropriate*
- *The other conditions proposed in the revised draft planning permit are appropriate.*

In summary, the Panel found that the location and size of the NAC is deemed appropriate to meet the future demands of the Traralgon North area. The impact within the CBD and surrounding areas will be limited. Any traffic or amenity issues are able to be dealt with through conditions on the planning permit. Therefore, the approval of Amendment C89 will provide a net community benefit.

A response to the recommendations provided by the Planning Panel is discussed below.

Changes to Commercial 1 Zone Schedule

The Schedule to the Commercial Zone 1 was exhibited with a maximum leasable floor area (m²) for office at 780m² and a maximum leasable floor area (m²) for shop (other than restricted retail premises) at 4700m² (see Attachment 4).

Following the Directions Hearing on 11 November 2015, the Panel had requested that council officers provide the rationale on the floor space limits as there seemed to be a discrepancy to what was exhibited and what was provided in the Economic Impact Assessment by Marco Plan.

In preparation for the Panel Hearing, it was noted that there was an error in the exhibited documents. An updated Schedule to the Commercial 1 Zone was prepared and provided to correct this discrepancy. The Schedule to the Commercial 1 Zone now shows the maximum leasable

ORDINARY COUNCIL MEETING MINUTES 21 MARCH 2016 (CM479)

floor area (m²) for office at 990m² and a maximum leasable floor area (m²) for shop (other than restricted retail premises) at 4500m² (See Attachment 5).

The Planning Panel supported the proposed change to the Schedule of the Commercial 1 Zone.

Changes to the Planning Permit

In the response to submissions received changes were agreed to be made to the Planning Permit to respond to concerns raised. In particular changes were made to address issues relating to noise, vegetation, traffic, design and mandatory conditions. These changes to the planning permit were presented to the Panel at the Directions Hearing and through Latrobe City Council's submission to the Panel. Table 1 identifies the proposed changes.

Table 1 – Proposed Changes to Planning Permit

Condition	Description of change
Condition 1 – amended	New conditions (a) to (j) inserted. (a) to (h) – clarifications and greater detail to plans (i) – to reflect Developer Contributions within Traralgon North Development Plan as updated in 2015. (j) – Recommended in VicRoads submission (item 1 of submission)
Condition 27 – new	Requires a noise assessment to be undertaken within 6 months of the use commencing demonstrating compliance with SEPP N-1. To strengthen enforcement of Condition 26 in response to submissions regarding noise.
Condition 31 – new Condition 32 – new	Additional conditions relating to native vegetation offsets as recommended in DELWP submission. It is noted that recommended conditions 1, 2 and 3 in DELWP submission are already implemented through Conditions 29 and 30 (previously 28 and 29) with the only difference being some inconsequential wording differences and do not require replacement.
Condition 47 – new	Inserts the mandatory subdivision condition required under Clause 66.01-1 of the Scheme.
Condition 53 – new	Additional condition regarding works and subdivision associated with the arterial road reserve as recommended in VicRoads submission.

As part of VicRoads submission they recommended that a further condition be included which would state that:

The applicant undertakes further traffic analysis (SIDRA) on the intersections of the Princes Highway and McNairn Road and the Princes Highway and Traralgon Maffra Road. As a result of the findings provide any mitigating solutions to ensure no loss of service on the Arterial Road network. This may include, but not be limited to,

ORDINARY COUNCIL MEETING MINUTES 21 MARCH 2016 (CM479)

the requirement to re-phase the signals at these locations. Any associated works will be at no cost to VicRoads.

This recommended condition was not considered to be necessary on the basis of traffic justification from O'Brien Traffic (19 October 2015) that was provided by the proponent. The condition was therefore challenged by Latrobe City Council and the proponent at the Panel Hearing.

At the Panel Hearing, the Panel members requested (without prejudice) that Latrobe City Council officers and the proponent provide an alternate condition that might satisfy the concerns made by VicRoads, but without requiring the developer to do works which are considered outside the nexus of the proposal.

On 16 December 2016, Latrobe City Council officers provided an alternate recommended condition that stated the permit operator must:

- a) *Prior to the commencement of the development, undertake traffic analysis (SIDRA) on the intersections of the Princes Highway and McNairn Road and the Princes Highway and Traralgon-Maffra Road to identify whether any mitigation measures are required to ensure no loss of service on the Arterial Road network based on the increased traffic movement expected as a result of the approved development only.*
- b) *If mitigation measures are required as per (a) above, provide identification of any such costs associated with these works.*
- c) *The cost apportioned to the development in relation to any mitigation measures required must be based on the percentage increase of the traffic movements at maximum levels as per the approved planning permit and endorsed plans (as amended from time to time).*
- d) *The cost apportioned to the development as per (c) above must be provided prior to certificate of occupancy being issued for the supermarket or as otherwise agreed by the responsible authority.*
- e) *The above conditions must be addressed to the satisfaction of the responsible authority in consultation with VicRoads.*

The recommended changes to the Planning Permit as identified by the Panel are in accordance with Table 1 and the alternate recommendation provided by Latrobe City Council.

Council has a responsibility to ensure that any changes to Amendment C89 post panel report do not impinge on *natural justice* rights of the community or result in C89 being *transformed* into a different proposal to that which was exhibited or from what the panel has recommended.

For Amendment C89 to proceed, Council must now consider the recommendations of the Planning Panel and decide whether to adopt Amendment C89 as exhibited, adopt Amendment C89 with changes or abandon the amendment.

Petition

ORDINARY COUNCIL MEETING MINUTES 21 MARCH 2016 (CM479)

A petition was lodged at the 22 February 2016 Public Presentation Meeting and raised the following concerns:

- Issues with noise and pollutions
- Rubbish
- Disrupts the peace and order in the area
- Lower the quality of life for residents
- Concerns property value and property

It is noted that this petition has been assessed against Local Law No. 1 and this petition cannot be considered as it relates to a Planning Permit Application.

The issues raised by the petitioner were also raised in the submitter's objection to Planning Scheme Amendment C89. The submitter also presented these concerns to the Planning Panel for Amendment C89. The Planning Panel considered these issues and are satisfied with how they were addressed through Planning Permit conditions.

It is also noted that the petitioner raised some concerns regarding the use of a car wash at this site. It is noted in the draft NAC Development Plan (Attachment 6) does show the potential for a car wash on one of the pad sites; however this does not form part of this application. Any future use of the pad sites has not been determined and will require a further planning permit application to be lodged.

RISK IMPLICATIONS

Risk has been considered as part of this report and it is considered to be consistent with the Risk Management framework.

Risk to retail uses in the Traralgon CBD has been considered and there is not expected to be a detrimental impact to the viability of retail uses or the role and function of the CBD.

If the proposal does not proceed, there is a risk that the opportunity for the provision of services to the growth area, creation of jobs and economic benefits would be lost.

If the rezoning was to proceed without the Neighbourhood Activity Centre Development Plan endorsed as an addendum to the TNDP, there is a risk that the site could be developed as a larger centre with greater impact on the Traralgon CBD.

Amendment C89 is not significantly transformed from what was exhibited or from what the panel recommend. There is no risk that the Minister for Planning may not support or refuse to approve C89 and require a new planning scheme amendment to be prepared and re-exhibited.

FINANCIAL AND RESOURCES IMPLICATIONS

The prescribed fees for planning scheme amendments are detailed in the *Planning and Environment (Fees) Interim Regulations* 2015. The costs associated with this stage of the planning scheme

**ORDINARY COUNCIL MEETING MINUTES
21 MARCH 2016 (CM479)**

amendment include the fee for the panel report and the fee for the Minister's approval of an amendment if the amendment is adopted by Council.

Statutory fees associated with this proposed amendment will be met by the proponent.

OPTIONS

The options available to Council are as follows:

1. That Council, after considering the Planning Panel report recommendations for Amendment C89, resolves to adopt and submit for approval to the Minister for Planning, Amendment C89 with changes.
or
2. That Council, after considering the Planning Panel report recommendations received for Amendment C89, resolves to abandon the exhibited planning scheme amendment C89 and inform the Minister for Planning.

The recommendation to Council is to support option 1. It should be noted that if Council wish to make substantial changes to C89 or abandon parts of C89, there is a risk that the Minister for Planning may refuse to approve C89 and require a new planning scheme amendment to be prepared and re-exhibited.

CONCLUSION

Amendment C89 proposes to rezone land at part 145 Traralgon – Maffra Road, Traralgon from General Residential Zone Schedule 1 (GRZ1) to Commercial 1 Zone (C1Z), apply maximum leasable floor areas in the Schedule to the C1Z and insert a supporting strategy and amend the Traralgon Structure Plan at Clause 21.05 of Council's Municipal Strategic Statement (MSS). The purpose of the amendment is to allow the site to be developed as a neighbourhood activity centre.

The amendment also includes a combined planning permit application (under s96A of the *Planning and Environment Act 1987*) that would allow the development of a supermarket and shops, two lot subdivision, removal of native vegetation, reduction of the car parking requirement and creation of access to a Road Zone Category 1 (Traralgon – Maffra Road).

The Minister for Planning appointed a Planning Panel to consider all submissions received to Amendment C89. The Planning Panel was held on Monday, 7 December and Wednesday, 9 December 2015.

The Planning Panel report received 2 February 2016. In particular, the Planning Panel report recommends that:

1. *Amendment C89 to the Latrobe Planning Scheme be adopted as exhibited, subject to the Schedule to the Commercial 1 Zone as show in Appendix C to this report.*

**ORDINARY COUNCIL MEETING MINUTES
21 MARCH 2016 (CM479)**

2. *Planning Permit 2015/113 be approved subject to the changes as shown in Appendix D to this report.*

In Summary the Panel recommends that Amendment C89 be supported with changes.

- Notes**
- 1. Site & Surrounds:**
 The subject site is located on the north-eastern edge of the Traralgon Township, approximately 4km away from the town centre. To the north is farming land utilised for grazing, to the north-east is a pocket of rural living, to the east is an industrial estate, to the south is standard residential development and to the west is farming land that has been identified for residential development. Land to the north has recently been granted approval for residential subdivision and an application for subdivision of land to the west is pending.
 Nearby community facilities include a maternal and early learning Centre (Park Lane ~1.5km), Latrobe Regional Hospital (town centre ~4km) and Traralgon Primary School (Liddard Rd ~3km). An aged care facility has also been recently approved by Latrobe City Council on the corner of Park Lane and Marshalls Road (~350m away). A community facility is identified in the Traralgon North Development Plan (TNDP) approximately 650m to the west and a potential supermarket is identified on the south-east corner of the subject site.
 Nearby recreation facilities include Harold Preston Reserve (Franklin Street ~1.7km) which offers soccer, netball, table tennis & little athletic facilities. It is also utilised for Sports Education & Development Australia school holiday programs. A local park with playground and shaded seating area is located 1.3km (via the road network) southwest on Hammersmith Circuit. Additional local parks that offer footpaths, grassed areas and seating are located at Mayfair Court (~1.5km) and Pepperdine Court (~2km). Sanctuary Lake is located 2km south-west and offers an attractive water body, path network and seating.
 Bus Route 45 currently commutes along Marshalls Road & Park Lane. Traralgon & Baimsdale V/Line trains also stop at Traralgon Railway Station and a terminus for V/LOCITY trains with direct access to Melbourne is also available.
 The site itself comprises part of Lot C (which is yet to be formally created). It is vacant and utilised for grazing purposes. A 3m wide Ezzo Easement runs along the eastern boundary. Distant views are available to the surrounding mountain ranges.
 - 2. Vegetation:**
 The area has a long history of grazing and as such comprises mostly of pasture grass. No national or state significant ecological communities have been recorded in the direct area however a patch of Plains Grassy Wetland to the west of the site and a number of scattered indigenous trees are considered to be of high local environmental significance. A single indigenous tree is located on the site. Tree numbers shown hereon correspond to the Flora & Fauna Assessment & Net Gain Analysis, Traralgon North DCP and DP, by Ecology & Heritage Partners.
 - 3. Planning Controls:**
 The subject land is Residential 1 Zone and covered by the Development Plan Overlay - Schedule 7 (DPO7).
 - 4. Aboriginal Cultural Heritage:**
 The land is not considered to be culturally sensitive and as such there is no legislative requirement to prepare a Cultural Heritage Management Plan under the Aboriginal Heritage Act 2006.
 - 5. Opportunities:**

 - To take advantage of undeveloped land located within a developing residential area;
 - To provide a supermarket site in accordance with the Traralgon North Development Plan (TNDP);
 - To increase facilities within the local area and encourage walking to daily activities;
 - To take advantage of existing infrastructure;
 - To provide a quality development that responds to the site and surrounds;
 - To provide landscaped buffers to both Marshalls Road & Traralgon-Maffra Road.
 - 6. Constraints:**

 - Location of significant tree;
 - Location of easements along east boundary.
 - 7. This plan is based on the Plan of Survey and information obtained from a site visit. Building footprints, access ways, footpaths and roads have been determined from the aerial photograph and site visit. This plan is schematic and should be used for the purposes of this site analysis only.**

Planning and Environment Act 1987

LATROBE PLANNING SCHEME

AMENDMENT C89

EXPLANATORY REPORT

Who is the planning authority?

This amendment has been prepared by Latrobe City Council which is the planning authority for this amendment.

The amendment has been prepared at the request of Stable Property Investments Pty Ltd C/- NBA Group Pty Ltd.

Land affected by the amendment

The land affected by the amendment is part 145 Traralgon-Maffra Road, Traralgon. It is located on the north-west corner of Marshalls Road and Traralgon-Maffra Road, shown in Figure 1 below.

The subject land is known as part Lot A on PS729261 and has an area of approximately 2.3ha.

Figure 1: Subject Site

What the amendment does

The amendment seeks to rezone the land from General Residential Zone Schedule 1 (GRZ1) to Commercial 1 Zone (C1Z), apply maximum floor space areas of 4700sqm and 780sqm for shop and office respectively in the Schedule to the C1Z, and insert a strategy and amend the Traralgon Structure Plan at Clause 21.05 to support the development of a neighbourhood activity centre on the site.

The amendment is made under Section 96A of the *Planning and Environment Act 1987* to facilitate consideration of a combined planning permit application for the development of a neighbourhood activity centre including:

- buildings and works associated with the construction of a supermarket and supporting shops;
- a two lot subdivision to create a separate lot for the site;
- removal of native vegetation (one remnant tree);
- a reduction in the car parking requirement;
- creation of access to a Road Zone Category 1.

The proposed Site Plan for the combined permit application is provided at Attachment 1 to this explanatory report. The full set of plans and supporting reports are provided separately.

A draft Traralgon North Neighbourhood Activity Centre Development Plan (the NAC Development Plan) is also proposed as a supporting document to the amendment. The NAC Development Plan would be endorsed under the existing Development Plan Overlay – Schedule 7 (DPO7) as an addendum to the existing Traralgon North Development Plan (TNDP) which covers the site and the surrounding growth area.

Strategic assessment of the amendment**• Why is the amendment required?**

The purpose of the amendment is to allow the site to be developed as a neighbourhood activity centre. The amendment seeks to apply appropriate planning controls to the land which:

- Allows the commercial development of the site under the Commercial 1 Zone;
- Facilitates the development of a neighbourhood activity centre to meet the local convenience needs of the existing and future community in the Traralgon North growth area and surrounds;
- Provides an appropriate level of control over the intended commercial use and development of the land to establish an activity centre that is complementary to the role and function of the Traralgon CBD and other existing centres.

The rezoning is required to allow Council to consider a combined planning permit application for the development of a supermarket and supporting shops and services.

The proposed rezoning from the GRZ1 to the C1Z, including floor space caps, and supporting amendments to the MSS are required in order to achieve the desired future land use outcome of a neighbourhood activity centre.

The amendment furthers the strategic opportunity for the site as identified in the endorsed *Traralgon North Development Plan* (TNDP) which identifies the land as '*potential growth corridor supermarket site (subject to rezoning)*'. The necessary strategic analysis to support the rezoning has been undertaken as part of the amendment process.

- **How does the amendment implement the objectives of planning in Victoria?**

The State Planning Policy Framework seeks to ensure that the objectives of planning in Victoria (as set out in Section 4 of the *Planning and Environment Act 1987*) are fostered through appropriate land use and development planning policies and practices which integrate relevant environmental, social and economic factors in the interests of net community benefit and sustainable development.

The relevant objectives of Section 4 of the Act include (*inter alia*):

S.4(1)(a) to provide for the fair, orderly, economic and sustainable use, and development of land; and

S.4(1)(f) to facilitate development in accordance with the objectives set out in paragraph (a).

The amendment implements the objectives of planning in Victoria by providing for and facilitating the fair, orderly, sustainable and economic development of a neighbourhood activity centre in a strategic location that is highly accessible to the local community. The site also benefits from its location within an undeveloped growth area, allowing the site to be orderly planned to achieve a desirable land use and development outcome.

The amendment will facilitate the development of a supermarket and supporting shops and services, thereby promoting the economic and sustainable use of the land to meet the local convenience needs of the existing and future population.

- **How does the amendment address any environmental, social and economic effects?**

The amendment is expected to have positive social and economic effects for Latrobe City as it will strengthen the role of Traralgon as the municipality's primary service centre. The Commercial 1 Zone will facilitate the development of a supermarket and supporting shops to service the local community. It will provide for additional short and long term employment opportunities, increased retail choice and competition, and an improvement in the quality and proximity of retail services offered to the residents of Traralgon North and the wider area.

The land is currently zoned for residential development and is located within the Traralgon North Development Plan area. Accordingly, urban development has already been contemplated for the site and as such the amendment does not affect the provision of viable farming and is not expected to have any negative environmental impacts.

A detailed Biodiversity Assessment formed part of this application for rezoning. The proposed development of this site necessitates the removal of one scattered tree which is indigenous to the area. An appropriate offset will be sourced for the removal of the remnant indigenous tree, and this development will not result in any net loss in the contribution made by native vegetation to Victoria's biodiversity.

The future buildings under the permit application have been located away from the abutting internal future dwellings, and are buffered by landscaped tree reserves adjacent to the main road abutments to minimise any unreasonable adverse effects on existing and future residents.

The site enjoys a prominent corner location on two main roads. A detailed Traffic Assessment by GTA Traffic Consultants indicated adequate capacity in the surrounding road network, subject to associated roadwork.

The Gippsland Regional Growth Plan seeks to promote the Traralgon area as part of the Latrobe Regional City. The subject land is included as being part of future urban growth (zoned), and adjacent to a large area designated to be investigated as a future urban growth area. The amendment supports the strategic directions for Traralgon in promoting future regional investment and a more diverse and resilient economy.

Figure 2: Gippsland Regional Growth Plan (extract)

Both the Traralgon Structure Plan (2010) currently forming part of the planning scheme (Clause 21.05) and the Traralgon Growth Areas Review (August 2013, adopted by Council in April 2014) identify a future neighbourhood and local activity centre respectively within the 'future residential' area in Traralgon North. The Traralgon North Development Plan (November 2013) provides for a potential growth corridor supermarket site on the subject land subject to further strategic analysis as part of this amendment process.

The Traralgon Growth Areas Review (TGAR) is intended to provide a growth strategy that identifies areas for future urban development around Traralgon, the Traralgon-Morwell Corridor, Glengarry and Tyers up to the year 2051. It recognises the need for access to local shopping facilities, stating (in part):

As new residential areas develop, planning policy requires that they are provided within appropriate access to local shops and to community facilities within a walkable distance. The importance of these principles are underlined within the Latrobe Planning Scheme through the incorporation of the Healthy Design Guidelines, as well as through state planning policy which seeks to increase the sustainability of new

communities by providing access within walkable catchments to a range of services for new residents. In addition the Precinct Structure Planning Guidelines prepared by the Growth Area Authority sets out a series of guidelines for the provision of services and facilities, such as 95% of new dwellings should be within 1km of a supermarket (appropriately sized). While these guidelines have been developed for a metropolitan context they provide a useful tool in assessing the potential location of activity centres provided the local context is considered e.g. the appropriate size for any supermarket within these centres.

Planning Scheme Amendment C87, which has been exhibited and a Planning Panel hearing conducted, proposes to implement the recommendations of TGAR into the scheme. Further discussion on this is provided later in this explanatory report in relation to the MSS.

An Economic Impact Assessment (EIA) has been prepared forming part of the rezoning application, and provides an analysis of the economic and social impacts of the proposal. It notes that some impacts are likely to be experienced by competitive retailers but that these impacts are unlikely to threaten the ongoing viability of any existing retailers. The EIA concludes that the proposal would provide a net community benefit given its key positive impacts including:

- Providing a full-line supermarket for local residents;
- Catering to the increased populations in the trade area;
- Reducing travel time for local residents;
- Additional employment.

A peer review of the EIA was commissioned by Council as part of its assessment of the proposed amendment. The peer review supports the findings of the EIA, notably that the proposal would not cause an unreasonable adverse impact on the role and function of the Traralgon CBD or other centres.

The opportunity for a neighbourhood centre to be developed in the early development stage of the growth area would also provide social benefits by avoiding the time lag in the provision of services that can often accompany greenfield residential growth.

• **Does the amendment address relevant bushfire risk?**

The amendment has considered the relevant bushfire risk. The site is situated within a Bushfire Prone Area, however the site and surrounding area is generally cleared and as such the risk of bushfire is not significant. The area surrounding the site is future residential land and development is expected to commence in the near future. The amendment does not increase the risk to life, property, community infrastructure or the natural environment from bushfire.

The subject land is not affected by the Bushfire Management Overlay.

• **Does the amendment comply with the requirements of any Minister's Direction applicable to the amendment?**

The amendment is consistent with the Minister's Direction on the *Form and Content of Planning Schemes* under section 7(5) of the Act.

The amendment is affected by and complies with, Minister's Direction 11 *Strategic Assessment of Amendments* as set out in this Explanatory Report.

The amendment is affected by and complies with, Minister's Direction 15 *The Planning Scheme Amendment Process* of the *Planning and Environment Act*.

- **How does the amendment support or implement the State Planning Policy Framework (SPPF) and any adopted State Policy?**

The amendment supports the State Planning Policy Framework by providing for the orderly development of the subject land, consistent with the following policies:

Clause 11.01-2 – Activity Centre Planning

The amendment consolidates the role of Traralgon as the primary service centre in the municipality, providing for the establishment of complementary retail uses to support a developing urban precinct that will benefit from economic and transport synergies with the existing centre.

Clause 11.02-3 – Structure Planning

The amendment seeks to give effect to the objectives of the *Traralgon North Development Plan*, which provides the strategic framework for the use and development of land in the area along with the Traralgon Structure Plan and associated documents.

Clause 11.04-3 – Employment Corridors

The amendment will provide for the development of a new retail facility within a growing urban area. It will generate substantial employment opportunities through the construction phase and ongoing operation of additional retail facilities.

Clause 11.05-1 - Regional Settlement Networks

The amendment will provide for sustainable growth and development in accordance with the adopted Traralgon North Development Plan, and the strategic directions of the Gippsland Regional Growth Plan to promote Traralgon as a productive and sustainable regional centre.

Clause 11.08 - Gippsland Regional Growth

The amendment will result in a development which will strengthen economic resilience by being part of a more diverse economy and building on the region's traditional strengths through new investment, innovation and value-adding.

Clause 17.01-1 – Business

The amendment provides for the creation of a new retail facility within a newly developing urban area that will provide a net community benefit in relation to accessibility, efficient infrastructure use, economic prosperity and employment opportunities.

Although the subject land is not an existing or specifically planned activity centre, it does satisfy the strategy of providing small scale shopping opportunities to meet the needs of local residents. This is particularly relevant in growth areas where new centres must be created to support new residential neighbourhoods.

The proposed centre will provide a net benefit to the local community, and will provide shopping opportunities in a convenient location to meet the needs of local residents and workers.

- **How does the amendment support or implement the Local Planning Policy Framework (LPPF) and, specifically the Municipal Strategic Statement (MSS)?**

The amendment is generally consistent with Council's MSS in facilitating development that supports the strategic growth of Traralgon as a regional city. In particular, the amendment implements the following strategies for identifying appropriate locations for retailing at Clause 21.07-6 (Retailing Overview):

- *Encourage neighbourhood shops providing local convenience goods and services in locations accessible to local communities.*
- *Encourage shops that do not significantly detract from the function of the existing major retail centres.*
- *Discourage 'out of centre' retail developments.*
- *Provide for localised convenience retailing.*

The amendment proposes to create a new neighbourhood activity centre to support the local convenience shopping needs of the existing and future population of the growth area and surrounding community.

Clause 21.05-6 (Specific Main Town Strategies – Traralgon) provides a structure plan for Traralgon which includes the identification of a 'possible future neighbourhood centre' on Park Lane to the west of the site. The development of a neighbourhood centre in this location was not realised and the land is now developed as residential.

The adopted Traralgon Growth Areas Review (TGAR) provides a revised framework plan for Traralgon, notably the identification of a larger growth area for future residential development to the north and west of the site. Proposed Amendment C87 seeks to implement the review and replace the Traralgon Structure Plan at Clause 21.05 with a revised structure plan to reflect the strategic directions of TGAR. The revised structure plan identifies two proposed local activity centres approximately one kilometre to the east and west of the subject site, as well as the expanded future growth area. The nominated centre to the west of the site partly represents a relocation of the centre on Park Lane as a result of it having not being developed in that location, as well as being better located to support a larger growth area.

As part of the strategic assessment of the amendment consideration has been given to the size and location of the proposed activity centre.

The proposed neighbourhood activity centre is larger than the local centre previously contemplated by TGAR. This is supported by further analysis that has been undertaken to inform the amendment. As outlined previously, an EIA and peer review forming part of the amendment conclude that the proposed centre would meet the local convenience needs of the local area and would not unreasonably detract from the role and function of the Traralgon CBD and other existing centres.

The proposed floor space caps are proposed so that any future expansion beyond what had been assessed under the current proposal would require a planning permit, providing an opportunity for its economic impact to be assessed at that time. Together with the draft Traralgon North Neighbourhood Activity Centre Development Plan this seeks to ensure that

the use and development of the C1Z site is consistent with its local convenience role and does not unreasonably impact the CBD or other centres.

Although the existing and proposed Traralgon Structure Plan don't specifically identify an activity centre on the subject site, these locations are indicative and it is considered that the location of a new centre within one kilometre of the nominated locations is generally consistent with the intent of the structure plan. The location of the proposed centre on the corner of Traralgon-Maffra Road and Marshalls Road was considered as part of the Traralgon North Development Plan as well as the EIA. The neighbourhood centre would serve the future residents of the growth area as well as the surrounding towns to the north of Glengarry and Toongabbie. The proposed location is therefore considered appropriate for a neighbourhood centre given its dual main road frontage and high accessibility.

For these reasons, the proposal is consistent with the strategic intent of providing appropriate retail services to support the local convenience needs of the community in line with the strategies of Clause 21.07-6 outlined above. It is also generally consistent with the intent of Clause 21.05 in providing well located activity centres to support the future growth areas of Traralgon. The amendment proposes to amend the Traralgon Structure Plan to nominate a neighbourhood activity centre on the site as supported by the strategic analysis of this amendment.

- **Does the amendment make proper use of the Victorian Planning Provisions?**

The amendment makes proper use of the Victoria Planning Provisions (VPP) by applying the Commercial 1 Zone to facilitate the development of a neighbourhood activity centre.

Maximum leasable floor areas for shop and office can be utilised in the Schedule to the Commercial 1 Zone for areas outside metropolitan Melbourne. The use of floor space caps is appropriate in providing a mechanism for the economic impact of any further development on the site to be assessed to ensure that it is appropriate to the neighbourhood role of the centre.

This will be further supported by the draft Traralgon North Neighbourhood Activity Centre Development Plan which is proposed to be endorsed under the existing DPO7 as an addendum to the existing Traralgon North Development Plan.

- **How does the amendment address the views of any relevant agencies?**

The proposed amendment will be referred to all relevant agencies that may have an interest in the proposal as part of the exhibition stage of the amendment process.

Preliminary feedback has been sought from VicRoads in relation to the amendment and combined planning permit application. VicRoads does not object to the proposal subject to the inclusion of appropriate permit conditions on the development.

- **Does the amendment address the requirements of the Transport Integration Act 2010?**

The proposed amendment and development of the land for a supermarket and supporting shops is not likely to have an impact on the transport system as defined by Section 3 of the *Transport Integration Act 2010*.

A Traffic Impact Assessment (October 2011) was prepared by GTA Consultants and forms part of this submission. This Assessment concluded:

Based on the analysis and discussions presented within this report, the following conclusions are made:

- i Following the full development of the area, it is expected to generate up to 1,250 and 12,500 vehicle movements in any peak hour and daily respectively.*
- ii. There is adequate capacity in the surrounding road network to cater for the traffic generated by the area, subject to Marshalls Road being reconstructed to a 'Connector Street – Level 2' standard.*
- iii. The internal road network is expected to be able to accommodate the projected daily traffic volumes.*
- iv Provision should be made for potential future public transport services, particularly along Marshalls Road.*
- v. Footpaths should be provided on both sides of each of the roads within the development area, and appropriate bicycle facilities also provided.*

The amendment therefore supports the objectives and principles of the *Transport Integration Act 2010*.

Resource and Administrative Costs

- **What impact will the new planning provisions have on the administrative costs of the responsible authority?**

The proposed amendment would not have an unreasonable impact on the resource and administrative costs of the responsible authority.

Where you may inspect this Amendment

The amendment is available for public inspection, free of charge, during office hours at the following places:

Executive Summary

(i) Summary

Latrobe Planning Scheme Amendment C89 and planning permit application 2015/113 apply to the land on the northwest corner of Traralgon-Maffra Road and Marshalls Road, Traralgon.

The Amendment proposes to facilitate the development of a neighbourhood activity centre (NAC) on the subject site by making the following changes to the planning scheme:

- Rezone the land from General Residential Zone Schedule 1 (GRZ1) to Commercial 1 Zone (C1Z).
- Apply maximum floor space areas of 4,500sqm for shop and 990sqm for office in the Schedule to the C1Z.
- Insert a strategy and amend the Traralgon Structure Plan at Clause 21.05 to designate a neighbourhood activity centre on the site.

The planning permit application relates to buildings and works associated with construction of a full line supermarket and supporting shops and office space on the site.

There were 29 supporting submissions and seven opposing submissions. Opposing submitters raised the following issues:

- The proposed centre is not needed as there are already enough shops and supermarkets in Traralgon.
- The proposed new centre would adversely impact on existing local businesses, particularly on the food and grocery sector.
- The scale of the proposed supermarket is not appropriate.
- The proposal is premature in terms of catchment/trading analysis.
- There is not strategic support for the location of the proposed NAC.
- Amenity impacts (aesthetic, noise, light spill and air quality) potentially effecting the (future) residential properties neighbouring the subject site.
- Traffic and safety issues.

The Panel has considered the submissions and considerable body of expert evidence provided by Council, the Proponent and submitters, and has concluded that the Amendment, along with the proposed permit conditions (as amended), should be supported.

More specifically the Panel concludes:

- The Amendment is strategically well founded.
- The provision of a neighbourhood activity centre is justified by the projected population growth expected in the north of Traralgon.
- On balance, the subject site is a suitable location for a neighbourhood activity centre. The proposed changes to the Traralgon Structure Plan at Clause 21.05 are appropriate.
- Development of the Marshalls Road NAC, including the proposed full-line supermarket, will have a temporary and limited adverse impact on the Traralgon CBD

and local centres within its catchment, but that this impact unlikely to be of a scale that would materially affect the ability of the CBD or the local centres to fulfil their role in the Traralgon retail hierarchy.

- There is a net community benefit in approval of the current Amendment.
- The proposed floor space caps, as amended are appropriate.
- The planning permit should be revised to incorporate the new condition 54 in relation to possible future works at the the intersections of the Princes Highway and McNairn Road and the Princes Highway and Traralgon-Maffra Road, as proposed by Council and accepted by the Proponent.
- The proposed parking reduction is appropriate.
- The other conditions proposed in the revised draft planning permit are appropriate.

(ii) Recommendations

Based on the reasons set out in this Report, the Panel recommends:

- 1. Amendment C89 to the Latrobe Planning Scheme be adopted as exhibited, subject to the change to the Schedule to the Commercial 1 Zone as shown in Appendix C to this report.**
- 2. Planning Permit 2015/113 be approved subject to the changes as shown in Appendix D to this report.**

1 Introduction

1.1 The subject site

The Amendment and planning permit apply to the land shown outlined in Figure 1.

Figure 1 Site aerial plan

The subject site is located on the northwest corner of Traralgon-Maffra Road and Marshalls Road, Traralgon. The site has an area of approximately 2.3ha and forms part of the larger property of 145 Traralgon-Maffra Road, Traralgon (Lot A on PS 729261). It is located on the northeast edge of the existing urban area of Traralgon and is currently undeveloped. It forms part of the *Traralgon North Development Plan* (TNDP) area (see Site Context Plan - Figure 2 below). The Traralgon North Development Plan area is one of the main areas for urban growth identified in the 2013 Traralgon Growth Areas Review (TGAR).

Figure 2 Site context

1.2 Amendment description

The Amendment was prepared by the Latrobe City Council as Planning Authority. As exhibited, the Amendment proposes to allow the development of a neighbourhood activity centre (NAC) on the subject site.

Specifically, the Amendment proposes to:

- Rezone the land from General Residential Zone Schedule 1 (GRZ1) to Commercial 1 Zone (C1Z)
- Apply maximum floor space areas of 4500sqm for shop and 990sqm for office in the Schedule to the C1Z, and
- Insert a strategy and amend the Traralgon Structure Plan at Clause 21.05 to designate a neighbourhood activity centre on the site.

A draft development plan is also proposed as a supporting document to the amendment. The NAC Development Plan would be endorsed under the existing Development Plan Overlay – Schedule 7 (DPO7) as an addendum to the existing Traralgon North Development Plan (TNDP) which covers the site and the surrounding growth area.

1.3 The Planning permit application

Planning permit application 2015/113 seeks to approval of:

- Buildings and works associated with construction of a full line supermarket and supporting shops and office space
- A two lot subdivision to create a separate lot for the site
- Removal of native vegetation on the site (one remnant tree)

- A reduction in the standard car parking requirement, and
- Creation of access to a Road Zone Category 1.

The planning permit does not include the two future 'pad sites' identified on the site plan for possible development at a later date. Development of this part of the site would be subject to a separate permit application.

1.4 Issues dealt with in this report

The Panel considered all written submissions, as well as submissions presented to it during the Hearing. A list of documents tabled at the Hearing is attached as Appendix B. In addressing the issues raised in those submissions, the Panel has been assisted by the information provided to it as well as its observations from inspections of the site.

The key issues raised in submissions opposing the Amendment and/or permit were the need for, size and economic impact of the proposal.

In particular submitters raised the following issues:

- The proposed centre is not needed as there are already enough shops and supermarkets in Traralgon.
- The proposed new centre would adversely impact on existing local businesses, particularly on the food and grocery sector.
- The scale of the proposed supermarket is not appropriate.
- The proposal is premature in terms of catchment/trading analysis.
- There is not strategic support for the location of the proposed NAC.
- Amenity impacts (aesthetic, noise, light spill and air quality) potentially effecting the (future) residential properties neighbouring the subject site.
- Traffic and safety issues.

Submissions supporting the proposal were predominately from landowners and residents in the eastern area of Traralgon. The reasons for support included:

- The NAC will improve local residents access to conveniently located shopping and services.
- A new centre will relieve congestion and lack of car parking the Traralgon CBD.
- The provision of shopping facilities will support and stimulate residential growth in the area and provide a level of self-sufficiency for the TNDP area.
- The NAC will provide increased employment opportunities and economic benefits.
- There is a large enough population in Traralgon and surrounding areas to support three main supermarkets and two smaller supermarkets.

The key issues raised in submissions from referral agencies were:

- VicRoads raised issues relating to potential impacts of traffic generated by the development and in particular impacts on the operation of the Princes Highway/Traralgon-Maffra Road and Princes Highway/McNairn Road intersections.
- Public Transport Victoria (PTV) raised issues relating to public transport access to the centre. The issues raised by PTV were resolved in discussions with Council prior to the Hearing.

- The Department of Environment, Land, Water and Planning (DELWP) generally supported the proposal but recommended the inclusion of conditions in the planning permit relating to the removal of native vegetation.
- EPA Victoria had no objection to the proposal.

This report deals with the issues raised under the following headings:

- Planning context
- Population projections and residential demand
- The most appropriate location
- Economic impact of the proposal
- Floor space caps
- Traffic issues
- Amenity issues
- Form and content of the proposed Amendment and permit.

2 Planning context

Council provided a response to the Strategic Assessment Guidelines as part of the Explanatory Report.

The Panel has reviewed the policy context of the Amendment and made a brief appraisal of the relevant zone and overlay controls and other relevant planning strategies.

2.1 Policy framework

(i) State Planning Policy Framework (SPPF)

Council submitted that the Amendment is supported by a number of general clauses in the SPPF and by specific provisions relating to regional planning and the Gippsland Regional Growth Plan.

The SPPF contains a number of objectives and strategies relating generally to growth area and activity centre planning. In particular Council referenced:

Clause 11.01-1 - Activity centre network

- *To build up activity centres as a focus for high-quality development, activity and living for the whole community by developing a network of activity centres.*

Clause 11.01-2 - Activity centre planning

- *To encourage the concentration of major retail, residential, commercial, administrative, entertainment and cultural developments into activity centres which provide a variety of land uses and are highly accessible to the community.*

Clause 11.02-1 - Supply of urban land

- *To ensure a sufficient supply of land is available for residential, commercial, retail, industrial, recreational, institutional and other community uses.*

Clause 11.02-2 - Planning for growth areas

- *To locate urban growth close to transport corridors and services and provide efficient and effective infrastructure to create benefits for sustainability while protecting primary production, major sources of raw materials and valued environmental areas.*

Clause 11.02-3 - Structure Planning

- *To facilitate the orderly development of urban areas.*

Clause 11.05-1 - Regional settlement networks

- *To promote the sustainable growth and development of regional Victoria through a network of settlements identified in the Regional Victoria Settlement Framework plan.*

Clause 11.05-4 - Regional planning strategies and principles

Objective

- *To develop regions and settlements which have a strong identity, are prosperous and are environmentally sustainable.*

Strategies

- *Ensure regions and their settlements are planned in accordance with any relevant regional growth plan.*
- *Apply (inter alia) the following principles to settlement planning in Victoria's regions, including the hinterland areas:*

Clause 11.08 Gippsland regional growth

The Gippsland Regional Growth Plan identifies Latrobe City, comprising Traralgon, Morwell, Moe and Churchill, as one of ten major regional cities in Victoria. The Regional Growth Plan seeks to promote growth and economic investment in Traralgon.

(ii) Local Planning Policy Framework

Overall Council argued that the Municipal Strategic Statement (MSS) generally supports the development of a new neighbourhood activity centre in the Traralgon North growth area to meet local convenience needs. In particular Council submitted that the Amendment supports the provisions of Clause 21.05 (Main Towns) and Clause 21.07-6 (Retailing Overview) of the Latrobe MSS.

Council highlighted the following provisions of the two Clauses:

Clause 21.05 – Main Towns

While acknowledging that one of the commercial strategies discourages significant new retail and office development outside the Traralgon CBD and bulky goods precincts, Council argued the MSS also identifies the importance of establishing new neighbourhood activity centres (or 'clusters') in Traralgon's residential growth areas. In this context Council drew particular attention to the following strategies:

- *Encourage walkable neighbourhood centres and increased densities around Transit City areas and neighbourhood clusters. (21.05-2).*
- *Establish neighbourhood clusters in key locations as outlined in the Traralgon Structure Plan and encourage basic goods, services, community services and facilities in these clusters. (21.05-6).*
- *Encourage neighbourhood clusters within Areas 8 (i.e. south east Traralgon) and 11 (i.e. Traralgon north). (21.05-6).*

21.07-6 – Retailing Overview

Council submitted that the policy and strategies in Clause 21.07-6 strongly encourage the creation of neighbourhood centres that support Traralgon's growth areas without unreasonably impacting the CBD or other existing centres. In particular, it noted the following statements from the Clause:

No new centres should be supported unless demand can be demonstrated as well as substantial assessment and statement that existing centres should not be detrimentally affected. Town centres in Latrobe City must grow and innovate their retail offer to cater for increased demand and to remain competitive.

Potential emerging growth areas in Morwell and Traralgon will require additional neighbourhood shopping facilities, with discrete allocation in accordance with

population and household growth patterns. These centres require a consolidation of retail floor space in the order to 3,000 – 5,000 sqm to best service these areas.

Key strategies under the objective 'to identify appropriate locations for retailing activities' include:

- *Encourage neighbourhood shops providing local convenience goods and services in locations accessible to local communities.*
- *Encourage shops that do not significantly detract from the function of the existing major retail centres.*
- *Encourage strong pedestrian and public transport connectivity to and between the neighbourhood clusters.*
- *Provide for localised convenience retailing.*

Council also noted that one of the strategies in this clause discourages 'out of centre' retail developments. It submitted that as the proposed Amendment seeks to create a new neighbourhood activity centre to implement the objectives and strategies encouraging access to local retailing and services and therefore does not constitute an 'out of centre' development.

Council noted that the retail provisions of the current MSS generally implement the Retail Strategy Review¹ prepared by MacroPlan in 2007.

(iii) Other Strategic Documents

Council's submission also outlined relevant elements of strategic planning for the growth of Traralgon. It argued that the Amendment responds to and implements the intent of the relevant strategic planning documents.

The key strategic planning documents include the Traralgon Structure Plan currently included in the planning scheme, the revised Traralgon Structure Plan more recently prepared by Council, the Traralgon North Development Plan (TNDP) and the Traralgon Growth Areas review (TGAR):

The Traralgon Structure Plan

Council pointed out that the current Traralgon Structure Plan² (see Figure 3) contained within Clause 21.05, designates 'Area 11', which includes the Franklin Place Development Plan area (south of Marshalls Road and currently under development), the TNDP area (north of Marshalls Road with the first stage under development) and a small pocket of industrial land opposite the subject site, as a 'future residential' growth area. The Structure Plan also identifies land on Marshalls Road between Area 11 and the existing urban area as an 'existing residential opportunity'. This land is partly developed and is known as 'The Strand' estate.

¹ Retail Strategy Review (MacroPlan, June 2007)

² Traralgon Structure Plan at Clause 21.05 – prepared in 2007 and implemented into the Scheme in 2010

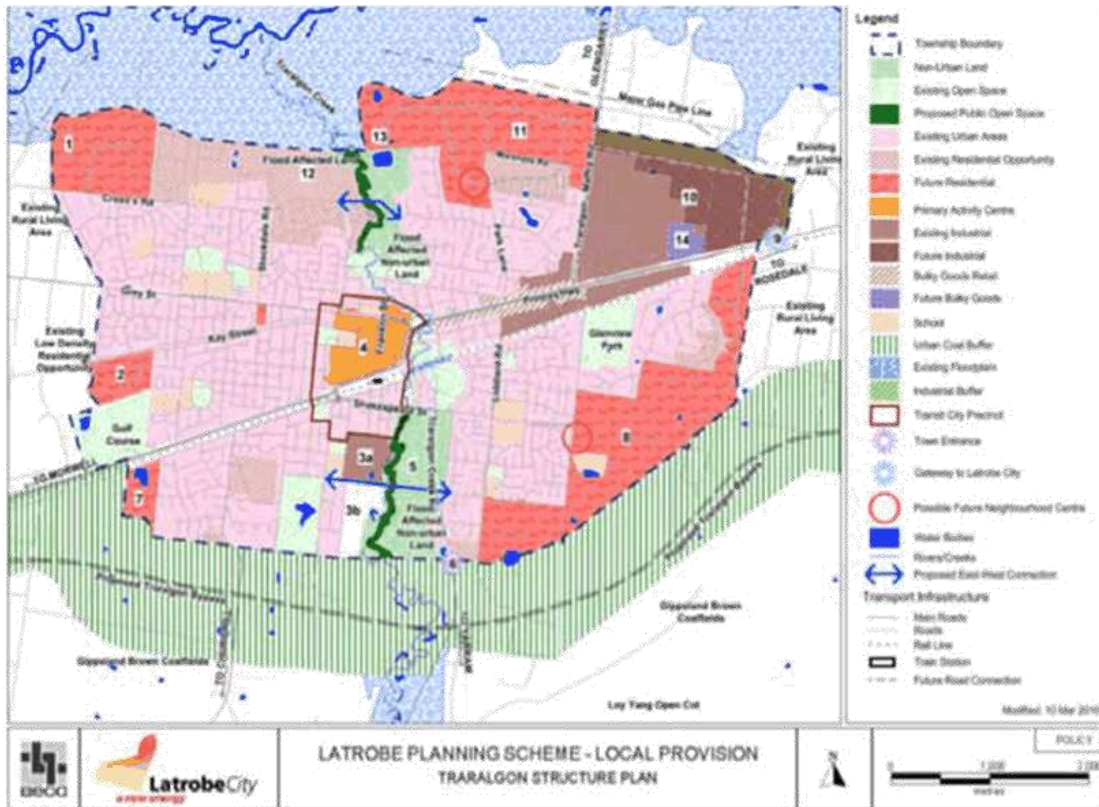

Figure 3 Current Traralgon Structure Plan

The Structure Plan nominates a location for a ‘possible future neighbourhood centre’ in Area 11 on Park Lane within the Franklin Place Development Plan area. The *Franklin Place Development Plan*³ has since been endorsed. It provides for the residential development of the whole precinct and does not include a neighbourhood centre. A planning permit has been issued for the majority of the precinct (excluding the area abutting Marshalls Road that is designated for a retirement village), and development is nearing completion. An alternative location for a neighbourhood centre to serve Traralgon’s northern growth area is therefore required.

A ‘possible future neighbourhood centre’ is also nominated in Area 8 to support the future growth area south of the Princes Highway.

The Traralgon Structure Plan and associated strategies contained in Clause 21.05 generally implements the *Latrobe Structure Plans – Traralgon*⁴ prepared by BECA in 2007.

The Panel noted that the current Structure Plan identifies the land east of the Traralgon-Maffra Road as either existing or future industrial.

A draft revised Traralgon Structure Plan (figure 4 below) was prepared by Council as part of a package of proposed changes to the Planning Scheme in Amendment C87 to give effect to

³ Franklin Place Development Plan (NBA Group, July 2013) – Endorsed 1 July 2013 under DPO5

⁴ Latrobe Structure Plans – Traralgon (BECA, 2007)

the TGAR. The revised Structure Plan proposed, in the medium to longer term, substantial residential development in the north east of Traralgon (east of the Traralgon-Maffra Road). It proposed the development of three neighbourhood activity centres in the north, south and east of Traralgon. In the proposed structure plan the northern neighbourhood centre was still shown as located at the intersection of Park Lane and Marshalls Road.

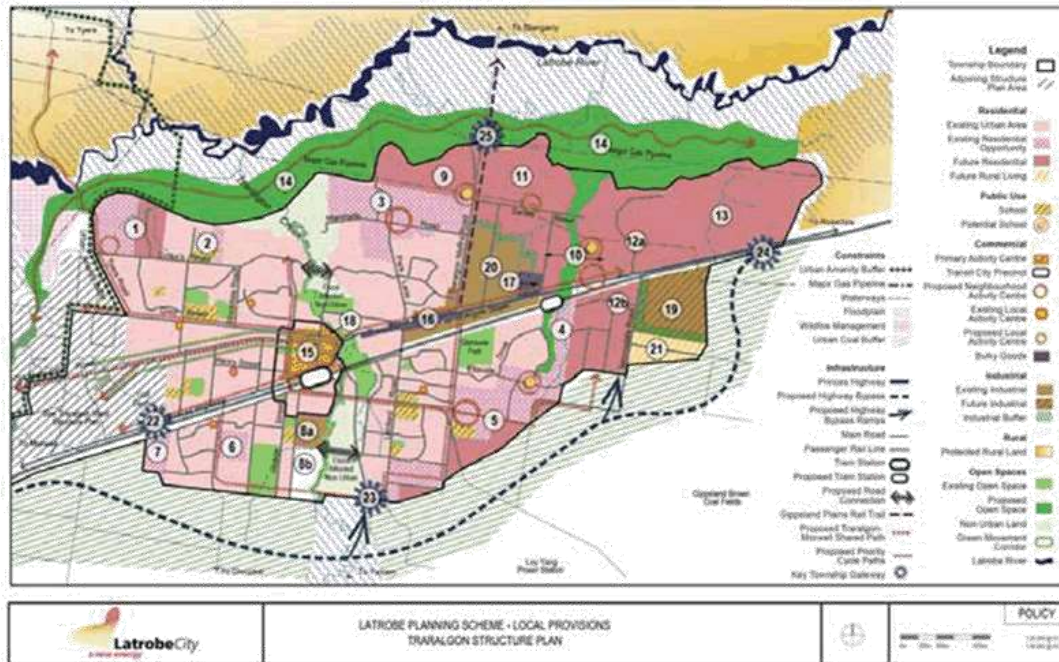

Figure 4 Proposed Traralgon Structure Plan

The C87 Amendment has been the subject of a Planning Panel report and has not yet been finalised by Council.

The C87 Panel Report concluded that the Panel ‘considers the Traralgon Growth Areas Plan to be thorough and logical based on best available information at the time’. However, the C87 Panel flagged concerns regarding the southern growth area identified in TGAR. In particular it referred to geotechnical evidence that indicated ‘significant ground instability associated with the coal mine beyond the one kilometre coal buffer area and that existing monitoring is inadequate to determine the extent of this activity’. The Panel concluded that ‘the precautionary principle should be applied by excluding land within two kilometres of the coal mine from future urban expansion on an interim basis until better defined geotechnical evidence is available’. Potential growth in the Traralgon West area is also constrained by the Australian Paper Mill and Latrobe Airport.

The C87 Panel did not make any findings or recommendations that cast doubt on proposed residential development in the TNDA or, in the longer term, east of the Traralgon-Maffra Road.

In its submissions to the current panel Council noted that it expects that Amendment C89 will be approved prior to Amendment C87. In this eventuality the proposed structure plan will be revised to show the northern NAC at the Marshalls Road site.

Traralgon North Development Plan

The subject site is located within the *Traralgon North Development Plan*⁵ area. The TNDP is one of Traralgon’s key growth areas, providing for the development of 118.6ha of land to create a new neighbourhood containing approximately 1,077 residential lots as well as substantial active and passive open space, community facilities, shared path connections, upgrades to existing roads and intersections and a potential new bus route.

Figure 5 Traralgon North Development Plan

The subject site is nominated in the TNDP as a ‘potential growth corridor supermarket site’ subject to further strategic analysis and rezoning. The TNDP notes that consideration is needed in the context of the long-term growth of Traralgon North and the relationship to the Traralgon CBD. It states that the planning scheme amendment process is the appropriate mechanism for these strategic issues to be addressed. The TNDP specifically states that a proposal to rezone the land should consider⁶:

- *The strategic justification for the proposal.*
- *Whether the proposal is consistent with the Traralgon Growth Areas Review.*

⁵ Traralgon North Development Plan (Planisphere, September 2013) – Endorsed 29 November 2013 under Development Plan Overlay Schedule 7

⁶ Page 40 (chapter 5.8) – Traralgon North Development Plan

- *The economic and social impacts of the proposal on the Traralgon Central Business District and commercial activities in nearby townships such as Glengarry, Tyers and Toongabbie.*
- *The strategic justification for the timing and scale of the development.*

The TNDP notes that the scale of the proposed NAC would serve a catchment extending well beyond the local neighbourhood and is therefore beyond the scope of the Development Plan. However, it also notes that, given that the trade catchment of a full-line supermarket would extend beyond the TNDP area, the nominated location of the subject site with frontage to Traralgon-Maffra Road is considered appropriate⁷.

The TNDP includes provision of infrastructure, including the construction of a signalised intersection at Traralgon-Maffra Road and Marshalls Road that is required to be delivered at the time that any activity centre/supermarket is developed. Marshalls Road will also be upgraded to the standard of a collector street as part of the overall development of the precinct.

Traralgon Growth Area Review (TGAR)

The Traralgon Growth Area Review report was prepared by the Hansen Partnership for Council and the State Government in August 2013. It recognised that opportunities for long-term growth and expansion of Traralgon are heavily constrained and sought to provide a framework for growth until 2051, allowing strategic decisions to be made in a coordinated manner. Among other things the TGAR report proposed that the majority of the land east of Traralgon-Maffra Road be identified for future residential development (See Figure 6).

TGAR included a recommended staging plan for residential development in Traralgon (See Figure 7). This identified the TNDP area together with land in the south-east (areas 10 and 11) and in the north-west (area 16) as the first stage of future greenfield development. Land immediately north of the TNDP area (area 3a) and an area east of the Traralgon-Maffra Road (area 4) were recommended as the second stage of greenfield development. Additional greenfield areas in the north east (area 3b) and the east (area 6) were identified for long term development. The TGAR recommendations were intended to be implemented by Amendment C87. As noted earlier in this report the C87 Panel report raised concerns regarding the suitability for residential development of some of the land in the south-east.

2.2 Planning scheme provisions

(i) Zones

The Amendment proposes to rezone the subject site from General Residential Zone Schedule 1 (GRZ1) to Commercial 1 Zone (C1Z).

The purpose of the C1Z is as follows:

To implement the State Planning Policy Framework and the Local Planning Policy Framework, including the Municipal Strategic Statement and local planning policies.

To create vibrant mixed use commercial centres for retail, office, business, entertainment and community uses.

To provide for residential uses at densities complementary to the role and scale of the commercial centre.

The Amendment, as exhibited proposed maximum floor spaces areas of 4,700sqm for shop and 780sqm for office in the Schedule to the C1Z. Council proposed in the Hearings to change this to 4,500sqm for shop and 990sqm for office in order to provide greater flexibility in configuring the use of floor space in the development.

(ii) Overlays

Development Plan Overlay Schedule 7 (DPO7) currently applies to the subject site. A draft development plan is proposed as a supporting document to the amendment. The NAC Development Plan would be endorsed under the existing Development Plan Overlay – Schedule 7 (DPO7) as an addendum to the existing Traralgon North Development Plan (TNDP) which covers the site and the surrounding growth area.

No change to the DPO7 is proposed as part of this Amendment.

There is no development contributions plan that applies to the site, however the DPO7 requires infrastructure contributions to be negotiated and included in a section 173 agreement prior to the commencement of any development.

(iii) Particular provisions

The provision of car parking on the site is set out in clause 52.06. The planning permit application seeks a reduction in the car parking requirements. The Proponent has calculated that 256 to 259 car spaces are required under clause 52.06. The application proposes to provide 245 spaces. Submissions on this issue are discussed in Chapter 7.

2.3 Ministerial directions

Council submitted that the Amendment meets the relevant requirements of the following Ministerial Directions:

Ministerial Direction 11 - Strategic Assessment of Amendments

The Amendment is consistent with Ministerial Direction 11 (Strategic Assessment of Amendments)

The form and content of Planning Schemes (s7(5))

The Amendment is consistent with the Ministerial Direction on the Form and Content of Planning Schemes under Section 7(5) of the Act.

2.4 Discussion

The planning context was a matter of some debate at the Hearing. A number of strategic planning studies have been undertaken by Council, but in some instances their results have yet to be fully reflected in the planning scheme. In particular, as a result of delays in the finalisation of Amendment C87, the current Traralgon structure plan (Clause 21.05) has not yet been updated to reflect the findings of key strategic studies such as TGAR and TNDP. The development of an activity centres strategy has been foreshadowed but not yet undertaken. Moreover, the wording of some provisions in the scheme is open to differing interpretations (e.g. references to development of 'neighbourhood clusters'). As a result the submissions of both those supporting and opposing the current Amendment were able to quote particular provisions of the scheme, or relevant strategic studies, to support their point of view.

The Council in its submissions argued that the strategic intent of its planning for the future of Traralgon was clear, and particular that:

- TGAR provides the basic framework for the future growth of Traralgon, even given the need for some review and refinement in relation to the extent of planned residential development in Traralgon's southern and western growth areas.
- The northern and north eastern growth areas will play a key role in providing for Traralgon's future housing needs in both the short and medium to longer term.
- Traralgon has reached a size where it is appropriate to plan for a network of neighbourhood activity centres as part of the city's retail hierarchy. The intention to provide for development of such centres, together with their expected role and scale, is clearly flagged in the planning scheme.
- There is justification, and the clear intent in Council's planning strategies, for one such centre to be located in the north of Traralgon.

The TGAR strategy for managing Traralgon's growth was adopted by Council in April 2014 and considered by the Panel reviewing Amendment C87. The C87 Panel concluded that the strategy set out in TGAR was 'thorough and logical' and did not raise issues in relation to the TGAR proposals for residential development in Traralgon's north and north-east. Uncertainties regarding the impact of buffer zones on the extent of residential development in the south and west of Traralgon have delayed finalisation of Amendment C87 and incorporation of a revised Traralgon structure plan into the Planning Scheme. While there was some disagreement as to the expected rate of development no evidence was presented to the current Panel that cast doubt on the likelihood of future residential development in the north and northeast.

Nor was any evidence presented to the Panel that questioned the logic, or consistency with the planning scheme, of Council's intent to incorporate a network of neighbourhood activity centres into planning for Traralgon's future development. The appropriate locations, scale, timing and economic impact of development of such a centre in the north was the subject of submissions and these issues are discussed in detail in subsequent sections of this report. It

was also argued that there is a need to prepare a Traralgon-wide activity centres strategy before decisions are made. Council has indicated that no such study is currently scheduled or budgeted for. While it may be desirable that such a study be undertaken waiting upon its completion is likely to delay a decision on the current Amendment by a year or more. The Panel does not consider that such a delay is necessary and is satisfied, based upon the evidence presented, that Council has made a reasonable strategic case both for provision of a neighbourhood centre to serve residential development in Traralgon's north and that such provision has been foreshadowed in Council's strategic planning and is consistent with the planning scheme.

2.5 Conclusions

The Panel concludes that the Amendment is supported by, and implements, the relevant sections of the State and Local Planning Policy Framework.

The Panel concludes that the Amendment is well founded and is strategically justified subject to addressing the more specific issues raised in submissions as discussed in the following chapters.

3 Population projections and residential demand

3.1 The issue

The parties contested the most appropriate population projections on which to assess the proposed development. The Panel has reviewed the submissions and evidence and drawn some conclusions.

3.2 Evidence and submissions

Council submission

Council, in Part B of its submission to the Panel, set out its expectations regarding population growth in Traralgon and the way in which this related to the decision to rezone the subject site to enable development of a neighbourhood activity centre.

In particular, Council stated that the most recent analysis of Traralgon’s population growth is provided in the *Traralgon Growth Areas Framework* (TGAR). It draws on various sources (including the State Government’s Victoria in Future 2012 (VIF) forecasts) to compile an overall forecast for Traralgon to the year 2051.

Figure 8 below compares the different sources, which have been extended to 2051 by continuing the annual growth rates inherent in each forecast.

Figure 8 Population projections from various sources⁸

⁸ From Council Part B submission

Based on its analysis TGAR (and Council) adopted the Essential Economics forecasts, shown in Table 1 below.

council adopted population forecast for traralgon – 2011 to 2051					
scenario	2011 (persons)	2051 (persons)	additional (people)	ave. annual change (persons)	ave. annual % change
Low	30,145	44,345	14,200	355	0.97%
medium	30,403	48,043	17,640	441	1.15%
High	30,673	51,913	21,240	531	1.32%

Table 1 Council adopted population forecast for Traralgon⁹

TGAR quoted¹⁰ Essential Economics as estimating that new dwelling approvals averaged 142 per annum between 1998 and 2007 and 257 per annum between 2003 and 2007. Council in their submission stated that prior to 2012 a lack of available land had acted as a constraint on residential development.

Council stated that Traralgon had the highest annual development rate of any urban centre in Latrobe City. The high demand for residential development in Traralgon and its role in accommodating a significant proportion of regional growth is expected to continue with Council expressing the view that the medium and high forecasts in Table 1 are considered the most likely.

TGAR translated the estimated population growth into a required number of dwellings to 2051. While the projected demand slows slightly after 2021 the average annual demand varied from 180 (low growth forecast), 218 (medium growth forecast) and 257 (high growth forecast). Council stated that TGAR translates this into a required land supply of between 904ha – 1,294ha to 2051.

Future growth areas and staging of residential development

The current Traralgon Structure Plan forming part of Clause 21.05 was prepared in 2007 and implemented into the planning scheme in 2010 (see Figure 3). The structure plan identifies future residential growth areas on the town's edges. 'Area 11' comprises the approved *Franklin Place Development Plan* (currently under development) and *Traralgon North Development Plan* (TNDP) area. Other substantial future residential areas are identified south of the Princes Highway ('Area 8') and in the west of Traralgon ('Area 1').

The subject site is located within the TNDP, which as one of Traralgon's key growth areas provides for the development of 118.6ha of land to create a new neighbourhood of approximately 1,077 residential lots. The key plan from the TNDP is shown in Figure 5. The first stages of development in the TNDP (known as 'The Rise' estate) are currently underway to the north of the subject site. An application is currently being considered for the balance of the property to the west of the subject site.

Council stated that an estimate prepared in 2010 indicated that that the current Traralgon structure plan, including the TNDP area and all the other identified growth areas, may have as little as 4 to 11 years supply of residential land.

⁹ Council Part B submission

¹⁰ TGAR page 14

The *Traralgon Growth Areas Review* (TGAR) assessed current land supply, constraints and opportunities to accommodate projected population growth in Traralgon to 2051. The TGAR Framework Plan identifies additional areas for future residential growth to the north and east of the TNDP area. The growth areas shown in TGAR are broadly identified as ‘first stage’ (the growth areas shown on the current Traralgon structure plan), ‘second stage’ immediately north east of the TNDP area (area 3a and area 4 in the TGAR Framework Plan) and ‘future long term’ (area 3b north-east of the TNDP area). An ‘intensification area’ (area 5) and ‘future long term’ residential growth area (area 6) are also identified to Traralgon’s east. TGAR is proposed to be implemented through Amendment C87 which would incorporate a revised Traralgon structure plan (figure 9) into the planning scheme.

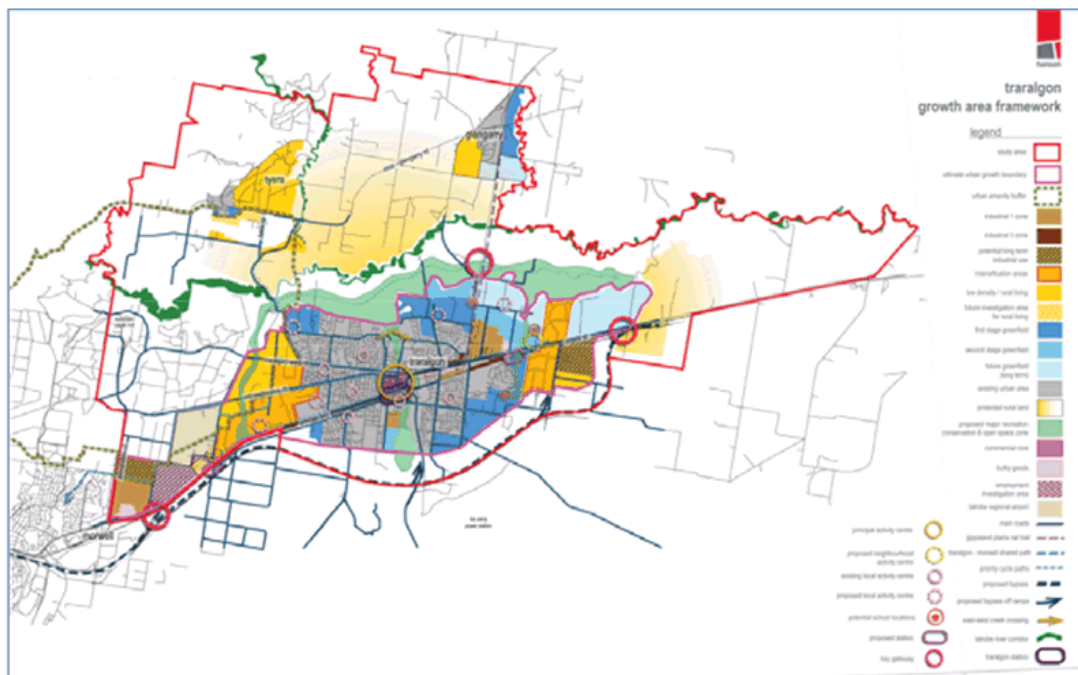

Figure 9 Proposed (revised) structure plan for Traralgon

Council concluded that ‘given the status of the other growth areas, the TNDP area followed by the areas to the north and east of the site (areas 9 and 11 on the proposed new structure plan under Amendment C87) will be a key focus for growth in the short to medium term’ and that ‘the timing of development will be dependent on whether growth occurs at a low, moderate or high rate, the level of infill development that can be accommodated within the existing urban area, and the density at which the growth areas are developed’.

Other Evidence regarding population and housing growth

A number of the reports commissioned by the Proponent and Council and the expert witness statements presented at the Panel Hearing made reference to expected population and growth in Traralgon.

The November 2014 Economic Impact Assessment report prepared by MacroPlan Dimasi for the Proponent noted that:

'Traralgon has experienced solid population growth over the past decade through greenfield development, mainly at the northern fringe of the township. ... the immediate area surrounding the Marshalls Road subject site is planned to be developed for residential uses, which is expected to sustain ongoing development over the medium to long term' and 'The trade area population is estimated at 5,520 people in 2014, and is projected to increase strongly over the forecast period to reach 8,000 people by 2026, reflecting an average increase of 3.1% per annum. The majority of population growth within the trade area will be driven by residential development at the greenfield site (of) the Traralgon North DP & DCP, this area has the potential to yield 1,338 residential lots, reflecting an average density of 12.5 lots per hectare. Another source of population growth is the parcel of residential land located directly south of the Traralgon North development area, on the south-western corner of Marshalls Road and Park Lane. This area totals some 24 hectares and, by applying the same residential density of 12.5 lots per hectare, could potentially yield 300 residential lots upon completion over the longer term.'

Mr Nott, in his expert witness statement, noted that in assessing potential growth he had adopted the trade area as the MacroPlan Dimasi report but had separately assessed the likely population growth within this trade area. He had assumed an average rate of population growth of 3.3% per annum for the trade area based primarily upon the assumption that the TNDA area would be fully developed over the next 20 years (he assumed 0.5% growth in the balance of the trade area).

Mr Nott stated that he believed that this assumed rate of greenfields development was reasonable given that VIF 2014 forecast overall population growth of 1.2% per annum from 2016 to 2026. In response to questions, Mr Nott agreed that his estimate of the rate of population growth in the trade area assumed that approximately two-thirds of Traralgon's growth would occur in the TNDA area. He pointed out that all of the expert witnesses' statements have the trade area population growing to 7,000-8,000 by 2026.

Mr Lee, in his expert evidence, identified the primary trade area for the proposed neighbourhood centre as the northern urban area of Traralgon (i.e. excluding the townships of Glengarry and Toongabbie) and estimated the 2014 population of this primary trade area at 2,595. He stated that population growth in the urban part of the catchment had been relatively slow (around 50 persons per annum) since 2011 and in that period represented approximately one-third of total population growth in Traralgon. He estimated the 2014 population of the secondary (non-urban) catchment at 2,550.

Mr Lee noted that the VIF 2015 forecast population growth for Traralgon was 135 persons per annum from 2011-2014 accelerating to approximately 345 persons per annum after 2016. He assumed that approximately half of this growth would occur in the north of Traralgon.

Mr Henshall of Essential Economics did not provide detailed evidence in relation to expected population growth, but in response to questions agreed that he had assumed that the TNDA area would be fully taken up in the period to 2026.

Mr Milner, in his evidence, stated that he expected the northern and eastern growth areas to carry a disproportionate share of Traralgon's growth given the constraints on

development in other growth areas. He said that he estimated the total long term capacity of the proposed residential areas east of the Traralgon-Maffra Road at approximately 18,000 people and that in due course this would allow for development of another neighbourhood activity centre in the east of Traralgon.

3.3 Discussion

While there were some differences of opinion between Council and the expert witnesses regarding the prospects for population growth in Traralgon, and especially within the trade area of the proposed Neighbourhood Activity Centre, there is general agreement on a number of key points:

- The population of Traralgon is expected to continue to grow. The most authoritative of the available forecasts is the State Government VIF 2015 projections. This forecasts population growth in Traralgon averaging 345 persons per year from 2016 to 2031. The Panel notes that the Council submission expects somewhat faster growth.
- It is likely that the TNDA will accommodate a substantial share of the new housing developed in response to this population growth. On this point the opinions of the experts varied with one suggesting that the TNDA share might be as low as half of total Traralgon growth, while others expressed the view that the TNDA might accommodate as much as two-thirds of total Traralgon growth.
- Most other areas of zoned 'greenfields' land in the north of Traralgon are under development and initial housing development in the TNDA has commenced.
- It can be confidently expected that the TNDA will be fully developed over time – although the exact time required to reach effective build-out is uncertain.
- In the longer term the revised Traralgon structure plan recommended in the TGAR proposes very substantial additional residential development east of the Traralgon-Maffra Road.
- All of the expert witnesses agreed that Traralgon is now of a size that justifies planning for the incorporation of Neighbourhood Activity Centres into the Traralgon retail hierarchy. In the Panel's view the forecasts of future residential growth in the north of Traralgon will warrant the location of one of these centres in the north.
- A smaller amount of population growth and residential development can be expected in the non-urban portion of the likely catchment for a northern Traralgon NAC.

3.4 Conclusions

The Panel concludes that:

- It is most likely that there will be continuing population growth in Traralgon and that a substantial part of this growth will be accommodated by residential development in the north and north east of Traralgon.
- The rates of growth assumed by Council and the Proponent in assessing potential future demand for retail development in the north of Traralgon may be somewhat higher than the estimates made by other submitters, but on the evidence presented they cannot be shown to be unreasonable.

- While there is inevitably a degree of uncertainty in any localised forecast of population and housing growth, differences in growth rates will in practice translate into a few years difference in the timing of build out of the TNDP area and the commencement of development in north-east Traralgon.
- Given this, there is justification for Council's decision to make provision for development of a Neighbourhood Activity Centre in the north of Traralgon.

4 The most appropriate location

4.1 The issue

The parties contested the strategic justification for the location proposed for the development. In particular there was disagreement regarding the relative merits of the proposed site as against a site in the vicinity of the intersection of Marshall Street and Park Lane. More generally there was disagreement as to the appropriateness of making a decision on the location of a new NAC prior to preparing an overall activity centre strategy for Traralgon.

The Panel has reviewed the submissions and evidence and drawn conclusions.

4.2 Evidence and submissions

Council submissions

Council responded to arguments in submissions that there was insufficient strategic justification for the Amendment and in, particular, that the subject site is not the preferred activity centre location identified on the current Traralgon Structure Plan. Council also responded to submissions that an activity centres strategy needs to be undertaken in order to properly test the need for new neighbourhood centres; the timing for the development based on population growth; and the merits of different locations.

Council expressed the view that, although the site is not specifically identified through an activity centres strategy, this does not mean there isn't sufficient strategic justification for the proposal. Council argued that the existing strategic framework strongly encourages the provision of neighbourhood centres in growth areas and specifically identifies the need for a centre to support growth in Traralgon's north. This was initially identified through the Retail Strategy Review that informed the existing Traralgon Structure Plan and was more recently reiterated in TGAR and the TNDP.

Council argued that the centre that is now proposed represents a refinement of the earlier plans based on more detailed strategic and economic analysis, including consideration of the merits of the proposed site compared to alternative locations.

In this context, Council argued that planning authorities should seek to implement the key principles of existing strategic and structure plans rather than being bound by the details of such plans. In support of this view, the Council quoted the findings of the Bass Coast C92 Panel that considered a proposal to create an activity centre larger than that nominated in an adopted structure plan. In that report the Panel stated that:

... the Panel would caution against a strictly literal translation of the recommendations of a document like a Structure Plan in the manner suggested by the submitter.

Documents like these provide a strategic vision and direction, which can then be refined following further analysis connected to a specific proposal. In this case,

the Proponent (with the support of the Planning Authority) has undertaken a detailed assessment of the proposal in its totality and concluded it to be sound.¹¹

Council argued that the same principle regarding the refinement and implementation of strategic plans is relevant to activity centre strategies, being high level strategic documents that are often refined in response to specific development opportunities that are in line with the intent of the strategy. Council also argued that this is particularly relevant to lower order centres where in Melbourne's growth areas the planning of neighbourhood centres is typically undertaken at a more detailed level such as part of the PSP process.

Council considered that the existing strategic framework, together with the detailed economic analysis undertaken as part of this Amendment, provide sufficient strategic justification to support the size and location of the proposed neighbourhood centre to support growth in Traralgon's north. Furthermore, the Amendment provides a similar level of analysis to what would likely be undertaken relevant to the northern growth areas as part of a municipal or township wide activity centres strategy.

In Council's view, the above quote from the Bass Coast C92 Panel report also highlighted the importance of the availability of an appropriate development opportunity. Council argued that, while this is not the most important or determining consideration for the Amendment, it is particularly relevant in planning for growth areas and in a regional context where it can be difficult to attract investment. There is no guarantee that an equivalent development at an alternate location, such as at Park Lane, would be pursued by a landowner or developer or when that could occur.

Council's view is that the possibility that a better alternative location to the subject site could be identified through an activity centres strategy is outweighed by the risk that an appropriate and strategically supported development proposal could be lost as a consequence of the delay. Even if the proposed development under the concurrent permit application wasn't constructed straight away, it is strategically important that the land be rezoned now to ensure suitable land is available for neighbourhood shopping facilities to support the growing community. In summary, Council concluded that to refuse this proposal, despite the analysis that has been undertaken demonstrating strategic support, would be of significant detriment to Traralgon's continuing growth and would not result in a net community benefit.

Council also submitted that, on the basis that a neighbourhood centre is economically and strategically supported, the subject site is the most appropriate location for a NAC serving Traralgon's north and north-east for the following key reasons:

- It represents a refinement of the indicative locations nominated in the current structure plan and TGAR in response to further strategic analysis, particularly in relation to the need for a neighbourhood centre rather than a smaller local centre as previously contemplated.
- Its prominent location on the corner of an arterial (Traralgon- Maffra) road and collector (Marshall) road makes it highly accessible to its catchment.

¹¹ Bass Coast C92 panel report

- It is central to its broader catchment that includes existing residents on the northern edge of Traralgon, approved growth areas (including the TNDP area) and the nearby towns of Glengarry and Toongabbie.
- It is also central and accessible to the additional longer term growth areas to the east of Traralgon-Maffra Road identified in TGAR.
- The existing pocket of industrial land opposite the site south of Marshalls Road is planned for residential redevelopment and has the potential to accommodate higher density housing.
- The current proposal for the subject site provides an opportunity for neighbourhood shopping facilities to be available in the early development stages of the TNDP growth area.

The Council acknowledged that the TGAR nominates a local activity centre at the corner of Park Lane and Marshalls Road, a relocation of the activity centre (on the other side of Marshalls Road) shown on the current Traralgon Structure Plan. Council argued that this site was nominated as a broad, indicative location with further detailed analysis to be undertaken as part of any rezoning for the establishment of a new centre. TGAR stated:

Commercial and retail uses should be accommodated within one of the activity centres shown on the following plan, unless there is robust strategic justification provided and a net community benefit can be established for alternate sites.¹²

Council argued that the nomination of the Park Lane location was based on it being a smaller local centre intended to serve only the TNDP area and recent developments to the south of Marshalls Road (the Franklin Place and Strand estates).

The proposed location of a larger neighbourhood activity centre on the subject site was subsequently nominated on the final TNDP in preference to the Park Lane location. This alternative was considered in response to submissions received from Woolworths and NBA Group (on behalf of the landowner) which provided supporting documents, including an economic analysis, demonstrating that a larger centre could be supported and that the proposed location on Traralgon-Maffra Road was more suitable to serving the larger catchment. Council considered that this was an appropriate alternative subject to further strategic analysis being undertaken as part of the planning scheme amendment process.

Council's view is that the detailed strategic and economic analysis undertaken as part of this Amendment confirms that the proposed NAC on the subject site should be supported as it can serve a catchment that includes the existing residential area south of Marshalls Road, the Traralgon North growth area and the nearby towns of Glengarry and Toongabbie. On the basis of its higher accessibility to the broader catchment Council considers the proposed location is more appropriate than the previously suggested location at Park Lane.

Council acknowledged that the proposed site doesn't provide for the co-location with community facilities that would be afforded by the Park Lane location, however, it considers this to be outweighed by the other economic and locational advantages of the subject site.

¹² Page 12 Traralgon Growth Areas Review August 2013

While the Park Lane location would co-locate the activity centre with open space and community facilities, it is likely to be a smaller local centre and due to its lack of arterial road frontage may not attract the mix of shopping facilities intended to be provided at the neighbourhood level. It may therefore struggle to become a vibrant community focal point. Council stated that the proposed community facilities and multi-purpose open space area within the TNDP would serve a more localised function which would benefit from its central location, with the proposed NAC providing a broader community hub with a greater mix of uses and a shared path connection along Marshalls Road.

Submissions on behalf of Stockland Ltd

Ms Brezzi for Stockland submitted that the proposed rezoning was inconsistent with the current provisions of the Latrobe Planning Scheme and that it was premature to rezone the subject site to permit development of a NAC including a full line supermarket in the absence of an up to date activity centres strategy for Traralgon. She submitted that a proper activity centres plan would consider the best locations for new centres in Traralgon and may well conclude that neighbourhood centres would be more appropriately located elsewhere (for example adjacent to the rail line on the Princes Highway in east Traralgon), and that only a local centre was appropriate in north Traralgon.

In response to questions from the Panel regarding the size limits on the proposed centre, Ms Brezzi argued that if rezoning of the subject site were to be approved, appropriate size limits on development would be 1,500sqm for the supermarket and a total for 1,000sqm for other shops (or alternately a 2,500sqm limit on the total development with a condition that no more than 1,500sqm be in a single tenancy). Such a limit would effectively mean that the subject site could be developed as a local centre and this would minimise the chance of prejudicing the outcomes from a proper activity centres study.

Expert Evidence in relation to centre location

The original economic impact assessment report prepared by MacroPlan Dimasi stated that *'Traralgon-Maffra Road is a main north-south thoroughfare, linking to the Princess Highway in the south and running through the towns of Glengarry and Toongabbie to the north; while Marshalls Road provides convenient access to the site for residents from the west. The proposed centre will therefore be conveniently located for both local residents and residents from the broad surrounding region, particularly to the north.'*

Mr Tim Nott in his witness statement responded to criticism of the proposed centre location compared to the Park Lane/Marshalls Road alternative. He acknowledged that:

'it is true that the centre location proposed will be on the edge of the Traralgon North development area. This will reduce the number of people in the development area who can comfortably walk to the centre. It is also true that the centre will not be co-located with community facilities that are planned to serve the Traralgon North development area, just to the north of the intersection of Marshall's Road and Park Lane. Co-location of community and commercial facilities is one of the desirable attributes of activity centres, allowing multi-purpose trips and improving the viability of both sets of activities.'

He also stated that:

'On the other hand, the location at the intersection of two main roads – Marshall's Road and Traralgon-Maffra Road - will increase the visibility of the centre to passing traffic, thereby improving its viability. In addition, in the longer term, the centre would have a more central position for the growth areas of Traralgon North, taking into account the future development areas to the east of Traralgon-Maffra Road. It is unlikely that these areas will support a further neighbourhood activity centre and so the proposed centre under review here will serve east and west of Traralgon-Maffra Road.'

Finally, Mr Nott gave evidence that a location further east than Park Lane will reduce the retail trading impact on the Traralgon CBD; *'every metre closer to the CBD will reduce the natural trade area of the CBD for food and groceries and other convenience goods.'*

In response to questioning during the Hearing, Mr Nott argued that at a neighbourhood scale co-location was desirable but not essential and that the proposed centre would include some community facilities (i.e. the proposed medical centre).

Mr Henshall of Essential Economics, in his expert evidence, concluded that:

I support the location of the proposed Neighbourhood Centre at the north-western corner of Traralgon-Maffra Road and Marshalls Road in terms of facilitating access of trade area residents to the centre and, at the same time, providing the centre with exposure to passing traffic along Traralgon-Maffra Road, which provides an important link to the north.

Mr Lee, in his evidence, noted in relation to the proposed neighbourhood centre location that *'it is not surrounded by an existing residential community nor is it centrally positioned with respect to the residential catchment in Traralgon North. Non-residential land uses surround the site to the east and north-east.'*

Mr Lee stated that the only supporting strategic planning justification for the proposed site was the reference in the September 2013 TNDP report that had subsequently been endorsed by Council. Mr Lee noted that the TNDP *'specifies that further strategic assessment of this proposal would need to be conducted to support the rezoning'* and that specific guidance is provided in section 5.8 of the Development Plan in terms of the extent of further analysis required:

Before deciding on a proposal to rezone the land the planning authority should consider (among other requirements of the Planning and Environment Act 1987):

- *The strategic justification for the proposal.*
- *Whether the proposal is consistent with the Traralgon Growth Areas Review.*
- *The economic and social impacts of the proposal on the Traralgon Central Business.*
- *District and commercial activities in nearby townships such as Glengarry, Tyers and Toongabbie.*
- *The strategic justification for the timing and scale of the development.*

In this context, Mr Lee stated that *'it appears to me to be somewhat self-serving for the EIA to refer to the Traralgon North DP as providing strategic justification when the DP itself calls*

for additional strategic justification prior to any rezoning being approved. In my opinion the level of strategic analysis contained within the amendment material does not appear to meet the requirements as set out in the Traralgon North Development Plan.'

Mr Lee also drew attention to the discussion of activity centre planning in the TGAR which proposed an activity centre hierarchy consisting of the Traralgon Town Centre as a Principal Activity Centre, with Neighbourhood Centres positioned along the Princes Highway spine to the east (close to a possible future railway station) and to the west (within the Latrobe Regional Hospital precinct). A local activity centre was nominated for a position close to Marshalls Road and Park Lane. Mr Lee stated that, in his opinion, this suggested activity centre framework is entirely sensible as it allows for both new neighbourhood centres to be centrally positioned with an ability to serve a larger and more sustainable catchment. For example, the existing residential population surrounding the Traralgon East site is already in excess of 7,000 residents and would be expected to grow more rapidly as it serves development fronts to the north-east and south-east of the townships, as well as future development indicated in the east adjacent to the industrial estate.

Mr Lee also stated:

'While I agree that Traralgon should commence planning for a new level in the retail hierarchy, my opinion is that this should be done in an appropriate fashion with a level of strategic planning justification which appears to be absent in the current amendment and permit application. there has been insufficient detailed strategic analysis to be able to determine the appropriate location and the appropriate size of a new centre to be developed in north-east Traralgon to serve this residential growth area.'

He noted that the existing planning scheme, the TGAR and the Traralgon North DP all recommend that an activity centres study be undertaken. He argued that such an activity centre strategy would help to determine an appropriate retail hierarchy to support the ongoing growth of Traralgon's residential community while ensuring that new centres are best positioned to become vibrant and viable focal points.

He concluded:

'In my opinion such a study would conclude that a centre serving the north-east part of Traralgon should be smaller than currently proposed through C89 to better reflect the size of the catchment. An activity centre strategy would probably agree with the TGAR that a more central position close to Princes Highway is the most appropriate location to accommodate a vibrant new full-line supermarket based centre which is supported by an appropriately-sized residential catchment.'

Mr Milner, in his planning evidence, addressed the justification for provision of a neighbourhood activity centre in Traralgon's north together with comparison of the subject site and the potential alternative site adjacent to the proposed community hub at the intersection of Park Lane and Marshalls Road. In relation to the strategic justification for a neighbourhood centre on the proposed site, Mr Milner gave evidence that Traralgon was large enough to support development of neighbourhood centres. He argued that the north and north east is likely to accommodate a disproportionate share of Traralgon's future

growth and that it is no longer appropriate that residents in the north and north east should have to travel into the Traralgon CBD to do their regular grocery shopping.

Regarding the comparative merits of the two sites Mr Milner's argued that, at the time of the preparation of the current Traralgon structure plan, it made sense to nominate a site for a small activity centre at Park Lane because no residential development was anticipated east of the Traralgon-Maffra Road. However, in the light of the more extensive residential development in the north envisaged by TGAR the subject site offers greater net community benefit particularly by virtue of its more central location, arterial road accessibility and potential for integration with other land uses.

Other submissions

Mr Naughton questioned the reasons for the original proposal for a smaller activity centre at Park Lane being replaced with the current proposal for a larger centre on the subject site. He doubted the justification for establishment of such a large centre/supermarket at this time and expressed concern regarding the aesthetic and noise impacts on adjacent residential areas of a development of the scale proposed. He believed that as the subject site is at the highest point of the TNDP area a supermarket on the size proposed would dominate the landscape and detract from the amenity of surrounding areas.

4.3 Discussion

There is no doubt that Council's strategic planning for Traralgon is in a state of transition and that it would be preferable for decisions on major rezoning proposals to be made in the context of more settled strategic plans. However, the current proposal must be dealt with on its merits and in the light both of the current provisions of the planning scheme and the longer term strategic planning for Traralgon's future that has been completed to date.

While the current Traralgon structure plan in the Latrobe Planning Scheme envisages a 'possible future neighbourhood centre' in the vicinity of the Park Lane/Marshalls Road intersection the site originally envisaged has now been committed to residential development. While there is a potential alternative site to the north of the Park Lane/Marshalls Road intersection there is no current proposal for development of an activity centre on that site and it is unclear if this situation will change in the foreseeable future.

With one exception, all of the experts supported the proposed site as a suitable location for a neighbourhood activity centre. While the dissenting expert argued that a decision should await the completion of a Traralgon wide activity centre study, he acknowledged that a site at the junction of an arterial and a collector road would normally be considered a suitable location for a neighbourhood activity centre.

Since the incorporation of the current Traralgon structure plan into the Latrobe Planning Scheme the Council has undertaken a number of significant strategic planning studies - in particular the TNDP and the TGAR. The TGAR in particular envisages a great deal more residential development in the north and northeast of Traralgon than was provided for in the current Traralgon structure plan.

While the Latrobe C87 Amendment (which would give effect to the findings of TGAR and incorporate a revised Traralgon structure plan into the Latrobe Planning Scheme) has yet to be finalised, the issues raised by the Panel considering that Amendment do not cast doubt

on the aspects of TGAR (and the new structure plan) that propose additional residential development in Traralgon's north. Indeed the issues raised by the C87 Panel may reduce or delay residential development to the south and west of Traralgon and have the effect of transferring demand to the north. Given the TGAR recommendations it seems likely that the area east of the Traralgon-Maffra Road will eventually be rezoned for residential development and that north Traralgon will play a key role in providing for future residential growth in Traralgon. In this context it is sensible practice for Council to make a decision regarding the current rezoning proposal in the light of the TGAR and other recent strategic planning studies.

The Panel is satisfied that Traralgon is now of a size where it is appropriate to plan for the introduction of a new level of activity centres into the local retail hierarchy and that, particularly on the basis of TGAR, a sound case can be made for the provision of a neighbourhood activity centre to the north of Traralgon.

The Panel is not convinced that the suggested alternative (Park Lane) site has significant advantages when compared to the subject site. The only substantial advantage advanced for the Park Lane site is the potential for co-location of the activity centre and community facilities. If necessary there is scope for the Council to re-examine planning for the areas adjacent to the subject site (either the undeveloped land north of Marshalls Road or the current industrial site south of Marshalls Road) to provide for some co-location of community facilities and the possibility of higher density housing.

Council argued that the strategic planning undertaken to date, together with the specific investigations undertaken in relation to the current proposal (including the investigation of potential economic impacts on the Traralgon CBD), provide a sufficient basis for Council to be able to make an informed judgement regarding the merits of developing a neighbourhood centre on the subject site. The Panel concurs with this view.

While it may be desirable for an area wide activity centre study had been completed before a decision is made in relation to the location of the proposed NAC, the Panel is satisfied that the strategic planning undertaken to date provides a reasonable basis for consider the merits of the Amendment. In the Panel's view it is unlikely that the proposed development will preclude desirable activity centre outcomes in other areas of Traralgon. Delaying a decision until the outcome of an activity centres study is unlikely to produce a materially different outcome in terms of centre location.

4.4 Conclusions

The Panel concludes that:

- On the basis of the evidence presented, there is a reasonable expectation that north Traralgon (both the TNDP area and the land east of the Traralgon-Maffra Road identified for future residential development in the TGAR) will provide for a substantial portion of Traralgon's future residential growth.
- The scale of residential development envisaged for the TNDP area, together with demand from other more established parts of north Traralgon and the non-urban catchment north of Traralgon, justify the provision of a new activity centre in the north. When regard is given to the scale of residential development east of the

Traralgon-Maffra Road envisaged in TGAR, a sound case can be made for such a northern activity centre to have the status of a neighbourhood centre.

- The suggested alternative (Park Lane) site would provide only marginally more convenient access for residents of the TNDP area and the established northern areas of Traralgon than would an activity centre on the subject site. The subject site would provide more convenient access for residents from the townships and rural areas north of Traralgon and from the potential future residential areas east of the Traralgon-Maffra Road. The subject site's location at the junction of an arterial and a collector road is in accord with good planning practice and the visibility of the site to passing traffic will assist the earlier viability of the proposed activity centre.
- There is a benefit to residents of north Traralgon (and non-urban parts of the activity centre catchment) in facilitating the early development of an activity centre in the north. Approval of rezoning of the subject site is more likely to achieve this aim than is deferring a decision on the rezoning pending a Traralgon wide activity centre study.
- On balance, the Panel believes that the subject site is a suitable location for a neighbourhood activity centre and the proposed changes to the Traralgon Structure Plan at Clause 21.05 are appropriate.

5 Economic impact of the proposal

5.1 The issue

The parties contested the economic impact of the proposed development.

The Panel has reviewed the submissions and evidence in relation to the economic impact on the Traralgon CBD, other supermarkets and retail in nearby towns.

5.2 Evidence and submissions

Council submissions

In supporting approval of the Amendment, Council pointed to provisions in State and local planning policy that encourage the provision of neighbourhood activity centres in new greenfield residential developments to meet local convenience shopping needs in accessible locations. Council argued that such centres form part of a hierarchy with larger sub-regional centres (i.e. the Traralgon CBD) and smaller local centres (e.g. smaller 'top up' supermarkets such as the IGA on Park Lane and Foodworks on Hyland Street and the stores in Glengarry and Toongabbie) which each provide a different role to collectively fulfil the shopping needs of the community.

In particular, Council highlighted provisions in Clause 21.07-6 (Retailing Overview) of the Council's MSS. The Clause states, in part, that:

Potential emerging growth areas in ... Traralgon will require additional neighbourhood shopping facilities, with discrete allocation in accordance with population and household growth patterns.

These centres requires a consolidation of retail floor space in the order of 3,000-5,000sqm to best service these areas.

The Clause also states that Council should:

Encourage (new) shops that do not significantly detract from the function of the existing major retail centres.

Council noted that the drafting of the Clause was informed by a June 2007 Retail Strategy Review prepared by MacroPlan.

As key issues in relation to the Amendment include the need for the new centre and the potential impact of its development on the Traralgon CBD, both the Economic Impact Assessment (EIA) prepared by MacroPlan Dimasi for the Proponent and the peer review commissioned by Council from Tim Nott provide an analysis of the need for and impact of the proposed centre. Both assessments conclude that the development is economically supported and would not have a significant adverse impact on the role and function of the Traralgon CBD or local centres.

The EIA identifies a main trade area for the proposed centre that includes the surrounding Traralgon North growth area as well as the townships of Glengarry and Toongabbie. The size of the catchment is largely driven by the location of the site on Traralgon-Maffra Road which facilitates access by residents of Glengarry and Toongabbie.

Council stated that the catchment is estimated to have a current population of approximately 5,000 people and is projected to reach approximately 8,000 people by 2026. The majority of the population growth will be driven by the development of the TNDP area. As the population projections do not include the additional growth areas identified in TGAR, the ultimate population of the catchment is likely to be even higher. The alternate views of the experts regarding population growth in the catchment are discussed in chapter 3 of this report.

The EIA indicates that there will be demand for 4,700sqm of retail floor space within the catchment in 2017 which will increase to over 5,500sqm by 2021, with the potential expansion of the supermarket expected to be supported by around 2022-2023. Council concludes that this means that the proposed centre is not only supportable, but is required to meet the retail needs of the local population.

The EIA estimates that the proposed centre would have a 5.4% impact on the CBD. A large proportion of this impact would be on supermarket sales, with the impact on non-food sales expected to be marginal. This reflects the convenience based role of the proposed NAC. Council considers that these impacts are reasonable, with CBD sales still expected to increase over time.

The Council commissioned, peer review by Mr Tim Nott estimates that 80-85% of trade at the proposed centre would otherwise have gone to the CBD. As a result, the proposed centre is expected to have an overall impact of 5-7% on retail sales in the CBD, with a 16-20% impact on the food and grocery segment. Council noted that some of the impact on the grocery segment would be on the existing CBD supermarket operated by Woolworths, the intended operator of the supermarket in the proposed centre.

Council concurs with the key conclusion of the MacroPlan Dimasi and Nott reports that while the impact of the new centre will require some rearrangement of the food and grocery segment within the CBD, it would not affect the its sub-regional role or the level of service that it can provide to the community. Council considers that the development of neighbourhood scale centres is a necessary change in order to support the overall growth and function of Traralgon as an efficient and sustainable major regional city. The proposed NAC would provide a different role and function that would complement and support the higher sub-regional role of the Traralgon CBD.

Council concluded that if a neighbourhood centre of sufficient size to support the Traralgon North growth area is not planned and delivered in a timely manner, the role and function of the CBD as a sub-regional centre would be compromised by the increased pressure and congestion resulting from providing convenience shopping for residents living well outside a conveniently accessible catchment. In Council's view the relatively minor impact on the CBD is outweighed by the broader social and economic benefits of the proposed centre resulting in a significant net community benefit.

Council also stated that the proposed centre would not compete directly with existing smaller centres within Traralgon, Glengarry and Toongabbie as they provide a different role and function serving the top-up food and grocery needs to their local catchments.

Expert Evidence

The initial assessment of the potential economic impact of the proposed Marshalls Road NAC was the Economic Impact Assessment (EIA) prepared in November 2014 by MacroPlan Dimasi. The EIA was one of the background documents exhibited with the Amendment. It defined the main trade area and competition for the proposed Marshalls Road NAC as shown in Figure 10.

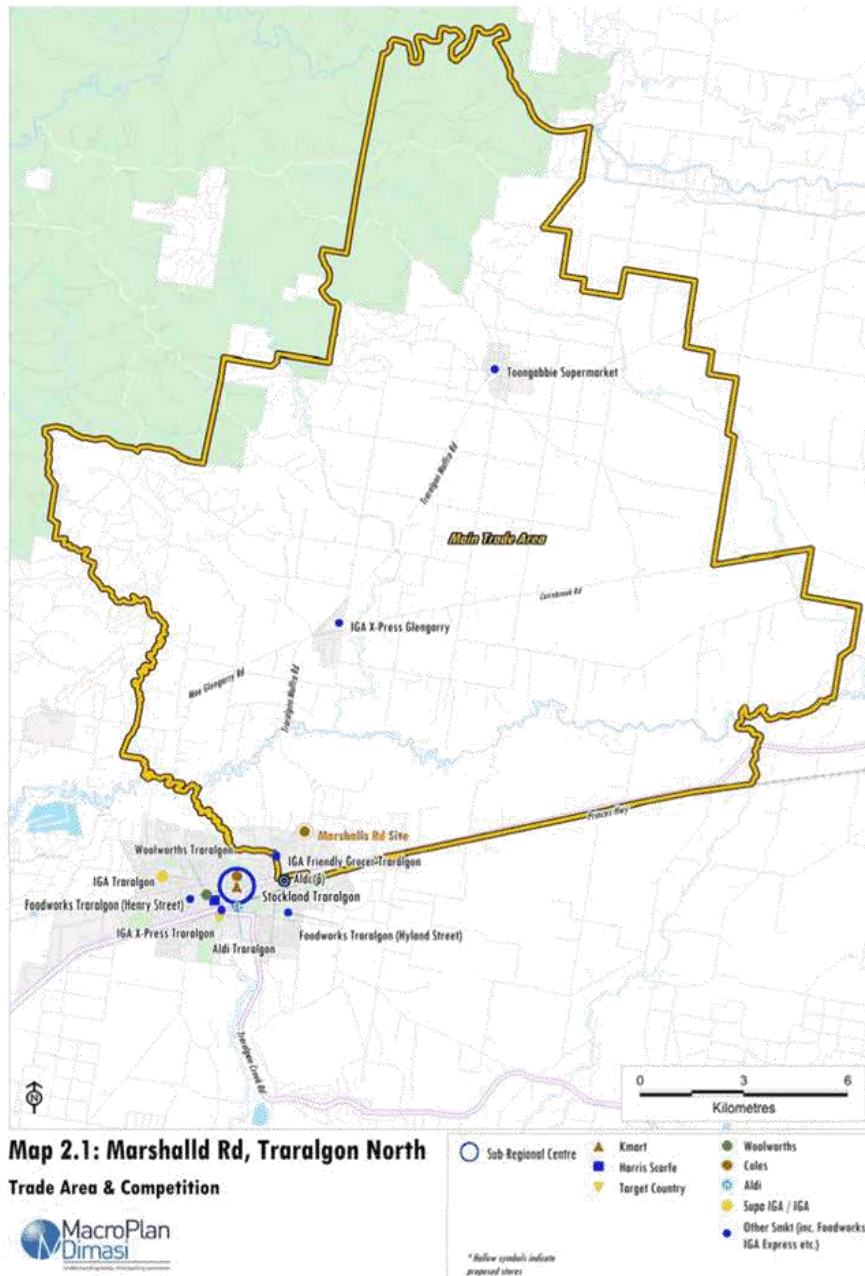

Figure 10 Trade area map from MacroPlan report

The EIA looked particularly at the demand for and competitive context of the supermarket proposed for the Marshalls Road NAC. It identified the existing smaller grocery stores in Park Lane, Glengarry and Toongabbie together with the food retailers in the Traralgon CBD as the principal competitors potentially impacted by the Marshalls Road centre.

The EIA also noted that an Aldi supermarket was proposed to be developed on Argyle Street in Traralgon's east. It noted that this new store was expected to replace the existing Aldi store in the CBD and that *'Aldi supermarkets typically serve larger catchments than other supermarket chains, and an Aldi supermarket ... would serve all of Traralgon and also the surrounding rural areas'*. It concluded that *'A new Aldi supermarket at this site (which is located immediately beyond the Marshalls Road trade area) would have no implications for a supermarket at the Marshalls Road site given the different roles the two supermarkets would serve'*.

The EIA stated that:

'in summary the Traralgon City Centre provides the main retail facilities in the region, including for the Marshalls Road trade area residents. The development of the proposed neighbourhood centre on Marshalls Road would provide existing and future trade area residents with a convenient place to undertake their food and grocery shopping in a modern centre within their local area. However, trips for non-food shopping and services would still be undertaken in the city centre, as would a portion of their supermarket shopping'.

In assessing the likely impacts of the proposed Marshalls Road NAC the EIA presented *'an indicative projection of the anticipated impacts on existing retail facilities in the region'*. It noted that *'Such projections can be considered indicative only for the simple reason that it is very difficult to predict with certainty the precise impact on any one retailer or any other centre that will result from the change of retail structure serving a particular region.'*

The EIA's key conclusions were summarised as follows:

- Following the development of the Marshalls Road NAC, the average trading impact on retailers in the Traralgon City Centre is estimated at 5.4%, including a 7.5% impact on Stockland Traralgon and 4.5% on the balance of the city centre.
- The only other retailers in Traralgon likely to experience an impact are those located on Hyland Street to the south. This impact is expected to be minor, at 2.1% on average or an estimated \$0.3 million in total.
- A large proportion of the projected impacts would be on supermarket sales at the centres in question. Non-food sales are likely to experience marginal impacts.
- The assessed impacts are considered to be reasonable and would not have any major implications for any existing retailers in Traralgon. Even allowing for the development of the Marshalls Road centre, existing retail facilities located in Traralgon are still expected to achieve sales of \$453.9 million in 2016/17, which is an increase on the current sales level of \$448.5 million.

Council commissioned Mr Nott to undertake a peer review of the EIA report prepared by MacroPlan Dimasi. His report indicated that he was in broad agreement with the conclusion of the EIA that development of the proposed NAC would not have a substantial adverse impact on the role of the Traralgon CBD as a regional centre. Mr Nott expressed the view

that Traralgon had grown large enough to provide for the development of neighbourhood activity centres as part of its retail hierarchy.

Referring to his earlier (2015) report for Council Mr Nott stated that he had prepared an alternative impact assessment which examined two scenarios that tested:

- The results of the Marshalls Road centre on its own (scenario 1); and
- The development of Marshalls Road as well as a proposed ALDI supermarket on Argyle Street in Traralgon East (scenario 2).

These scenarios resulted in a decline in overall retail sales in the Traralgon CBD of 5-7% and a decline in food and grocery sales of 14-20%. This would likely cause some rearrangement of the food and grocery sector within the CBD but the role of the CBD would not be challenged - it would continue to provide a sub-regional retail service including significant provision of food and groceries.

Mr Nott stated that his analysis, and that provided by MacroPlan Dimasi, found that the Marshalls Road supermarket would be likely to begin trading at a relatively low level – less than \$7,000 per square metre when a more normal trigger for investment is \$8,000 per square metre. However, given population growth in the catchment area and growth in resident spending, this target would be reached over time. By 2026, ten years after the opening of the centre, the supermarket should be trading well and at a level that could accommodate a minor expansion (as envisaged by the development proposal).

The impact of the Aldi proposal on the Marshalls Road Centre would be to reduce the initial retail turnover density of the supermarket at Marshalls Road from around \$6,600 per square metre to around \$6,300 per square metre. These figures are low by industry standards but have been judged acceptable by Woolworths, the proposed supermarket operator, in the context of a growing residential catchment. The low retail turnover density of the proposed supermarket at Marshall's Road would have no adverse consequences in terms of higher competitive impacts on other centres such as the Traralgon CBD.

Mr Nott concluded:

- Traralgon is growing large enough for a layer of neighbourhood centres to be introduced into the local hierarchy of activity centres. The neighbourhood centres will enable the urban area to function more equitably and efficiently. However there will inevitably be a period of adjustment.
- The proposed Marshalls Road centre will create an improved level of service for its catchment and will do this without posing a substantial risk to the role and function of the Traralgon CBD or to the existing network of centres.

Mr Chiappi, in questioning Mr Nott, drew his attention to the provisions of Clause 21.07-6 of the Latrobe Planning Scheme which, inter alia, states *'No new centres should be supported unless demand can be demonstrated as well as substantial assessment and statement that existing centres should not be detrimentally affected'* and asked if this was the test used by Mr Nott in assessing the acceptability of the impact of the proposed Marshalls Road centre. In response Mr Nott expressed the view that the wording of the clause was *'a little silly as even one new shop would cause some detrimental effect on existing centres'*.

In response to this and other questions, Mr Nott stated that:

- Development of the Marshalls Road centre would not preclude the future construction of an activity centre south of the railway line. The southern area already had a population of about 5,000 and had scope for further growth although the exact extent of this future growth will not be known until issues relating to the coal mine buffer are resolved.
- While it would be desirable for Council to prepare a Traralgon activity centre strategy, there is sufficient justification for the proposed Marshalls Road centre as it stands. The Marshall Road site is central to the northern and north eastern development areas identified in TGAR, its location on an arterial road is appropriate for a centre of this type and being further from the Traralgon CBD than the alternative Park Lane site will somewhat reduce its impact on the CBD.
- The main impact of the proposed Marshalls Road centre/ supermarket will be on the food stores in the Traralgon CBD and not on the smaller stores in Glengarry and Toongabbie. The stores in the two towns are quiet small and will primarily serve 'top up' needs. The main weekly grocery spend of most residents of the townships would already involve a trip to Traralgon.

Mr Henshall stated that having reviewed both the MacroPlan Dimasi EPA report and Mr Nott's peer review report to Council he had concluded that:

- The approach taken to retail impact assessment in the two reports is consistent with industry practice.
- The definition of the likely trade area for the Marshalls Road NAC set out in the MacroPlan Dimasi report is reasonable and takes into account the location of the Traralgon CBD.
- He did not disagree with the MacroPlan Dimasi conclusions that the proposed Marshalls Road NAC '*would provide existing and future trade area residents with a convenient place to undertake their food and grocery shopping*' and that trips for non-food shopping and accessing services '*would still be undertaken in the city centre, as would a portion of their supermarket shopping*'.
- The forecast level of initial sales per square metre (\$6,800) of the proposed supermarket was low in terms of the industry average (\$9,500/sq metre). To capture market share a supermarket operator may be content to accept a lower average sales figure in a trade area where population and sales figures are expected to grow following the initial establishment phase.
- The estimates of the impact of the Marshalls Road NAC on retail turnover in the Traralgon CBD were reasonable. Even after the development of the proposed Marshalls Road supermarket the retail turnover of the Traralgon CBD was likely to exceed the level achieved in 2013.
- From an inspection of the CBD supermarkets, and without having access to turnover figures, his impression was that the existing supermarkets were probably 'over trading'.
- The small shops in Glengarry and Toongabbie would likely continue to be used by local residents for 'top up' shopping between regular visits to supermarkets in Traralgon.

- The proposed location at the junction of an arterial and a collector road was appropriate for a NAC and was relatively central to its expected catchment.

In conclusion Mr Henshall emphasised that the economists who had reviewed the proposed development had agreed that:

- There is a need for additional food and convenience floorspace in Traralgon.
- It is appropriate to plan on the basis that neighbourhood activity centres should be part of the Traralgon retail hierarchy.
- The economic impact of the proposed NAC on existing centres/retailers will be modest.

In his evidence Mr Lee stated:

- The definition of the expected catchment for the Marshalls Road activity centre contained in the MacroPlan Dimasi report is generally sound and would represent the likely pattern of visitation to the centre. However he argued that it would be more realistic to distinguish between the primary (urban Traralgon) and secondary catchment (the smaller rural centres) areas of the centre.
- The current population of the catchment was very small to support a neighbourhood centre anchored by a full-line supermarket.
- He considered the EIA forecast of growth in the catchment population to be *'overly high when compared with recent growth rates and the official state government forecasts for the Traralgon township as a whole'*. For the EIA forecast of catchment growth to be realised the TNDP area would need to accommodate two thirds of total Traralgon population growth.
- He has significant concerns regarding the EIA's assumptions regarding the share of catchment spending that is likely to be retained by the proposed neighbourhood centre. He considers the EIA assumptions to be significantly too high given *'the small catchment size (in population terms), the extensive geographic area within the catchment, and the proximity of Traralgon town centre'*.
- Analysis by his company of the total provision of supermarket floorspace in Traralgon indicates a 2015 provision of approximately 423sqm per 1,000 population. This contrasts with a Victoria wide average of 330sqm per 1,000 population which *'does not provide strong support for the conclusion that Traralgon is undersupplied with supermarket space or that there is an overwhelming need for a new full-line supermarket on the subject site'*.
- He agrees that *'the proposed development would not lead to any diminution to the role of the Traralgon town centre'*.
- Although impacts would be felt by the small supermarkets in Glengarry and Toongabbie he agrees that these stores provide a top-up shopping role rather than competing for the major weekly grocery purchase.

In answer to questions, Mr Lee agreed that Traralgon is ready for consideration of neighbourhood centres as part of its retail hierarchy but did not agree that a neighbourhood centre on the subject site is needed. He considered that a location on the Princes Highway in Traralgon's east would be a preferable location for a neighbourhood centre. A centre in that location would be able to draw on population in both the north and east of Traralgon.

In summary, Mr Lee concluded that the EIA had somewhat overstated the net community benefit from development of the proposed Marshalls Road NAC and that further analysis leading to preparation of a Traralgon wide activity centre strategy is desirable before proceeding with the current Amendment.

5.3 Discussion

A critical issue for consideration of the current Amendment is what degree of adverse impact on existing activity centres and retailers should be considered acceptable when assessing the net community benefit associated with establishment of a new activity centre. As pointed out by Mr Chiappi, Clause 26.7-6 of the Latrobe Planning Scheme states that:

*No new centres should be supported unless demand can be demonstrated and
..... existing centres should not be detrimentally affected.*

The wording of this clause could be taken as implying that new centres should only be approved if it was expected that they would have no adverse impact on existing centres. However, Clause 26.7-6 also states that:

Town centres in Latrobe City must grow and innovate their retail offer to cater for increased demand and to remain competitive; and

Potential emerging growth areas in Morwell and Traralgon will require additional neighbourhood shopping facilities, with discrete allocation in accordance with population and household growth patterns. These centres require a consolidation of retail floor space in the order of 3,000 – 5,000sqm to best service these areas.

In the light of these latter provisions it is clear that the Clause does not envisage that new centres be ruled out if it could be argued that they would have any adverse impact on existing centres. A common sense reading of the clause would instead suggest that the relevant test should be whether a new activity centre, or the proposed size of such a centre, would materially impair the capacity of existing centres to play their role in the planned centre hierarchy for Latrobe City.

In the context of the current Amendment such a functional test would translate into two key questions - will approval of development of the Marshalls Road NAC:

- Materially effect the capacity of the Traralgon CBD to successfully fulfil its role as a sub-regional retail, service and community centre?, or
- Threaten the existing role of the small local centres (i.e. the Park Lane, Glengarry and Toongabbie centres) in providing for the day to day needs of the communities they serve?

The Panel has focussed on these questions in forming a view on the acceptability of the likely impacts of the proposed Marshalls Road NAC.

The views of the experts on these points are reasonably consistent and their conclusions are clear. All of the experts agree that:

- Traralgon has reached a size where it is appropriate to incorporate a network of neighbourhood activity centres into the retail hierarchy.
- Development of the Marshalls Road NAC will have an immediate adverse impact upon turnover in the Traralgon CBD but this impact will not be of a magnitude that

would threaten the sub-regional role of the CBD. The most detailed of the estimates is that of Mr Nott who anticipates that the impact on CBD turnover will be in the order of 5-7% overall and 12-14% in the food and groceries category. Several of the experts made the point that the loss of turnover in the CBD was likely to be made up within a few years and that there are steps that CBD retailers can and should take to strengthen their competitive position. None of the experts suggested that it was likely that existing CBD supermarkets would close (noting that the existing Aldi supermarket in the CBD is proposed to be relocated).

- There will be some impact on the smaller stores within the catchment of the Marshalls Road centre (i.e. at Park lane, Glengarry and Toongabbie). However these stores primarily serve a 'top up' shopping role for the areas in which they are located with most residents travelling into the Traralgon CBD to do their weekly food and grocery shopping. The experts all expressed the view that it is unlikely that development of the Marshall Road centre will undermine this top up role of the local centres.

In summary, the view of the experts is that development of the Marshalls Road centre will have an impact on but will not fundamentally threaten the role in the retail hierarchy of either the Traralgon CBD or the smaller local centres.

In this context it is relevant to note that Council broadly concurs with the views of the experts in terms of the likely impact of the Marshalls Road NAC on the Traralgon CBD. Council's submissions make the point that:

'While this impact will require some rearrangement of the food and grocery segment within the CBD, it will not effect its role or the level of service it can provide to the community.' Council also expressed the view that *'This is a necessary change in order to support the overall growth and function of Traralgon as an efficient and sustainable major regional city. The proposed NAC would provide a different role and function that would complement and support the higher sub-regional role of the Traralgon CBD'* and that *'If a neighbourhood centre of sufficient size to support the Traralgon North growth area is not planned and delivered in a timely manner, the role and function of the CBD would be compromised by the increased pressure and congestion in providing for convenience based shopping for residents living well outside a conveniently accessible catchment. This would impact its capacity to attract higher order investment The relatively minor impact on the CBD is outweighed by the broader social and economic benefits of the proposed (Marshall Road) centre resulting in a net community benefit.*

No evidence was presented to the Panel that would cause it to disagree with the view expressed by both the experts and the Council that, while development of the Marshalls Road NAC will have an impact upon existing centres, it is unlikely to undermine the function of either the Traralgon CBD or the local centres in the retail hierarchy of a growing Traralgon.

5.4 Conclusions

The Panel has concluded that:

- A sound case has been made for incorporation of neighbourhood activity centres into the Traralgon activity centre hierarchy.
- Development of the Marshalls Road NAC, including the proposed full-line supermarket, will have a temporary and limited adverse impact on the Traralgon CBD and local centres within its catchment. However this impact is unlikely to be of a scale that would materially affect the ability of the CBD or the local centres to fulfil their role in the Traralgon retail hierarchy.
- There is a net community benefit in approval of the current Amendment.

6 Floor space caps

6.1 The issue

The parties contested the most appropriate size for the proposed development and in particular whether it was appropriate to permit the development of a full-line supermarket as part of the proposed activity centre.

The Panel has reviewed the submissions and evidence and drawn conclusions.

6.2 Evidence and submissions

The Amendment as exhibited proposed to impose a floor space cap on the size of the Marshalls Road NAC. While none of the submissions received following the exhibition opposed or requested a change to the proposed floor space caps, the appropriateness of the proposed caps was raised as an issue during the Hearing.

Council submission

Council in its submission noted that the EIA and the Council commissioned peer review of the proposed Marshall Road NAC both conclude that the size of the proposed centre, including the future supermarket expansion and likely pad site uses, is supported and will not have a detrimental impact on the Traralgon CBD or other centres.

Council recognised the potential impact of a larger centre, which could be developed once the site is rezoned, has not been assessed and is therefore unknown. Based on the land area of the proposed C1Z, the peer review estimated that the site could physically accommodate around 8,600sqm of retail floor space. If developed all at once, a centre of that size could have a significant impact on the Traralgon CBD. Although this is considered unlikely to be viable given the location and population catchment of the site, planning must consider the potential for this to occur under the C1Z provisions.

'Shop' and 'office' uses do not require a permit under the C1Z. Although a permit is required for buildings and works, Council would have limited control over the type and size of retail and office uses once the land is rezoned. Therefore Council propose to apply a floor space cap to provide a trigger for assessment of any further expansion that might be proposed following rezoning. The Schedule to the C1Z provides the ability to apply a maximum leasable floor area for shop (other than restricted retail) and office uses, creating a land use permit trigger if development exceeds the specified cap. This mechanism is only available to areas outside metropolitan Melbourne. Council argued that floor space caps are particularly appropriate for regional cities and towns in order to establish the particular centre's place in the retail hierarchy and protect the role of the town centre.

The Amendment, as exhibited, proposed maximum floor spaces areas of 4,700sqm for shop and 780sqm for office in the Schedule to the C1Z. Council proposed in the Hearings to change this to 4500sqm for shop and 990sqm for office in order to provide greater flexibility in configuring the use of floor space in the development. This proposed floor space cap aligns with the centre size assessed as part of the Amendment. The proposed floor space caps will create a permit trigger for any future expansion beyond this size to provide an opportunity for its potential economic impact to be further assessed.

Council noted that as the exact size and uses of the potential pad sites is currently unknown and they have not been included in the retail floor space assessment and corresponding caps. However, for the purpose of the Amendment the pad sites have been considered. That is, as part of their assessment the EIA and peer review give consideration to the likely development of the pad sites in forming their overall conclusions that the proposed centre, including the potential pad sites, is appropriate. Council noted that the likely uses that would be developed on the pad sites, such as a take away food premises and petrol station and car wash, are consistent with the role and function of a neighbourhood centre. If further shop or office space was sought on these sites the floor space caps would ensure that the suitability of this land use, including its economic impact, can be considered through the planning permit process.

Stockland submission

Mr Lee, in presenting his expert evidence, specifically addressed the issue of the appropriate size of a Marshalls Road centre and the recommended floor space limits. He questioned the EIA's assessment of retail demand generated by the catchment of the Marshall Road centre and its conclusion that a neighbourhood centre of around 4,000sqm of retail floorspace is '*not only supportable at the subject site, it is required to meet the retail needs of the local population*' (EIA, p24).

He noted that the EIA conclusion is based on forecasts of the expenditure capacity generated by catchment residents, the application of 'retention rates' to predict how much spending would be directed to local retail facilities (including the proposed centre), and the conversion of this spending into floorspace potential through the use of average retail sales per square metre of floorspace. According to the EIA, the proposed centre would achieve total retail sales of \$26.0m in 2017, with the large majority (\$22.1m) generated by the supermarket.

Mr Lee said that, in his opinion, it is difficult to believe that 42% of all retail spending would be retained at the proposed neighbourhood centre and the small townships of Glengarry and Toongabbie. He argued that this assumption is unreasonable having regard to the proximity of Traralgon Town Centre just 3km from the subject site and the range and type of retail available there. He said that in the case of the food, liquor, groceries spending category, a major supermarket such as Coles or Woolworths usually captures in the order of 20-30% of available spending in its primary catchment, with these market shares falling substantially under 10% in secondary catchment sectors and that the analyses undertaken by the MPA when planning local town centres in metropolitan Melbourne's growth areas recognise that neighbourhood centres typically account for around 20-30% of total retail provision.

Mr Lee outlined the alternate analysis that he had undertaken of the retail demand generated by the identified catchment. That analysis:

- Accepted the EIA's assumed expenditure figures.
- Updated the catchment population forecasts in line with the figures presented in his evidence.

- Assumed that 75% of all spending is directed to supermarkets – which he stated is a standard industry average based on published ABS data – along with 7% of sales involving merchandise.
- Assumed a still generous market share of 45% captured by the supermarket, and
- Included provision for a generous 15% of sales generated from beyond the catchment.

On the basis of this analysis the proposed supermarket is likely to achieve very low sales performance of just \$13.9m in 2017 at an average of \$4,279/sqm. Even by 2026 the supermarket would still generate less than \$20m in sales at just over \$6,000/sqm. He stated that this compares with a current average of approximately \$11,500 per sqm for full-line Woolworths stores.

Mr Lee concluded that the total retail floorspace supportable at the subject site would be only 2,500 sqm in 2017, increasing to 3,500sqm by 2026 and that *'the proposed size of the supermarket is excessive having regard to the size of the catchment, with the result that a full-line supermarket of the size proposed would be a very poorly-performing store.'*

Other expert opinions

Mr Nott in his evidence noted that one submitter (Submission 8) had objected to the scale of the proposed neighbourhood centre – particularly the supermarket element - on the grounds that such a facility would be more suited to a much larger population and not the 4,000 to 6,000 people likely to live in Traralgon North and surrounds. The submission suggested that a supermarket of 2,000 square metres would be sufficient for this level of population. In responding to this, Mr Nott forecast that the trade area population will grow to nearly 8,000 by 2026, and will continue to grow beyond that time. This population will, in his opinion, create demand for a supermarket larger than the suggested 2,000 square metres. He estimated that the trade area residents can support 2,800 square metres of floorspace at the neighbourhood level in 2016. This is sufficient for a mid-sized supermarket of, say, 2,400 square metres, and a range of specialty food stores (bakery, butcher, bottle shop etc.). By 2026, the trade area spending will support almost 3,900 square metres of floorspace - sufficient to support a full-line supermarket and specialty stores.

Mr Nott acknowledged that the Proponent of the Marshall's Road centre has decided to build somewhat in advance of demand. He calculated that the starting sales per square metre of the proposed supermarket if built in 2016 would be only \$6,600, which is low by normal standards. However, given the forecast population growth, this appears likely to rise to more normal levels within five years or so.

He concluded that the provision of a full line supermarket by an operator who was willing to make the decision to invest to secure market share (which he said was a common practice) would be a desirable outcome for the residents of the Traralgon North development area and surrounding communities.

Mr Nott commented on the point made in one submission that although a permit for the development may be granted it may never be built, *'thereby locking up the land for Woolworths and not its competition'*. He pointed out that while a permit for development would not guarantee construction, and that the land may be dormant until better returns

can be achieved, approval of the rezoning and planning permit would give the best chance of providing a full-line supermarket service for the residents of the Traralgon North development area as it grows.

Mr Nott noted that Council proposed a cap on the retail floorspace at the Marshalls Road centre, and he observed that a cap would not be necessary if it was assumed that rational actors would cater for market demand. However he conceded that a cap may be necessary in order to reassure the community about potential impacts and to prevent unnecessary speculation by current and future developers. In this context, and given the retail analysis, an appropriate cap on retail floorspace would be the quantum of floorspace indicated in the present development proposal, including the future supermarket addition. This would allow for the development as proposed and would provide some flexibility for the owner to expand the retail provision in line with the market demand.

Mr Naughton stated that the proposed size of the development was excessive given the local population it was intended to serve and was likely to add to the market dominance of the large supermarket chains. He also doubted the need for the types of development that had been suggested for the pad sites given other facilities that already exist in the area. He expressed concern regarding the potential impact of a supermarket of the size proposed on both the smaller local centres and on the Traralgon CBD.

6.3 Discussion

There is a difference of opinion between the experts regarding the prospective turnover of the proposed supermarket. This reflects their differing judgements regarding the rate of future population growth in the centres catchment and the share of local retail demand likely to be captured by a Marshalls Road NAC. Mr Lee stated that the turnover of the proposed centre would be below industry norms, especially in its early years. Mr Nott indicated that it is not unusual for a supermarket operator to accept low initial turnover rates in order to secure market share. He argued that it is appropriate to proceed with the rezoning and to set the floorspace cap at the level proposed as this would maximise the likelihood of early development of the centre and benefit local residents.

As set out earlier in this report the evidence of all of the experts is that development of the proposed NAC will have only a limited and temporary impact on Traralgon CBD and will not undermine the day to day 'top-up' shopping function of the small centres in the catchment.

Provided that retail developments are consistent with the activity centres hierarchy proposed for the area in the relevant planning strategies, it is not the function of the planning system to limit competition or to attempt to fine tune the size or timing of private investment.

As noted earlier in this report, the Panel is satisfied that the Council has made a sound strategic case for development of a neighbourhood activity centre to serve ongoing residential development in the north of Traralgon. The Planning Scheme (clause 21.07-6 – retailing overview) suggests '*a consolidation of retail floor space in the order of 3,000 – 5,000 square metres*' for such neighbourhood centres. The floorspace cap proposed by Council as part of the current Amendment is broadly in line with the clause.

6.4 Conclusions

The Panel concludes that:

- Council's decision to incorporate a floorspace cap for the Marshalls Road NAC as part of the current Amendment is supported.
- The amended floorspace cap proposed by Council and included in the revised zone schedule in Appendix C is appropriate.

7 Traffic issues

7.1 The issue

Are the projected traffic and parking impacts of the proposed development appropriately dealt with by planning permit conditions?

7.2 Submissions

In its submission, Council noted that:

- Two submitters had raised concerns regarding traffic and safety as a result of increased traffic volumes generated by the proposed development and the new road to access the centre (and future adjoining residential area) from Marshalls Road.
- A Transport Impact Assessment (TIA) was submitted with the proposal and provides an analysis of traffic and movement implications including the proposed road access to Marshalls Road and projected traffic volumes. The TIA concludes that traffic associated with the proposed development can be adequately accommodated in the surrounding road network.
- The endorsed TNDP provides for the upgrade of Marshalls Road and the construction of a signalised intersection at Marshalls Road and Traralgon-Maffra Road. Under the Development Plan the developer of the site is required to pay contributions towards the construction of these and other infrastructure projects.
- The signalised intersection is required to be constructed at the same time as the development of the neighbourhood centre (if approved). A shared pedestrian and cycling path will also be provided along the north side of Marshalls Road.
- These traffic and pedestrian projects will significantly improve the connectivity and safety of the surrounding neighbourhood.

Both of the submitters who raised concerns regarding traffic issues appeared at the Hearing. Mr Naughton in particular raised with the Panel the potential impact of the proposed development on the intersection of the Princes Highway and Traralgon-Maffra Road and had also expressed a more general concern regarding the potential impact of the expected traffic volumes associated with the proposed activity centre on the amenity and safety of local residents. Mr Wood expressed concern regarding the lack of available detail regarding truck access to the proposed centre from the Traralgon-Maffra Road, proposals for widening of Marshall's Road and the proposed access road to the centre carpark from Marshalls Road. Mr Wood's concerns were at least in part addressed by information provided by Council at the Hearing.

VicRoads made a late submission in relation to the Amendment seeking to have the following conditions included in the planning permit:

1. *All infrastructure associated with the operation of the Arterial Road is to be contained within the Arterial Road reserve boundaries.*

Any land required to be set aside for Arterial Road purposes shall be shown as Road R1 on the Plan of Subdivision and be vested as road in the name of Roads Corporation (not VicRoads) in the vesting table of subdivision.

Following registration of the plan, the original Certificate of Title that issues in the name of Roads Corporation shall be posted to:

*VicRoads
Property Services Department
60 Denmark Street
Kew, Vic, 3101*

All costs associated with the transfer and declaration of land to be vested in the Roads Corporation and the amendment of the Latrobe City Planning Scheme to rezone the land to Road Zone (RDZ1) is to be met by the applicant.

- 2. The applicant undertakes further traffic analysis (SIDRA) on the intersections of the Princes Highway and McNairn Road and the Princess Highway Traralgon-Maffra Road. As a result of the findings provide any mitigating solutions to ensure no loss of service on the Arterial Road network. This may include, but not limited to, the requirement to re-phase the signals at these locations. Any associated works will be at no cost to VicRoads.*

In subsequent discussions between Council and VicRoads it was agreed that the first of these conditions would be included in the permit. At the time of the Hearing, the second suggested condition had not been accepted by Council.

Council submitted that, in the context of the larger TNDP development, it was not convinced that the proposed shopping centre development would have a sufficiently impact upon traffic volumes and levels of service at the Princes Highway/Traralgon-Maffra Road and Princes Highway/McNairn Road intersections to justify imposition of the condition sought by VicRoads.

Ms Franklin, appearing for VicRoads, addressed the potential impact of the proposed development on traffic volumes as follows:

- The current average PM peak traffic volume on the Traralgon-Maffra road is 255 vehicles. The traffic assessments of the proposed development undertaken as part of the amendment process indicates that this is likely by 220 vehicles per hour (representing an 80% increase on current traffic volumes).
- VicRoads believe that an increase of this magnitude will have an impact on the level of service at the Pacific Highway/Traralgon-Maffra Road intersection.
- VicRoads also believe that some residents from south of the Princes Highway are likely to use McNairn Road to access the proposed neighbourhood centre in preference to travelling in to the Traralgon CBD.
- Based upon the preliminary analysis VicRoads believes that there is likely to be a significant impact upon both Highway intersections.
- VicRoads therefore sought to have the conditions on the planning permit amended both to require the Proponent to undertake further traffic analysis and to meet any costs required to maintain the current level of service at the Princess Highway/Traralgon-Maffra Road and Princes Highway/McNairn Road intersections.

The Panel sought clarification from VicRoads regarding the nexus between the NAC development and any future reduction in the level of service at the two Princes Highway intersections. In particular, the Panel questioned the scale of the anticipated traffic impacts

on the two intersections associated with the shopping centre development, the relative contribution to increased traffic volumes from the NAC as against the residential development in the TNDP area and the extent to which earlier traffic planning for the intersections would have made allowance for an increase in traffic volumes likely to be associated with the activity centre previously proposed for Park Lane.

The Panel requested VicRoads, Council and the Proponent consult further with a view to suggesting revised, and less open ended wording, for the condition sought by VicRoads.

While not accepting that the proposed development would have a material impact upon the level of service at the two intersections, the Council subsequently proposed the following alternative wording for the planning permit condition:

Condition 54 – The permit operator must:

- a) Prior to the commencement of the development, undertake traffic analysis (SIDRA) on the intersections of the Princes Highway and McNairn Road and the Princes Highway and Traralgon-Maffra Road to identify whether any mitigation measures are required to ensure no loss of service on the Arterial Road network based on the increased traffic movement expected as a result of the approved development only.*
- b) If mitigation measures are required as per (a) above, provide identification of any such costs associated with these works.*
- c) The cost apportioned to the development in relation to any mitigation measures required must be based on the percentage increase of the traffic movements at maximum levels as per the approved planning permit and endorsed plans (as amended from time to time).*
- d) The cost apportioned to the development as per (c) above must be provided prior to certificate of occupancy being issued for the supermarket or as otherwise agreed by the responsible authority.*
- e) The above conditions must be addressed to the satisfaction of the responsible authority in consultation with VicRoads.*

A submission on the exhibited Amendment from Public Transport Victoria requested the designation of Marshalls Road as a bus route and the imposition of a permit condition requiring Marshalls Road to be constructed to a standard suitable for public transport access together with the provision of a bus stop on either side of Marshalls Road adjacent to the proposed activity centre. Council's view was that the requested conditions were unnecessary as the widening of Marshalls Road and the provision of bus stops are included in the TNDP.

Following the Directions Hearing, Council had discussions with PTV in response to their submission resulting in their submission being resolved.

The planning permit application seeks a reduction in the car parking requirements. The Proponent has calculated that 256 to 259 car spaces are required under clause 52.06. The application proposes to provide 245 spaces.

The Proponent submitted a Traffic Impact Assessment for the development prepared by GTA consultants that noted that surveys of shopping centres in Victoria with supermarkets under 10,000sqm indicated a peak parking demand of 4.1 spaces per 100sqm rather than the 5 spaces per 100sqm required under clause 52.06.

Mr Wood opposed any reduction of car parking, submitting that Council should review its overall parking provisions to ensure fairness across the municipality.

Council has determined that the provision is sufficient and proposes that the proposed reduction of 14 spaces be approved. In reaching this conclusion, Council submitted that consideration should be given for multi-purpose trips and consolidation of shared spaces.

7.3 Discussion

The Panel considers that the wording of the revised condition 54 as proposed by Council is clearer in its effect than the form of words originally suggested by VicRoads.

The Proponent has indicated that it is willing to accept the condition in this revised form. It is not known whether VicRoads accept the wording of this condition, but it would seem to the Panel to achieve the intent of VicRoads' submission.

Together with the existing traffic related conditions the amended condition will be sufficient to ensure that the Proponent meets the costs of any traffic works that may be required to provide for the direct impacts of the development. The Panel agrees with Council that it is unlikely that the development will trigger any works, but the Panel sees no harm in including the additional clause to protect the functionality of the traffic network.

The Panel agrees that the proposed car parking reduction is appropriate. It is reasonable to assume there will be some shared trips and the clause 52.06 requirement of 5 spaces per 100sqm is conservative. The proposed reduction of 12 to 15 spaces represents a modest reduction and should not cause any parking capacity issues.

7.4 Conclusions

The Panel concludes that:

- The planning permit should be revised to incorporate the new condition 54 in relation to possible future works at the the intersections of the Princes Highway and McNairn Road and the Princes Highway and Traralgon-Maffra Road, as proposed by Council and accepted by the Proponent.
- The proposed parking reduction is appropriate.

8 Amenity issues

8.1 The issue

Are the expected amenity impacts of the proposed development appropriately dealt with by planning permit conditions?

8.2 Submissions

Mr Naughton in his submission raised a number of concerns with regard to the potential impacts of the proposed NAC development on the amenity of surrounding residential areas. In particular he expressed concerns regarding:

- The aesthetics of the proposed building and the visual dominance of the development in the landscape given that it will be located at the highest point of the TNDP area.
- The spillover of lighting from the supermarket/NAC and associated car parks onto adjacent residential areas ('light pollution').
- Noise associated with extended hours of operation of the supermarket.
- The possibility of air pollution associated with the operation of shops in the NAC.

In response, Council advised that the hours of operation and noise standards specified in the proposed planning permit are in accordance with state standards.

8.3 Discussion

The Panel has reviewed the conditions proposed to be incorporated into the planning permit as they relate to the amenity issues raised by Mr Naughton. The proposed conditions include requirements relating to:

- Noise from the premises not exceeding the limits prescribed by the State Environment Protection Policy (Control of Noise from Commerce, Industry and Trade) No. N-1.
- A noise assessment is to be prepared by a qualified person within 6 months of the shopping centre opening, or as agreed in writing by the Responsible Authority, to demonstrate compliance with SEPP N-1.
- The use of silent type security alarms to further limit noise impacts on adjacent land uses.
- External lighting to be designed, baffled and located so as to prevent any adverse effect on adjoining land.
- Permitted hours of operation of the loading dock including specific limits upon the hours during which delivery vehicles can reverse into the loading dock. All deliveries to the supermarket must be made through the loading dock.
- Submission of detailed plans for the proposed treatment of the interface between the shopping centre and the residential land to the north of the subject site 'to demonstrate how the interface will be appropriately visually screened to the satisfaction of the Responsible Authority'.

These specific conditions are supplemented by a general requirement that the operation of the shopping centre must be managed so that the amenity of the area is not adversely affected, including through the:

- Transport of materials (or) goods to or from the land.
- The appearance of any buildings, works or materials.
- The emission of noise, artificial light, vibration, smell, fumes, ... (and) waste products.

The Panel believes that these conditions are sufficient to enable the Council to manage the potential for adverse noise, light and pollution impacts on adjoining residential areas.

The aesthetics of building design will always be a matter of personal opinion and views on any building will vary. However, the Panel notes that the design of the proposed building is of a professional standard and that an attempt has been made in both the building and landscape design to break up the bulk of the building especially as seen from Marshalls Road and the Traralgon-Maffra Road. In finalising of the planning permit Council will need to pay particular attention to screening of the relatively blank northern and western walls.

While the proposed building is located at the highest point of the TNDP area the relatively gentle slope should enable, over time, landscaping to partly screen and soften the bulk of the building when viewed from residential areas. In this context the Panel notes that as the adjoining residential areas are not yet developed future residents considering the purchase of properties close to the proposed activity centre will be able to exercise their own judgements regarding its amenity impact.

8.4 Conclusions

The Panel concludes:

- The conditions included in the revised draft planning permit are adequate to enable the Council to effectively manage the potential for any adverse amenity impacts upon adjacent residential areas.

9 Form and content of the proposed Amendment and permit

9.1 The issue

Are the form and content of the proposed Amendment and planning permit appropriate?

9.2 Summary of conclusions

In summary, for the reasons set out in the report, the Panel has drawn the following conclusions:

- The Amendment is strategically well founded.
- The provision of a neighbourhood activity centre is justified by the projected population growth expected in the north of Traralgon.
- On balance the subject site is a suitable location for a neighbourhood activity centre. The proposed changes to the Traralgon Structure Plan at Clause 21.05 are appropriate.
- Development of the Marshalls Road NAC, including the proposed full-line supermarket, will have a temporary and limited adverse impact on the Traralgon CBD and local centres within its catchment, but that this impact unlikely to be of a scale that would materially affect the ability of the CBD or the local centres to fulfil their role in the Traralgon retail hierarchy.
- There is a net community benefit in approval of the current Amendment.
- The proposed floor space caps, as amended are appropriate.
- The planning permit should be revised to incorporate the new condition 54 in relation to possible future works at the the intersections of the Princes Highway and McNairn Road and the Princes Highway and Traralgon-Maffra Road, as proposed by Council and accepted by the Proponent.
- The proposed parking reduction is appropriate.
- The other conditions proposed in the revised draft planning permit are appropriate.

9.3 Amendment C89

Panel accepts the changes to the maximum floorspace areas as proposed by Council in the Hearing and as shown in the revised C1Z Schedule attached as Appendix C.

No other changes are recommended.

9.4 Planning permit 2015/113

Council proposed a number of minor changes to the planning permit conditions as follows:

- Clause 1 – clarifications in relation to the ‘future expansion area’ and other minor changes.
- New clause 27 – clarifies the noise requirements.
- New clauses 31 and 32 – add requirements of DELWP in relation to native vegetation offsets.
- New clause 47 – additional telecommunications requirements.
- New clause 53 – VicRoads’ clause clarifying requirement for land set aside for roads.

- New Clause 54 – VicRoads' clause in relation to traffic works at the intersections of the Princes Highway and McNairn Road and the Princes Highway and Traralgon-Maffra Road.

The Panel supports the minor changes proposed and has included all in the Panel preferred version included as Appendix D.

As discussed in Chapter 7, the Panel supports the addition of the proposed new clause 54 to clarify the developers potential obligation for traffic works at the intersections of the Princes Highway and McNairn Road and the Princes Highway and Traralgon-Maffra Road.

9.5 Recommendations

The Panel recommends that:

1. **Amendment C89 to the Latrobe Planning Scheme be adopted as exhibited, subject to the change to the Schedule to the Commercial 1 Zone as shown in Appendix C to this report.**
2. **Planning Permit 2015/113 be approved subject to the changes as shown in Appendix D to this report.**

Planning permit application 2015/113 | Panel Report | 2 February 2016

PLANNING PERMIT

NOTE 1. GRANTED UNDER DIVISION 5 OF
PART 4 OF THE PLANNING AND
ENVIRONMENT ACT 1987

Permit No.: 2015/113

Planning Scheme: Latrobe Planning Scheme

Responsible Authority: Latrobe City Council

ADDRESS OF THE LAND:

Part 145 Traralgon-Maffra Road, Traralgon

THE PERMIT ALLOWS:

Buildings and works associated with a supermarket and shops, two lot subdivision, removal of native vegetation, reduction in the car parking requirement and creation of access to a Road Zone Category 1.

THE FOLLOWING CONDITIONS APPLY TO THIS PERMIT:

Amended Plans Condition

1. Prior to the commencement of works, amended plans must be submitted to and approved by the Responsible Authority. The plans must be generally consistent with those provided by modified to show:
 - a) [Deletion of the 'future expansion area' on the Site Plan and replaced with landscaping to appropriately screen the building façade.](#)
 - b) [A note on the Ground Floor Plan that the 'future expansion area' is indicative only and not forming part of this application.](#)
 - c) [Removal of references to advertising signage on the Site Plan.](#)
 - d) [A note on the elevations stating that advertising signage shown is indicative only and subject to a separate planning permit application.](#)
 - e) [Greater articulation along the eastern and western building façades.](#)
 - f) [Details of the height and finish of the retaining wall along Traralgon-Maffra Road.](#)
 - g) [Correction to the materials schedule on the elevations to distinguish between the two 'G' materials.](#)
 - h) [Detailed elevation\(s\) and/or section\(s\) of the interface with residential land to the north showing the change in ground level \(lowest and highest\), retaining wall, boundary fence, landscaping, lighting, loading area and rear façade of the development to demonstrate how the interface will be appropriately visually screened to the satisfaction of the Responsible Authority.](#)
 - i) [2m road widening of Marshalls Road and 10m reserve with Gippsland Water easement shown on the Site Plan and Plan of Subdivision.](#)
 - j) [Any land required to be set aside for Arterial Road purposes shown as Road R1 in the name of Roads Corporation \(not VicRoads\) in the vesting table on the Plan of Subdivision.](#)
 - ak) Landscaping in accordance with an endorsed landscape plan under Condition 9.

When approved, the plans will be endorsed and will then form part of the permit.

General Conditions

2. The development as shown on the endorsed plans must not be altered without the written consent of the Responsible Authority.

3. Upon completion of the works, the site must be cleared of all excess and unused building materials and debris to the satisfaction of the Responsible Authority.
4. Once building works have commenced they must be completed to the satisfaction of the Responsible Authority.
5. All buildings and works must be maintained in good order and appearance to the satisfaction of the Responsible Authority.
6. Any assets required to be relocated to facilitate the development must be done so at the cost of the applicant and subject to the relevant authority's consent.
7. All pipes (except down-pipes), fixtures, fittings and vents servicing any building on the site must be concealed in service ducts or otherwise hidden from external view to the satisfaction of the Responsible Authority.
8. No plant, equipment, services or architectural features other than those shown on the endorsed plan are permitted above the roof level of the building/s except with written consent of the Responsible Authority.

Landscaping Conditions

9. Prior to the commencement of any works, an amended landscape plan must be submitted to and approved by the Responsible Authority. The plan must include, to the satisfaction of the Responsible Authority:
 - a) Landscaping and planting within all open areas of the site;
 - b) Larger shade trees and additional trees within the car park area;
 - c) Additional species added to the pallet of trees, shrubs and grasses. This should incorporate specified that have been approved in the approved residential subdivision on the balance of the site;
 - d) The shared path along the eastern and southern boundaries of the site;
 - e) Trees near the path on the southern side of the development to provide a consistent streetscape approach with the adjoining residential subdivision;
 - f) Greater tree coverage on the eastern side of the development;
 - g) Greater buffer planting and increased diversity of plant species with a range of heights and forms on the eastern side of the development;
 - h) Fencing and landscaping along the northern boundary of the site to appropriately screen the loading zone area from the residential interface;
 - i) Clear detail of proposed temporary landscape treatment for the 'pad sites' on the southern part of the site. This can be in the form of a separate interim landscape plan but must be submitted and approved together with the overall landscape plan;
 - j) New plantings including their layout in the new road reserve on the western side of the site and in any public open space areas;
 - k) A detailed planting schedule of all proposed trees, shrubs and groundcovers, including botanical names, common names, pot sizes, sizes at maturity and quantities of each plant;
 - l) All proposed open space and streetscape embellishments (including materials and finishes) such as installation of pathways, garden beds, seating, shelters, picnic facilities, boardwalks, tree planting, signage, drinking fountains, irrigation systems, playgrounds, artwork, retaining walls, protective fencing (temporary and permanent), wetlands and ornamental water bodies;
 - m) Detailed planting and construction drawings including site contours and any proposed changes to existing levels including any structural elements such as retaining walls, viewing decks, boardwalks or bridges;
 - n) Additional supporting information, such as certified structural designs or building forms;
 - o) Vehicle access points for maintenance purposes;
 - p) Mechanisms/structures or landscaping for the exclusion of vehicles from landscaped areas were necessary;

- q) The removal of existing disused structures, foundations, pipelines or stockpiles and the eradication of weeds;
- r) Design and construction layouts for equipment in playground areas;
- s) All proposed street-tree planting using semi-advanced trees, with minimum container size of 45 litres;
- t) Location of public lighting; and
- u) A detailed maintenance plan for all proposed landscape features. This plan must include minimum maintenance standards that will be met during the permit holders maintenance period of the development generally in accordance with the Responsible Authority's current maintenance standards for the following:
 - Grass cutting heights
 - Weed treatment
 - Plant care and replacement
 - Tree watering and care
 - Litter management
 - Mulch coverage
 - Street furniture maintenance/repairs
 - Playground defects or damage

When approved, the plan will be endorsed and will then form part of the permit.

10. Prior to the occupation of the buildings or by such later date as is approved by the Responsible Authority in writing, the landscaping works shown on the endorsed plans must be carried out and completed to the satisfaction of the Responsible Authority.
11. The landscaping shown on the endorsed plans must be maintained to the satisfaction of the Responsible Authority, including that any dead, diseased or damaged plants are to be replaced.

Development Conditions

12. Before the commencement of any works hereby permitted or prior to the certification of the plan of subdivision under the Subdivision Act 1988 (whichever is earlier), a site drainage plan, including levels or contours of the land and all hydraulic computations, must be submitted to and approved by the Responsible Authority. When approved, the plan will be endorsed and will then form part of the permit. The drainage plan must be prepared in accordance with the requirements of Latrobe City Council's Design Guidelines and must provide for the following:
 - a) How the land including all buildings, open space and paved areas and stormwater from upstream areas will be drained to the legal point of discharge for a 1 in 10 year ARI storm event.
 - b) An underground pipe drainage system conveying stormwater discharge to the legal point of discharge.
 - c) A drainage system providing for all stormwater discharging from the land to be conveyed to the legal point of discharge. The pipe drainage system must be designed to take the 1 in 10 year ARI storm event.
 - d) Mitigation of potential detriment to downstream landholders resulting from increased stormwater volumes or concentrated stormwater discharges.
 - e) Details (including on-site detention) to ensure that stormwater discharge from the land must be limited to pre-development flows and to ensure that there are no adverse effects on flooding either upstream or downstream of the development.
 - f) All stormwater discharging from the land must be discharged so as not to cause erosion or flooding to the subject or surrounding land.
 - g) Provision of over-land surcharge routes and cut-off drains and associated infrastructure for the safe and effective passage of stormwater flows arising from areas upstream of the subject land.
13. Appropriate measures must be implemented throughout the construction stage of the development to rectify and/or minimize mud, crushed rock or other debris being carried onto public roads or footpaths from the subject land, to the satisfaction of the Responsible Authority.

14. Before the use commences of the development hereby permitted, or by such later date as is approved by the Responsible Authority in writing, the following works must be completed in accordance with the endorsed plans and to the satisfaction of the Responsible Authority:
 - a) All drainage works must be constructed in accordance with the approved site drainage plan.
 - b) The areas shown on the endorsed plans for vehicle access, loading and car parking must be constructed to such levels that they can be used in accordance with the approved plans including surfacing with an all-weather sealed surface, drained, line marking to indicate each car space and all access lanes; and clearly marked to show the direction of traffic along access lanes and roadways.
15. Before the use commences of the development hereby permitted, or by such later date as is approved by the Responsible Authority in writing, all road works, drainage and other civil works associated with the construction of the road identified as Lighthorse Avenue must be completed for the full length of this road's abuttal to the proposed development, to the satisfaction of the Responsible Authority, in accordance with the engineering plans and specifications approved by the Responsible Authority.
16. Where proposed, all lighting used to externally illuminate buildings, works and uses shall be fitted with cut-off luminaries (baffles), so as to prevent the emission of direct and indirect light onto adjoining roadways, land and premises to the satisfaction of the Responsible Authority.
17. The areas set aside for car parking, access lanes and driveways must be maintained in a continuously useable condition to the satisfaction of the Responsible Authority.
18. The loading and unloading of goods from vehicles must only be carried out on the land subject to this permit and must not disrupt the circulation and parking of vehicles on the land.
19. Car spaces, access lanes and driveways must be kept available for these purposes at all times.

Amenity Conditions

20. All security alarms or similar devices installed on the land must be of a silent type in accordance with any current standard published by Standards Australia International Limited and be connected to a security service.
21. Any external lighting must be designed, baffled and located so as to prevent any adverse effect on adjoining land to the satisfaction of the Responsible Authority.
22. The loading and unloading of vehicles and the delivery of goods must at all times be undertaken within the boundaries of the subject land unless with the written consent of the Responsible Authority.
23. The loading zone at the rear of the supermarket may operate only between the hours of:
 - 7.00 am — 10.00 pm Monday to Saturday
 - 9.00 am — 10.00 pm Sundays and public holidaysunless with the written consent of the Responsible Authority.
24. A Loading Management Plan for the loading bay at the rear of the supermarket must be submitted to and approved by the Responsible Authority. Supermarket loading must be conducted in accordance with this Plan. The Plan must provide for the following:
 - a) Signage/devices to restrict loading vehicles to enter from Traralgon-Maffra Road only;
 - b) Loading must occur from within the loading bay designated on the approved plans under this permit.
 - c) Loading may only occur between the hours of
 - 7.00 am — 10.00 pm Monday to Saturday
 - 9.00 am — 10.00 pm Sundays and public holidays
 - d) Trucks requiring to reverse into the loading bay may only do so between the hours of
 - Monday to Friday 7 am to 4 pm
 - Saturday 7 am to 9 pm
 - e) All deliveries to the supermarket must be made through the loading bay only.
25. Goods or packaged materials must not be stored or left exposed outside the building so as to be visible to the public from a road or other public place.

- [26](#) Noise from the premises must not exceed limits prescribed by the State Environment Protection Policy (Control of Noise from Commerce, Industry and Trade) No. N-1.
- [2627](#) Within 6 months of the commencement of the use associated with the development, or as agreed in writing by the Responsible Authority, a noise assessment prepared by a qualified person must be provided to the satisfaction of the Responsible Authority demonstrating compliance with SEPP N-1 in accordance with Condition 26.
- [2728](#) The use must be managed so that the amenity of the area is not detrimentally affected, through the:
- transport of materials, goods or commodities to or from the land;
 - appearance of any building, works or materials;
 - emission of noise, artificial light, vibration, smell, fumes, smoke, vapour, steam, soot, ash, dust, waste water, waste products, grit or oil;
 - presence of vermin
- or otherwise, to the satisfaction of the Responsible Authority.

Native Vegetation Offset Conditions

- [2829](#) In order to offset the removal of one scattered tree with a strategic biodiversity score of 0.105 approved as part of this permit, the permit holder must provide a native vegetation offset that meets the following requirements, and is in accordance with the *Permitted clearing of native vegetation – Biodiversity assessment guidelines* (DEPI 2013) and the *Native vegetation gain scoring manual* (DEPI 2013):

The offset must:

- contribute a gain of 0.002 general biodiversity equivalence units
- be located within the West Gippsland Catchment Management Authority boundary and the Latrobe municipal district if available
- have a strategic biodiversity score of at least 0.084

- [2930](#) Before any native vegetation removal approved under this permit commences, evidence that the required offset has been secured must be provided to the satisfaction of the responsible authority. Offset evidence must be:

- a security agreement for the offset site or sites that complies with the *Permitted clearing of native vegetation – Biodiversity assessment guidelines* (DEPI 2013), including a 10 year offset management plan that has been endorsed by the responsible authority; and/or:
- a credit register extract from the Native Vegetation Credit Register.

A copy of the offset provided will then be endorsed by the Responsible Authority and form part of this permit.

- [31](#) Within 30 days of endorsement of the offset evidence by the Responsible Authority, a copy of the endorsed offset evidence must be provided to Regional Planning and Approvals at the Traralgon regional office of the Department of Environment, Land, Water and Planning.

- [32](#) Where offsets are not secured on the Native Vegetation Credit Register, annual monitoring and reporting is required. Details of annual monitoring and reporting must be included in the endorsed offset plan, and must comply with the requirements of *Permitted clearing of native vegetation – First party general offset kit* (DEPI 2014), or to the satisfaction of the Department of Environment, Land, Water and Planning. Annual offset reports must be provided to the Responsible Authority by the anniversary date of the execution of the offset security agreement, for a period of ten consecutive years. After the 10th year, the landowner must provide a report at the reasonable request of the statutory authority.

- [3033](#) Before the commencement of any works, the permit holder must advise all persons undertaking the vegetation removal/works on site of all relevant conditions of this permit.

Subdivision Conditions

3134 Plans submitted for certification under the Subdivision Act 1988 must show to the satisfaction of the Responsible Authority:

- a) Easements for drainage purposes,
- b) Road reserve widths complying with the Traralgon North Development Plan and the endorsed plans under this permit,
- c) Splays, a minimum of 3 metres by 3 metres unless required otherwise, at all intersections of the local road network, and
- d) Street names complying with the requirements of the Department of Environment and Primary Industry's "Guidelines for Geographic Names 2010".

3235 Prior to the lodgement of engineering construction plans and specifications for any road works for the subdivision, a functional layout plan for the subdivision must be submitted to and approved by the Responsible Authority. When approved the functional layout plan will be endorsed and will then form part of the permit. The functional layout plan must be drawn to scale with dimensions and an electronic copy (PDF) provided. The functional layout plan must incorporate the following:

- a) A fully dimensioned subdivision layout, including proposed street names, approximate lot areas, lot numbers and widths of street reservations.
- b) All works from the Infrastructure Schedule of the Traralgon North Development Plan identified in accordance with the provisions of the Section 173 Agreement on title.
- c) Topography and existing features, including contours for the subject land and any affected adjacent land.
- d) The location of all trees (or group of trees) existing on the site, including dead trees and those that overhang the site from adjoining land.
- e) Details of tree protection zones (TPZs), for all trees to be retained on site (if any).
- f) Any trees proposed for removal from the site clearly designated.
- g) Typical cross-sections for each street type, dimensioning individual elements, services offsets and street trees.
- h) Details of intersection treatments and traffic calming measures in accordance with Latrobe City Council's Design Guidelines and Austroads' Guide to Traffic Management.
- i) The provision of roundabouts at all cross-road intersections.
- j) Location and alignment of kerbs, indented parking spaces, footpaths, shared paths, bus stops, line marking and traffic controls.
- k) The proposed minor drainage network.
- l) Preliminary location of reserves for electrical kiosks;
- m) Works external to the subdivision, including both interim and ultimate access requirements.
- n) Intersections with roads external to the subdivision.

3336 Prior to the commencement of any road, drainage or landscaping works associated with the subdivision, a Site Management Plan shall be submitted to and approved by the Responsible Authority. When approved, the Site Management Plan will be endorsed and will then form part of the permit. The Site Management Plan must include:

- a) Traffic management measures - the plan must detail measures proposed to protect and maintain vehicle use of the existing road system and pedestrians using existing footpaths adjacent to the development, how site access will be obtained, how construction vehicles will access and egress the site and the management of public access to the site. The plan must include details of all signage on adjacent roads.
- b) Construction management measures - the plan must outline how issues such as deliveries, noise, mud on roads, and dust generation will be managed onsite during the construction phase. Details of a

contact person/site manager must also be provided, so that this person can be easily contacted should any issues arise.

- c) An environmental management plan for the works detailing techniques for erosion prevention, temporary drainage and sediment control measures and vegetation protection during the construction of the works and post construction. Reference should be made to the Environment Protection Authority's publication 960 'Doing it right on subdivisions'.
- d) Cultural protection issues – the plan must demonstrate how the recommendations of any Cultural Heritage Management Plan applying to the land are to be carried out.

3437 Control measures in accordance with the approved Site Management Plan shall be employed throughout the construction of the works to the satisfaction of the Responsible Authority. The Responsible Authority must be kept informed in writing of any departures from the Site Management Plan. If in the opinion of the Responsible Authority the departure from the approved plan is significant then an amended plan must be submitted to and approved by the Responsible Authority. The approved measures must be carried out continually and completed to the satisfaction of the Responsible Authority.

3538 Polluted drainage must be treated and/or absorbed on the lot from which it emanates to the satisfaction of the Responsible Authority. Polluted drainage must not be discharged beyond the boundaries of the lot from which it emanates or into a watercourse or easement drain.

3639 Prior to the commencement of any road and/or drainage works for the subdivision, detailed engineering plans and specifications must be submitted to the satisfaction of and approved by the Responsible Authority. The engineering plans must be generally in accordance with the approved Functional Layout Plans and consistent with the approved landscape detail plans. When approved the plans will be endorsed and will then form part of the permit. The plans must be drawn to scale with dimensions and electronic copies in both PDF and DWG formats must be provided. The plans must include:

- a) All works from the Infrastructure Schedule of the Traralgon North Development Plan identified in accordance with the provisions of the Section 173 Agreement on title.
- b) Design and construction of all new roads including connections to existing roads. Roads shall be designed and constructed in accordance with the Traralgon North Development Plan, the endorsed plans and Latrobe City Councils "Design guidelines".
- c) Temporary vehicle turnarounds at the ends of streets to be continued in future stages, including a low maintenance sealed surface. Turning areas must be a minimum of 20 metres in diameter.
- d) Concrete footpaths along both sides of all proposed streets, unless otherwise required and 2.5 metre minimum width concrete shared pedestrian/bicycle paths through all reserves to be provided in accordance with Latrobe City Council's Design Guidelines and the endorsed plans.
- e) Underground piped drainage to each lot and provision of over-land surcharge routes and cut-off drains. Drainage plans must include hydraulic computations. The stormwater drainage system must:
 - Be designed to take the 1 in 5 year ARI storm event,
 - Meet the current best practice performance objectives for stormwater quality as contained in the "Urban Stormwater Best Practice Environmental Management Guidelines, CSIRO 1999" as amended,
 - Ensure that flows downstream of the subdivision site are restricted as proposed in the endorsed Stormwater Management Plan.
- f) Provisions shall be made for stormwater from all storm events greater than the 1 in 5 year event and up to and including the 1 in 100 year ARI storm event including:
 - Provision of over-land stormwater surcharge routes and cut-off drains for the safe and effective passage of stormwater flows arising from both within the development and from areas upstream of the development.
 - All new and existing lots should be free from inundation.
 - All streets, footpaths and cycle paths that are subject to flooding must meet the safety criteria $d_{avg} v_{avg} < 0.35 \text{ m}^2/\text{s}$ (where d_{avg} = average depth in metres and v_{avg} = average velocity in metres per second).

- g) Appropriate intersection treatments and traffic calming measures in accordance with Latrobe City Council's Design Guidelines and Austroads' Guide to Traffic Management.
 - h) The provision of roundabouts at all cross-road intersections. Roundabouts must be designed in accordance with Austroads "Guide to Road Design".
 - i) Street lighting in accordance with Australian Standard AS1158, along all new roads and all new shared paths and upgraded street lighting at the locations of proposed intersection works external to the development.
 - j) All traffic signage, street name signage and road pavement line marking.
 - k) High stability permanent survey marks at locations in accordance with Latrobe City Council's Design Guidelines, levelled to the Australian Height Datum and coordinated to the Map Grid of Australia (MGA94).
- 3740** Before a Statement of Compliance is issued for this subdivision under the Subdivision Act 1988, the operator of this permit must construct road works, drainage and other civil works to the satisfaction of the Responsible Authority, in accordance with the engineering plans and specifications approved by the Responsible Authority and must include:
- a) All works from the Infrastructure Schedule of the Traralgon North Development Plan identified in accordance any agreement entered with the Responsible Authority.
 - b) All proposed new roads in accordance with the endorsed plans.
 - c) Concrete footpaths along both sides of all proposed streets and shared pedestrian/bicycle paths through all reserves to be provided in accordance with the endorsed plans and Latrobe City Council's Design Guidelines.
 - d) Intersection treatments and traffic calming measures.
 - e) Underground piped drainage to convey stormwater from each lot to the legal point of discharge for the 1 in 5 year ARI storm event.
 - f) Works to ensure that flows downstream are in accordance with the approved stormwater management plan.
 - g) Works to ensure the stormwater management system meets current best practice performance objectives for stormwater quality.
 - h) Provisions for stormwater from all storm events greater than the 1 in 5 year event and up to and including the 1 in 100 year ARI storm event including:
 - i. Provision of over-land stormwater surcharge routes and cut-off drains for the safe and effective passage of stormwater flows.
 - ii. Arrangements for the capture of overland stormwater flows from adjacent upstream areas not previously developed.
 - iii. All new and existing lots should be free from inundation.
 - iv. All streets, footpaths and cycle paths that are subject to flooding must meet the safety criteria $d_{avg} v_{avg} < 0.35 \text{ m}^2/\text{s}$ (where d_{avg} = average depth in metres and v_{avg} = average velocity in metres per second).
 - i) Earthworks within the development to ensure that vehicle access can be obtained to each proposed allotment.
 - j) Street lighting along all new roads and shared paths and upgraded street lighting at the locations of proposed intersection works with external roads.
 - k) All traffic signage, street name signage and road pavement line marking.
 - l) The installation and registration of high stability permanent survey marks.
 - m) Provision of temporary vehicle turnarounds with a low maintenance sealed surface, at the end of all streets proposed to be continued in a later stage of the development where there are new lots with frontage onto the completed sections of those streets.

- [3841](#) Before a Statement of Compliance is issued for any stage of this subdivision under the Subdivision Act 1988, the operator of this permit must pay to Latrobe City Council:
- a) For all works to become the responsibility of Latrobe City Council at the expiry of the maintenance period, an engineering plan checking fee of an amount equivalent to 0.75% of the estimated cost of constructing the works proposed on the engineering plans,
 - b) For all works to become the responsibility of Latrobe City Council at the expiry of the maintenance period, an amount equivalent to 2.5% of the estimated cost of constructing the works which are subject to supervision.
- [3942](#) Before a Statement of Compliance is issued for any stage of this subdivision under the Subdivision Act 1988, the operator of this permit must provide to the satisfaction of the Responsible Authority:
- a) Final as-built plans for all works to become the responsibility of Latrobe City Council at the expiry of the maintenance period, in an electronic format complying with A-Spec requirements, levelled to the Australian Height Datum and coordinated to the Map Grid of Australia (MGA94).
- [4043](#) Before a Statement of Compliance is issued for this subdivision under the Subdivision Act 1988, the maintenance period, including any defects liability period, for all works to become the responsibility of Latrobe City Council, must be completed to the satisfaction of the Responsible Authority unless an arrangement to secure compliance with this condition has been agreed to in writing by the Responsible Authority under Section 21(1)(b)(ii) of the Subdivision Act 1988.
- [4144](#) Unless otherwise required in this permit, all works to become the responsibility of Latrobe City Council at the expiry of the maintenance period, shall be maintained by the operator of this permit for a period of three months from the date of practical completion of the works. Maintenance of road works shall include all inspections required in accordance with Latrobe City Council's Road Management Plan. At the end of this maintenance period, a Defects Liability Period of nine months shall then apply to the works at the end of which time Final Completion of the works will be issued.
- [4245](#) The layout of the subdivision as shown on the endorsed plan must not be altered without the permission of the Responsible Authority.
- [46](#) The owner of the land must enter into agreements with the relevant authorities for the provision of water supply, drainage, sewerage facilities, electricity, gas and telecommunication services to each lot shown on the endorsed plan in accordance with the authority's requirements and relevant legislation at the time.
- [47](#) The owner of the land must enter into an agreement with:
- a) [A telecommunications network or service provider for the provision of telecommunication services to each lot shown on the endorsed plan in accordance with the provider's requirements and relevant legislation at the time; and](#)
 - b) [A suitably qualified person for the provision of fibre ready telecommunication facilities to each lot shown on the endorsed plan in accordance with any industry specifications or any standard set by the Australian Communications and Media Authority, unless the applicant can demonstrate that the land is in an area where the National Broadband Network will not be provided by optical fibre.](#)
[Before the issue of a Statement of Compliance for any stage of the subdivision under the Subdivision Act 1988, the owner of the land must provide written confirmation from:](#)
 - c) [A telecommunications network or service provider that all lots are connected to or are ready for connection to telecommunications services in accordance with the provider's requirements and relevant legislation at the time; and](#)
 - [ad\) A suitably qualified person that fibre ready telecommunication facilities have been provided in accordance with any industry specifications or any standards set by the Australian Communications and Media Authority, unless the applicant can demonstrate that the land is in an area where the National Broadband Network will not be provided by optical fibre.](#)

Section 173 Agreement Condition – Development Contributions

- [4348](#) Prior to the commencement of any works, the operator of this permit must enter into an agreement with the Responsible Authority made pursuant to Section 173 of the Planning and Environment Act 1987 (the Act) to provide that the Development Infrastructure Levy associated with the land must be paid prior to the commencement of any development.

The agreement must require the payment of infrastructure contributions for:

- a) The acquisition of any land required for a road reserve for a road that Council proposes to be funded by the contributions agreement. Where that road is proposed to be wider than what presently exists, the infrastructure payment required must only relate to the additional width of the required road reserve. The contributions must be in the proportions set out in the development contributions tables in the approved development plan.
- b) The construction of any road that Council proposes is to be funded by the contributions agreement. If widening is to an existing road, then the infrastructure payment required must only relate to the difference between a road comprising the existing pavement width and a road comprising a widened pavement and associated facilities in the proportions set out in the development contributions tables in the approved development plan.
- c) The design and construction of stormwater drainage infrastructure including main drainage, wetlands, and retarding basins as described in the approved development plan.
- d) The improvement of public open space, including active open spaces as identified in the approved development plan.
- e) The acquisition of land for public open space, including active open spaces and community facilities, in the proportions set out in the development contributions tables in the approved development plan.
- f) A contribution towards the development of community facilities in the proportions set out in the development contributions tables in the approved development plan.
- g) The acquisition of land for stormwater drainage purposes in the proportions set out in the development contributions tables in the approved development plan.
- h) Infrastructure associated with the proposed bus route.
- i) Traffic calming treatments.
- j) The walking and cycling network including safe crossing points on the abutting arterial roads (excluding footpaths along roads).

except with the written consent of the Responsible Authority.

Application must be made to the Registrar of Titles to register the Section 173 Agreement on the title to the land under Section 181 of the Act.

The operator of this permit must pay the reasonable costs of the preparation, review, and execution and registration of the Section 173 Agreement.

Prior to the commencement of works the operator of this permit must provide Council with a copy of the dealing number issued by the Titles Office. Once titles are issued Council requires the operator of this permit or its legal representative to provide either:

- a) a current title search; or
- b) a photocopy of the duplicate certificate of Title

as evidence of registration of the Section 173 Agreement on title.

4449 Prior to the commencement of any works hereby permitted, the Development Infrastructure Levy associated with the land upon which this development is proposed, must be paid to the Responsible Authority unless there is an agreement with the Responsible Authority to secure the payment by some other means or other timeframe.

VicRoads Conditions

4550 Before the submitted plans are endorsed a revised plan showing an AUL (s) left turn lane in accordance with the Austroad guidelines and VicRoads specifications must be approved by VicRoads.

4651 Prior to the construction of the development a detailed functional layout plan in accordance with VicRoads Eastern Region checklist showing a left turn lane into the loading bay access on the Traralgon Maffra Road must be approved by VicRoads. This access must demonstrate correct access into the development.

- 52 Prior to the occupancy of the building the loading bay access and left turn lane must be constructed at no cost and to the satisfaction of VicRoads.
- 53 All infrastructure associated with the operation of the Arterial Road is to be contained within the Arterial Road reserve boundaries.
- Any land required to be set aside for Arterial Road purposes shall be shown as Road R1 on the Plan of Subdivision and be vested as a road in the name of Roads Corporation (not VicRoads) in the vesting table of the subdivision.
- Following registration of the plan, the original Certificate of Title that issues in the name of Roads Corporation shall be posted to:
- VicRoads
Property Services Department
60 Denmark Street
Kew, Vic. 3101
- All costs associated with the transfer and declaration of land to be vested in the Roads Corporation and the amendment of the Latrobe City Planning Scheme to rezone the land to Road Zone 1 (RDZ1) is to be met by the applicant.
- 54 The permit operator must:
- a) Prior to the commencement of the development, undertake traffic analysis (SIDRA) on the intersections of the Princes Highway and McNairn Road and the Princes Highway and Traralgon-Maffra Road to identify whether any mitigation measures are required to ensure no loss of service on the Arterial Road network based on the increased traffic movement expected as a result of the approved development only.
 - b) If mitigation measures are required as per (a) above, provide identification of any such costs associated with these works.
 - c) The cost apportioned to the development in relation to any mitigation measures required must be based on the percentage increase of the traffic movements at maximum levels as per the approved planning permit and endorsed plans (as amended from time to time).
 - d) The cost apportioned to the development as per (c) above must be provided prior to certificate of occupancy being issued for the supermarket or as otherwise agreed by the responsible authority.
 - e) The above conditions must be addressed to the satisfaction of the responsible authority in consultation with VicRoads.

Future Expansion of Supermarket

4755 The development of the future expansion of the supermarket as shown on the endorsed plans is not approved under this permit and is subject to further planning approval.

Expiry Condition – Subdivision

4856 This permit will expire if:

- a) the plan of subdivision is not certified within 2 years of the date of this permit; or
- b) the registration of the subdivision is not completed within 5 years of certification.

The Responsible Authority may extend the time if a request is made in writing before the permit expires or within three months afterwards.

Note: The commencement of the subdivision is regarded by Section 68(3A) of the Planning and Environment Act 1987 as the certification of the plan, and completion is regarded as the registration of the plan.

Expiry Condition – Development

4957 This permit will expire if one of the following circumstances applies:

- a) The development is not started within two years of the date of this permit; or
- b) The development is not completed and the use has not commenced within four years of the date of this permit.

The Responsible Authority may extend the periods referred to if a request is made in writing before the permit expires, or within six months of expiry of permit. An extension of time to complete the development or a stage of the development may be requested if—

- the request for an extension of time is made within 12 months after the permit expires; and
- the development or stage started lawfully before the permit expired.

Notes

- Note 1. The operator of this permit must ensure that all relevant Permits have been obtained prior to the commencement of the use.
- Note 2. In accordance with section 17 of the Subdivision Act, the works required to be undertaken under this permit as part of the subdivision hereby permitted, shall not commence until the Plan of Subdivision has been certified and the engineering plans for the works required have been approved.
- Note 3. In accordance with the requirements of the Road Safety (Traffic Management) Regulations, a responsible entity for a road or road-related area (as defined in the Road Safety Act) may install Major Traffic Control Devices on the road or road-related area only with the authority of VicRoads.
- Note 4. This permit does not authorize the commencement of any building construction works. Before any such development may commence, the applicant must apply for and obtain appropriate building approval
- Note 5. Unless exempted by Latrobe City Council, an Asset Protection Permit must be obtained prior to the commencement of any proposed building works, as defined by Latrobe City Council's Local Law No. 3. Latrobe City Council's Asset Protection Officer must be notified in writing at least 7 days prior to the building works commencing or prior to the delivery of materials/equipment to the site.
- Note 6. The location of the legal Point of Discharge for any property and the connection point into Latrobe City Council's stormwater drainage system can be obtained by completing a Legal Point of Discharge form, found at www.latrobe.vic.gov.au/Our_Services/Other_Services/Infrastructure/Work_Permits_and_Property_Information
- Note 7. Latrobe Planning Scheme Amendment C89
Planning permit application 2015/113 | Panel Report | 2 February 2016

(If the permit has been amended, include the following table indicating the date and nature of amendments included in the amended permit)

Date of amendment	Brief description of amendment
<hr/>	

IMPORTANT INFORMATION ABOUT THIS PERMIT

WHAT HAS BEEN DECIDED?

The Responsible Authority has issued a permit. The permit was granted by the Minister administering the **Planning and Environment Act 1987** under section 96I of that Act.

WHEN DOES THE PERMIT BEGIN?

The permit operates from a day specified in the permit being a day on or after the day on which the amendment to which the permit applies comes into operation.

WHEN DOES A PERMIT EXPIRE?

1. A permit for the development of land expires if -
 - * the development or any stage of it does not start within the time specified in the permit; or
 - * the development requires the certification of a plan of subdivision or consolidation under the **Subdivision Act 1988** and the plan is not certified within two years of the issue of a permit, unless the permit contains a different provision; or
 - * the development or any stage is not completed within the time specified in the permit, or, if no time is specified, within two years after the issue of the permit or in the case of a subdivision or consolidation within 5 years of the certification of the plan of subdivision or consolidation under the **Subdivision Act 1988**.
 2. A permit for the use of land expires if -
 - * the use does not start within the time specified in the permit, or if no time is specified, within two years after the issue of the permit; or
 - * the use is discontinued for a period of two years.
 3. A permit for the development and use of land expires if -
 - * the development or any stage of it does not start within the time specified in the permit; or
 - * the development or any stage of it is not completed within the time specified in the permit, or, if no time is specified, within two years after the issue of the permit; or
 - the use does not start within the time specified in the permit, or, if no time is specified, within two years after the completion of the development; or
 - the use is discontinued for a period of two years.
 4. If a permit for the use of land or the development and use of land or relating to any of the circumstances mentioned in section 6A(2) of the **Planning and Environment Act 1987**, or to any combination of use, development or any of those circumstances requires the certification of a plan under the **Subdivision Act 1988**, unless the permit contains a different provision-
 - * the use or development of any stage is to be taken to have started when the plan is certified; and
 - * the permit expires if the plan is not certified within two years of the issue of the permit.
 5. The expiry of a permit does not affect the validity of anything done under that permit before the expiry.
-

WHAT ABOUT APPEALS?

- * Any person affected may apply for a review of -
 - a decision of the responsible authority refusing to extend the time within which any development or use is to be started or any development completed; or,
 - a decision of the responsible authority refusing to extend the time within which a plan under the **Subdivision Act 1988** is to be certified, in the case of a permit relating to any of the circumstances mentioned in section 6A(2) of the **Planning and Environment Act 1987**; or,
 - the failure of the responsible authority to extend the time within one month after the request for extension is made.
 - * An application for review is lodged with the Victorian Civil and Administrative Tribunal.
 - * An application for review must be made on an Application for Review form which can be obtained from the Victorian Civil and Administrative Tribunal, and be accompanied by the applicable fee.
 - * An application for review must state the grounds upon which it is based.
 - * An application for review must also be served on the Responsible Authority.
 - * Details about applications for review and the fees payable can be obtained from Victorian Civil and Administrative Tribunal.

This Development Plan has been prepared to guide the use and development of the Traralgon North Neighbourhood Activity Centre under Schedule 7 to the development Plan Overlay (DPO7). It is to be read in conjunction with the endorsed Traralgon North Development Plan.

The purpose of this Development Plan is to ensure that use and development is consistent with the role and function of the NAC to provide for convenience based, day to day needs of the Traralgon North growth area.

LAND USE

- Support a neighbourhood centre containing a supermarket and supporting specialty shops up to 4700sqm leaseable floor area. Specialty shops are those considered complementary to the supermarket facility and may include a bank, electoral office, real estate agency, postal agency, newsagency, beauty salon, dry cleaning agent, food and drink premises, hairdresser or pharmacy.
- Any additional retail use outside of those nominated on the Development Plan must be subject to an economic assessment and demonstrate that the proposed uses would not unreasonably impact the role and function of the Traralgon CBD or other existing and future centres.
- Support the development of a medical centre up to 500sqm.
- Allow the development of uses on the nominated pad sites that provide a convenience function and contribute to the neighbourhood purpose of the centre such as convenience restaurant, service station and car wash.
- Discourage development associated with land uses that are not consistent with the neighbourhood purpose of the centre.

BUILT FORM & CHARACTER

- Ensure that the scale and massing of development is appropriate to the neighbourhood role and character of the centre and its prominent location as a gateway to Traralgon.
- Provide a positive contribution to local amenity and neighbourhood character.
- Encourage a high level of design detail to built form elements along road frontages.
- Avoid blank walls and harsh built form to both road frontages.

RESIDENTIAL INTERFACE

- Ensure that development appropriately responds to its interface with residential land (including existing and future properties) and does not cause any unreasonable impacts on amenity including appearance of built form.
- Provide visual screening through appropriate setbacks and landscaping.
- Provide noise attenuation measures as required.

LANDSCAPING

- Incorporate landscaping as a key feature of development to enhance the amenity and character of the neighbourhood.
- Landscaping is encouraged within the 12m buffer/easements where considered appropriate and supported by the relevant authorities
- The shared path indicated on the TNDP is required to be factored in to the landscaping of the NAC permitter boundary

INFRASTRUCTURE

- Development contributions must be provided in accordance with the TNDP.

PURPOSE

The purpose of this report is to determine Planning Permit Application 2015/68 for the Use of Land for Greyhound Keeping, Training and Breeding (35 dogs) within the Urban Growth Zone Schedule 1 at 28 Thompsons Road, Newborough.

EXECUTIVE SUMMARY

The applicant seeks a permit to use the land for the keeping, training and breeding of 35 dogs at 28 Thompsons Road, Newborough. When the application was submitted on 30 March 2015, the land was zoned Rural Living Zone Schedule 3. The land was rezoned to Urban Growth Zone Schedule 1 on 18 December 2015.

The owner of the land currently operates under Planning Permit No. 2008/2, which allows the keeping of no more than 10 racing dogs. The Latrobe Planning Scheme defines animal keeping as '*land used to a) breed or board domestic pets; or b) keep, breed, or board racing dogs.*'

Under the provisions of the Urban Growth Zone- Schedule 1, a permit is required for animal keeping with a condition attached that it '*must be no more than 5 animals*' as per the applied zone, which is the General Residential Zone. As this application is for the keeping, breeding and training of 35 animals, the application must be refused as the proposal is prohibited. However, the current Planning Permit (2008/2) for the land remains valid.

During consultation of the application six (6) objections were received. Having assessed the proposal against the relevant provisions of the Scheme, it is considered that the proposal must be refused under the provisions of the zone, as the proposed use of the land for the keeping, training and breeding of 35 dogs is prohibited under the current zoning of the land.

BACKGROUND

The owner of the land currently operates under Planning Permit 2008/2, which allows the 'Use and Development of Land for Animal Keeping (Racing Dog Keeping) in accordance with the endorsed plans'. This permit was issued 8 October 2008 at the direction of VCAT as a result of the applicant seeking review of Council's decision to refuse a permit at the Council meeting of 21 April 2008. Condition 2 of the permit states that no more than 10 dogs shall be kept on the premises. A copy of the VCAT decision is included in Attachment 1.

SUMMARY

Land:	28 Thompsons Road Newborough (Lot 4 on LP 93886)
Proponent:	J Sultana C/ V Sultana
Zoning:	Urban Growth Zone – Schedule 1
Overlay	Development Contribution Plan Overlay Schedule 1

Under the provisions of the Urban Growth Zone, a proposed use must comply with the requirements of the applied zone. The applied zone for the subject site is General Residential Zone, where the use of land for 'animal keeping' requires a permit for up to 5 animals. As this application is for the keeping, breeding and training of 35 animals, the application must be refused as the proposal is prohibited.

SUBJECT SITE AND SURROUNDS

The subject site is located on the northern side of Thompsons Road, Newborough, has an area of 2.8 hectares and is roughly rectangular in shape. The site currently contains a dwelling, machinery shed a number of other ancillary outbuildings associated with the rural-residential use of the land.

The site also contains numerous buildings and works associated with the keeping of racing dogs, including a shed in which the dog kennels are located, extensive metal-clad dog runs and an exercise ring containing a dog walking machine. An aerial photograph of the property is included in Attachment 2.

The Moe Golf Club is located to the west of the property. The two properties to the north and east are used for rural residential purposes

ORDINARY COUNCIL MEETING MINUTES 21 MARCH 2016 (CM479)

each incorporating a dwelling. A driver education centre is located to the south of the site, on the opposite side of Thompsons Road.

PROPOSAL

The application seeks a permit for keeping, breeding and training of 35 greyhounds. As previously mentioned, owner of the land currently operates under Planning Permit No. 2008/2, which allows the keeping of 10 adult dogs.

The applicant submits that they breed their own dogs to race, and one or two female dogs are bred per year. Litter sizes vary from 3 puppies to 12 puppies per litter. As a dog is classed as no longer being a puppy at 3 months of age, planning permission is requested for the keeping of 35 dogs, as puppies are not ready to train until they reach 11 months old.

HISTORY OF APPLICATION

Application was received on 30 March 2015, at which time the land was zoned Rural Living Zone Schedule 3. Further information was requested to address a number of points, mostly in relation to compliance with the *'Code of Practice for Operation of Greyhound Establishments'* and the applicant provided this in parts, over a period of time.

Later, due to Greyhound Racing Victoria having concerns with the capacity of the existing infrastructure to accommodate 35 dogs, the applicant amended the application on 3 July 2015 to reduce the number of dogs from 35 to 25.

On 30 October 2015, the applicant requested that the application be reverted back to the initial proposal for the keeping of 35 dogs, as originally submitted. On 7 December 2015 the applicant was requested to commence the public notification of the application. On the 18 December 2015, Amendment C86 (Lake Narracan Structure Plan) was gazetted, and consequently the zoning of the land changed to Urban Growth Zone.

Under the provisions of the Urban Growth Zone, a proposed use must comply with the requirements of the applied zone. The applied zone for the subject site is General Residential Zone, where a permit may be

applied for the use of land for 'animal keeping' for up to 5 animals. As this application is for the keeping, breeding and training of 35 animals, the application must be refused as the proposal is prohibited.

This overlay seeks *'to identify areas which require the preparation of a development contributions plan for the purpose of levying contributions for the provision of works, services and facilities before development can commence.'*

Particular Provisions

General Provisions-Existing Uses

Clause 63.05

Under this Clause, a use in Section 2 or 3 of a zone for which an existing use right is established may continue provided *'any condition or restriction to which the use was subject continues to be met'*. An existing use right has been established for the land through Planning Permit No. 2008/2, which allows the keeping of 10 adult dogs. The keeping of more than ten dogs would breach the conditions of Planning Permit 2008/2 therefore this Clause is not applicable in the consideration of this application.

Clause 63.08

This Clause states that if *'land is used for a use in Section 3 of a zone for which an existing use right is established, a permit may be granted to use the land for an alternative use which does not comply with the Scheme. The responsible authority must be satisfied that the use of land for the alternative use will be less detrimental to the amenity of the locality.'* This Clause is also not applicable in the consideration of this application as the an *'existing use right'* has not been established for the keeping of 35 dogs, nor is the keeping of 35 dogs less detrimental than the keeping of the ten dogs currently allowed under Planning Permit 2008/2.

Decision Guidelines (Clause 65):

Clause 65.01 sets out the decision guidelines to consider before deciding on an application or approval of a plan.

INTERNAL / EXTERNAL CONSULTATION

Pursuant to Section 52(1)(a) and (d) of the Planning and Environment Act 1987 a notice was placed on the site for a period of 21 days from 28 December 2015 to 18 January 2016. On 7 January 2016 adjoining land owners and occupiers and properties within a 500 metre radius were sent a letter. The 500 metre radius figure was utilised as EPA 'Noise Control Guidelines' recognise that *'perpetual barking of dogs has been known to exist at distances as far as 500 metres from the actual source'*.

Six (6) letters in the form of objections were received. Copies of all submissions are attached in Attachment 4 of this report (confidential). The issues raised were:

ORDINARY COUNCIL MEETING MINUTES 21 MARCH 2016 (CM479)

1. The visual impact of existing premises is unacceptable.
2. The keeping of the dogs on the land currently present noise issues with barking and yelping.
3. VCAT and Council have not been inspecting the site in accordance with the current permit.
4. Applicant did not provide sufficient information in their application.
5. The number of dogs allowed on the property has not been adhered to.
6. Concerns regarding effluent disposal and potential for toxicity in run-off, vermin and smell.
7. Inconsistencies between application form and Public Notice.

Under Section 52(1)(d) of the Act the application was referred to the Environment Protection Authority (EPA) and Greyhound Racing Victoria (GRV).

EPA did not object to the proposal but requested a condition to be included to ensure that noise emitted from the premises must not exceed recommended levels.

GRV requested the applicant provide further information in relation to compliance with the 'Code of Practice for the Operation of Greyhound Establishments', stating that until such time that the information is provided, GRV cannot give approval to further dogs at the facility. A copy of the GRV response is included in Attachment 3 (confidential). The information was re-referred to GRV on 8 December 2015 and no response has been received to date.

Internally, the application was referred to Council Health Services Department who deemed that there was insufficient information provided in relation to wastewater disposal. Council's Infrastructure Planning Department did not object to the proposal and did not request any conditions be included on the permit.

KEY POINTS/ISSUES

Strategic direction of the State and Local Planning Policy Frameworks:

The proposal is located within an area designated for future urban growth and the State and Local Planning Policy Frameworks seek to ensure that such areas are protected. Given the potential for negative amenity impacts associated with the keeping of 35 dogs, it is considered that the proposal does not appropriately respond to State and Local Policies due to the potential for future land use conflicts between the proposed use and future urban land. The concerns raised in the objections highlight the amenity issues which have resulted from the owner of the land operation under their current permit which was issued at the direction of VCAT.

'Purpose' and 'Decision Guidelines' of the Urban Growth Zone:

The purpose of the Urban Growth Zone includes:

ORDINARY COUNCIL MEETING MINUTES 21 MARCH 2016 (CM479)

- To manage the transition of non-urban land into urban land in accordance with a precinct structure plan.
- To provide for a range of uses and the development of land generally in accordance with a precinct structure plan.
- To provide for the continued non-urban use of the land until urban development in accordance with a precinct structure plan occurs.

Under the provisions of the Urban Growth Zone, a proposed use must comply with the requirements of the applied zone. The applied zone for the subject site is the General Residential Zone, where the use of land for 'animal keeping' requires a permit for up to 5 animals. As this application is for the keeping, breeding and training of 35 animals, the application must be refused as the proposal is prohibited. Consistent with the purpose of the zone, the current planning permit for the land can continue to operate until urban development occurs.

Even if the proposal was not prohibited, the proposed use would still be inconsistent with the Planning Scheme due to the likely land use conflicts between the proposed use and land designated for future urban growth.

RISK IMPLICATIONS

Risk has been considered as part of this report and it is considered to be inconsistent with the Risk Management framework. Approval of the proposal carries risk as the proposed use is prohibited and Council cannot legally approve the proposal.

FINANCIAL RESOURCES IMPLICATIONS

If Council's decision is appealed at the Victorian Civil and Administrative Tribunal (VCAT) there will be associated cost and staff time required. It is unclear if a hearing would proceed if an appeal was lodged with VCAT, as the proposal is prohibited.

OPTIONS

Council has one option in regard to this application:

1. Refuse to Grant a Planning Permit.

Council's decision must be based on planning grounds, having regard to the provisions of the Latrobe Planning Scheme.

CONCLUSION

The above discussion demonstrates that even if the proposal was not prohibited (as was the case when the land was zoned Rural Living Zone Schedule 3), the proposed use would still be inconsistent with the Planning Scheme. Specifically, the proposal carries high potential for land use conflicts between the proposed use and land designated for future urban growth.

It is recommended that Council issue a notice of refusal to grant Permit No. 2015/68 for the Use of Land for Greyhound Keeping, Training and Breeding (35 dogs) within the Urban Growth Zone Schedule 1 at 28 Thompsons Road Newborough (Lot 4 on LP 93886) on the ground that the proposal is prohibited under Clause 37.07-9 of the Urban Growth Zone.

Zones & Overlays	Rural Living Zone 3

Land Description	2.8ha being Lot 4 of Plan of Subdivision 093886.

REASONS

INTRODUCTION

- 1 The applicant for permit Mr Sultana has sought a review of the Latrobe City Council decision to refuse a permit under the provisions of s.77 of the *Planning and Environment Act 1987* for animal keeping (Racing Dog Keeping) in the Rural Living Zone 3 of the planning scheme.
- 2 The subject site has an area of 2.8ha and is bounded by the Moe Golf Course on the west, farming land to the north, a similar sized RLZ 3 allotment on the east owned by Mr Prezioso, who lives and operates a trucking business on the site, and a main road to the south with land in the Public Park and Recreation Zone (PPRZ) opposite.
- 3 The Responsible Authority refused a permit for the keeping of 10 greyhounds on the following grounds:
 1. The proposed use and development of the land would have an adverse impact on the amenity and character of the area;
 2. The proposed use is incompatible with the existing rural residential character of the area;
 3. The proposed use and development would conflict with strategies included in the Latrobe Planning Scheme.

RESPONDENT'S CONCERNS

- 4 Mr & Mrs Jankovic, who live at 34 Thompsons Road, some 300 metres east of the subject site, or 200 metres from the respective allotment boundaries, stated that they could hear the noise of dogs barking and expressed concerns regarding the handling and disposal of animal waste, stormwater run-off and the visual impact of the storage shed, kennels and fences constructed on the land.
- 5 They further questioned Council's ability to monitor and control land use observing that 6 greyhounds were being kept on the land and that they had recently observed sheep on the subject property.
- 6 Mr & Mrs Jankovic noted that Thompsons Road was acting as a main bypass road for trucks and had a 100kph speed restriction. They also confirmed that the chicken farm and piggery were pre-existing uses in the locality prior to the appearance of the dog facilities.

APPLICANT'S RESPONSES

- 7 Mr Sultana stated that he owned 4 greyhounds before moving to the subject site. He tabled a number of documents including: a letter of support for the application from his neighbour, Mr Prezioso; a copy of the latest 'without notice' Kennel Inspection Report from Greyhound Racing Victoria, dated 13 February 2008; a building inspectors Final Inspection for the store shed, dated 26 October 2007; and, a copy of the *Code of Practice for the Greyhound Industry*.
- 8 Mr Sultana questioned whether it was his dogs barking that Mr & Mrs Jankovic claim they hear. He said if his dogs bark at all they are fitted with a muzzle, and that their shedding is also insulated to reduce the emission of noise. However, Mr Sultana could

account for the barking of another dog in the immediate neighbourhood who was aroused when the sheep on the Sultana property passed its yard, which was on the boundary between the properties.

- 9 I have found that Mr Sultana is endeavouring to keep his animals in a satisfactory manner by constructing new facilities to meet the space, security, drainage and ventilation requirements set down in the Code of Practice, and as evidenced by the complimentary inspection report by the representatives of Greyhound Racing Victoria.
- 10 There is no doubt that the materials being used to build the shed, kennels and fenced yards, which would otherwise not require a permit but for the keeping of dogs, are in a range of differing colours and are therefore unsightly. This matter can be address by a permit condition requiring that they are painted to a uniform colour from an established range of environmental tones.
- 11 Similarly, any permit will require compliance with the *Code of Practice for the Greyhound Industry* with respect to the management, control and disposal of wastes and stormwater and the relevant noise controls for Country Victoria.

BASIS OF DECISION

- 12 On the information before me the site context of this application must be regarded as appropriate for the proposed use. The kennels are situated on a 2.8ha allotment that is relatively isolated, being buffered variously by the water storages and utility area of the golf course to the west, general farming land to the north and other RLZ 3 residents, including the adjoining trucking operation to the east, and the highway and PPRZ to the south.
- 13 In these circumstances, a well conducted animal keeping hobby is unlikely to generate unreasonable on-site or off-site amenity impacts by way of noise, waste and stormwater management or visual intrusion significantly at odds with the neighbourhood..
- 14 Although the Latrobe Planning Scheme does not have any specific planning policies dealing with this use, I am satisfied that in this case the proposal will not offend those more general policies having some relevance to the issues. As indicated above, I have found the site is suitable for the use and compatible with adjoining and nearby land uses. Compliance with the Code of Practice has already been demonstrated by the applicant, in part, and I am of the view that the use will not adversely impact on the environment as required by Clause 21.01-5 Environment.
- 15 Similarly, I regard it as unlikely that the scale of the proposal will have an adverse impact on local water quality and the environs of watercourses in a way that would offend Clause 21.04-2 Environment, Element 3 – Hill Areas.
- 16 The Tribunal will therefore direct that the decision of the Responsible Authority is set aside and a permit issue.

ORDINARY COUNCIL MEETING MINUTES 21 MARCH 2016 (CM479)

14.4 SUBMISSION TO THE MANAGING RESIDENTIAL DEVELOPMENT ADVISORY COMMITTEE

General Manager

City Development

For Decision

PURPOSE

The purpose of this report is to provide Council the opportunity to formally endorse a submission provided to the Managing Residential Development Advisory Committee (MRDAC).

EXECUTIVE SUMMARY

The MRDAC was appointed on 29 November 2015 by the Minister for Planning, to report on the application of new residential zones to guide development in metropolitan Melbourne and the four regional cities of Bendigo, Ballarat, Geelong and Latrobe City.

The new residential zones were included within the Latrobe Planning Scheme through Amendment C84, which was approved by the Minister for Planning on 9 October 2014.

MRDAC released an Overarching Report, sub-regional and regional cities reports on the 29 January 2016 to assist the community and development industry in the preparation of submissions. Submissions are to be lodged with the MRDAC by the 14 March 2016.

Due to the tight timeframes in which the submission is required, a 'holding' submission (Attachment 1) was prepared and submitted to the respective Advisory Committee prior to the 14 March 2016.

The submission articulates that there may be an addendum to the initial submission if required, following Council's formal consideration and endorsement.

MOTION

Moved: Cr White

Seconded: Cr Gibson

That Council endorses the *Latrobe City Council Submission to the Managing Residential Development Advisory Committee (MRDAC)*.

CARRIED UNANIMOUSLY

DECLARATION OF INTEREST

No officer declared a conflict of interest under the *Local Government Act 1989* in the preparation of this report.

STRATEGIC FRAMEWORK

This report is consistent with Latrobe 2026: The Community Vision for Latrobe Valley and the Latrobe City Council Plan 2013-2017.

In 2026, Latrobe Valley has a reputation for conscientious leadership and governance, strengthened by an informed and engaged community, committed to enriching local decision making.

Latrobe City Council Plan 2013 – 2017**Theme and Objectives*****Theme 5: Planning for the future***

To provide clear and concise policies and directions in all aspects of planning.

Strategic Direction – Planning for the future

Provide efficient and effective planning services and decision making to encourage development and new investment opportunities.

In consultation with the community, review Council's Municipal Strategic Statement and the Latrobe City Planning Scheme.

Legislation

The discussions and recommendations of this report are consistent with the provisions of the Planning and Environment Act 1987 (the Act) and the Latrobe Planning Scheme.

BACKGROUND

Victoria's new residential zones were developed as planning tools to help councils better manage growing residential areas and direct urban infill developments. In July 2013 new residential zones were introduced into the Victoria Planning Provisions through Amendment VC116.

The new residential zones comprise the Residential Growth Zone (RGZ), the General Residential Zone (GRZ) and the Neighbourhood Residential Zone (NRZ). In combination, these zones enable councils and their communities to better guide the location and scale of residential change.

The new residential zones were included within the Latrobe Planning Scheme through Amendment C84, which was approved by the Minister for Planning 9 October 2014.

Amendment C84 applied the new residential zones to all land in the former residential zones. The amendment was underpinned by local and state policy documents, including Plan Melbourne and the Gippsland Regional Growth Plan 2013.

The zones are intended to enable communities to guide the scale of development in different residential areas, while the accompanying residential zone schedules provide the capacity to manage impacts on individual sites through site coverage, permeability and landscaping provisions.

ORDINARY COUNCIL MEETING MINUTES 21 MARCH 2016 (CM479)

MRDAC was appointed on 29 November 2015 by the Minister for Planning to report on the application of residential zones to guide development in metropolitan Melbourne and the four regional cities of Bendigo, Ballarat, Geelong and Latrobe City.

The Committee has been established to:

- Review the process by which the new residential zones were implemented
- Review the application of the zones in the context of managing residential growth and improving housing affordability
- Provide advice on the level of evidence and justification when preparing amendments proposing implementation of the zones
- Recommend improvement to the residential zones
- Provide parties, including Councils, industry and the community with an opportunity to be heard

KEY POINTS/ISSUES

MRDAC have prepared an Overarching Report, sub-regional and regional cities reports which are intended to assist the community, development industry to provide submissions.

Key issues summary:

In response to the MRDAC reports, a summary of key issues raised by the Latrobe City Council draft submission is provided below:

- The submission requests that the committee review the list of Section 1 Uses (i.e. permit not required) included within the RGZ. Areas of concern include the ability of food and drink premises, places of worship, medical centres, shops and medical centres to be established in the absence of any planning permit or notice requirements. The potential negative impact of such uses within new or established residential neighbourhoods without proper planning consideration is not considered appropriate.

Similarly, the GRZ also includes Section 1 Uses (i.e. permit not required) for medical centres and places of worship. This is not considered appropriate given the potential negative impacts to established residential areas of the municipality.

- The definitions provided within the reports referring to density definitions are considered not applicable or responsive to regional community expectations (i.e. low density housing is described as providing a density of less than 25 dwellings per hectare). Latrobe City Council's low or standard density housing expectation is for 11 dwellings per hectare; whilst the State Planning Policy refers to 15 dwellings per hectare.
- The further development of larger lots within the NRZ may be unduly restricted by mandatory development restrictions (i.e. construction of

ORDINARY COUNCIL MEETING MINUTES 21 MARCH 2016 (CM479)

a second dwelling where all other requirements can be achieved, height controls unnecessarily impacting on roof heights).

- The expansion of protective controls in areas already subject to the NRZ may be beneficial, supporting Council's assessment and consideration of the need to retain existing development patterns and / or alternatively supporting opportunities for development where appropriate.
- The standard height provisions of the RGZ may limit the ability of Local Government to effectively manage the interface between locations with higher density development potential with adjoining NRZ land (i.e. scaling of development height, separation and scaling of development intensity). It is acknowledged that the utilisation of schedules to the zones may support this.
- Prior to and following the application of the new zones, Latrobe City Council has continued to have a number of planning determinations challenged and subsequently overturned by the Victorian Civil and Administrative Tribunal (VCAT), in particular where Council has determined to not provide planning approval for the intensification of residential development within established neighbourhoods.

The MRDAC identified that those councils which had an existing residential framework/housing strategy to denote the scale of residential change supported in different parts of their municipality were considered best placed to implement the new zones.

The preparation of the Latrobe City Council Housing Strategy and Urban Design Guidelines are expected to respond to this need and result in future revisions to the application of the new residential zones.

- The draft submission welcomes the provision of additional guidelines regarding the policy support required to support the application of the new residential zones.
- The draft submission highlights the need to consider increased community services and public infrastructure which may be required where existing residential development patterns are intensified through infill or other redevelopment opportunities. This may result in additional investments being required by Council and or contributions being provided by developers toward community assets prior to approving permits for such intensification.
- Latrobe City has consistently promoted the rural lifestyle opportunities of the City. The use of land for rural living purposes is therefore considered to be a valued and valid land use within Latrobe City, responsible for sustaining many of the cities smaller rural settlement communities.

The submission is to be submitted to the Advisory Committee no later than the due date of 14 March 2016.

It is then proposed that Council provide its formal endorsement of the submission at the 21 March 2016 Ordinary Council Meeting.

RISK IMPLICATIONS

Risk has been considered as part of this report and it is considered to be consistent with the Risk Management framework.

FINANCIAL AND RESOURCES IMPLICATIONS

There are no additional financial implications for lodging a submission to the Advisory Committee. Both require internal resources regarding staff time and travel. Resourcing allocation has been accommodated within the existing Future Planning budget.

INTERNAL/EXTERNAL CONSULTATION

No external consultation was undertaken as part of the preparation of the attached submission. A number of internal departments have provided input into the submission.

OPTIONS

Following Council's consideration of the draft submission (Attachment 1), options available to Council are as follows:

1. That Council having considered the submission, endorse the submissions; or,
2. Endorse the submission and provide additional comments or amendments to the Advisory Committee; or,
3. Decide to not endorse the submission and withdraw the submission that has been forwarded to the Advisory Committee.

CONCLUSION

Victoria's new residential zones are intended to support local government to better direct residential change to meet local and state priorities. In so doing, state planning policy encouraged local government to apply the new zones to ensure current and future housing needs are met by balancing the protection of areas with support for residential growth in other locations.

The committee's final report and recommendations are anticipated to be of particular relevance to Latrobe City Council's completion of its housing strategy, implementation of the urban design guidelines and subsequent revisions to the application of the residential zones across the municipality. Considering this, it is considered appropriate that Council consider and take the opportunity to provide its submission to the MRDAC.

Draft Submission to the Managing Residential Development Advisory Committee (MRDAC)

March 2016

Draft Submission to the Managing Residential Development Advisory Committee (MRDAC) regarding the application of zones that provide for residential development

Introduction

Latrobe City is the principal service centre for Gippsland, and is recognised as one of Victoria's four major regional cities. Land use planning considerations within Latrobe City are often unique, due to the urban and industrialised nature of the City, situated within a rural setting.

On behalf of Latrobe City Council, we welcome the opportunity to make this submission to the Residential State of Play Reports and the Managing Residential Development Advisory Committee (MRDAC).

This submission is set out in the following five sections:

- Introduction
- Background
- General Discussion
- Key Issues Summary
- List of Suggested Improvements to the Residential Zones

Latrobe City respectfully requests that it be involved in any relevant ongoing discussions and requests a copy of the Advisory Committee report to the Minister for Planning when it becomes available.

It is noted that due to the tight timeframes in which submissions were required, this submission has been prepared by Council Officers and has not been formally endorsed by Council resolution.

Council may therefore require the opportunity to provide an addendum to this submission, following the Ordinary Council meeting to be held 21 March 2016.

Should the Committee have any questions regarding this submission, please contact myself Jason Pullman, Coordinator Strategic Planning via phone 5128 6151 or email Jason.Pullman@latrobe.vic.gov.au. Alternatively, you may contact Gail Gatt, Manager Future Planning via phone 5128 5446 or email: Gail.Gatt@latrobe.vic.gov.au.

Background

The new residential zones were introduced into the Victorian Planning Provisions in July 2013 and came into effect in most municipalities in July 2014.

An independent review of the new residential zones by the State Government began in late 2015, where the Minister for Planning sought comments from council's on the new residential zones. The Minister was particularly interested in what elements of the zones were working well and what improvements could be made. A request from the State Government for council's views on the new residential zones was received 17 September 2015, Latrobe City responded to this request on the 4 November 2015 (see attachment 1).

The Minister for Planning then appointed the Advisory Committee, known as the Managing Residential Development Advisory Committee (MRDAC) on 29 November 2015.

It is the understanding of Latrobe City Council that the purpose of the MRDAC is to:

- Consider the process by which the new residential zones were implemented
- Review the current application of zones that allow for residential development in the context of managing Melbourne and Victoria's residential growth in a sustainable manner and improving housing affordability.
- Advise on the level of evidence and justification needed when preparing relevant planning scheme amendments.
- Recommend improvements to the residential zones.
- Provide councils, the community and the industry with an opportunity to be heard.

The MRDAC has prepared an Overarching Report, Residential Zones State of Play reports for each Plan Melbourne sub region and a combined report for the Regional Cities of Ballarat, Bendigo, Geelong and Latrobe, which are intended to assist the community, development industry to provide submissions.

Following the appointment of the MRDAC a further request from the State Government for council's views regarding the process and subsequent impacts of the application of the new residential zones was received on 17 February 2016, to which this submission responds to.

Council's submission responds in particular to the Overarching Report and the Regional Cities Report.

General Discussion

- The definitions provided within the reports referring to density definitions are considered not applicable or responsive to regional community expectations (i.e. low density housing is described as providing a density of less than 25 dwellings per hectare). Latrobe City Council's low or standard density housing expectation is for 11 dwellings per hectare; whilst the State Planning Policy refers to 15 dwellings per hectare.
- Prior to and following the application of the new zones, Latrobe City Council has continued to have a number of planning determinations challenged and subsequently overturned by the Victorian Civil and Administrative Tribunal (VCAT), in particular where Council has determined to not provide planning approval for the intensification of residential development within established neighbourhoods.

The MRDAC identified that those councils which had an existing residential framework/housing strategy to denote the scale of residential change supported in different parts of their municipality were considered best placed to implement the new zones.

The preparation of the Latrobe City Council Housing Strategy and Urban Design Guidelines are expected to respond to this need and result in future revisions to the application of the new residential zones.

- Latrobe City welcomes the provision of additional guidelines regarding the policy support required to support the application of the new residential zones.
- There is a need to consider increased community services and public infrastructure which may be required where existing residential development patterns are intensified through infill or other redevelopment opportunities. This may result in additional investments being required by Council and or contributions being provided by developers toward community assets prior to approving permits for such intensification.
- Rural living choice has provided a valued layer of housing opportunity, consistently encouraged by government policy and increasingly sought after by new arrivals to Latrobe City. The embracing of a rural lifestyle has often meant a revitalisation for small rural towns, their schools, associated clubs, hotels and local agricultural retailers and service providers. This is evidenced in many of the small townships in Latrobe City, where after years of decline, these towns have been sustained by rural living opportunities and the employment opportunities within the main townships.

Council request that the MRDAC consider the above when proposing changes or developing and new policy to support the application of the Rural Living Zone (RLZ).

Key Issues Summary

In response to the MRDAC reports, a summary of key issues raised by the Latrobe City Council draft submission is provided below:

Residential Growth Zone (RGZ)

- Changes to Section 1 Uses (i.e. permit not required). Areas of concern include the ability of food and drink premises, places of worship, medical centres, shops and medical centres to be established in the absence of any planning permit or notice requirements. The potential negative impact of such uses within new or established residential neighbourhoods without proper planning consideration is not considered appropriate.
- The standard height provisions may limit the ability of Local Government to effectively manage the interface between locations with higher density development potential with adjoining NRZ land (i.e. scaling of development height, separation and scaling of development intensity). It is acknowledged that the utilisation of schedules to the zones may support this.

General Residential Zone (GRZ)

- Changes to Section 1 Uses (i.e. permit not required) for medical centres and places of worship. This is not considered appropriate given the potential negative impacts to established residential areas of the municipality.

Neighbourhood Residential Zone (NRZ)

- The further development of larger lots may be unduly restricted by mandatory development restrictions (i.e. construction of a second dwelling where all other requirements can be achieved, height controls unnecessarily impacting on roof heights).
- The expansion of protective controls in areas already subject to the NRZ may be beneficial, supporting Council's assessment and consideration of the need to retain existing development patterns and / or alternatively supporting opportunities for development where appropriate.
- The NRZ could allow for greater flexibility on where it can be applied. Where the preferred neighbourhood character is at a status quo density, the NRZ should be able to be applied on this basis as this is the preferred neighbourhood character. Additionally, where there is a preferred density in greenfield developments, the neighbourhood character should be able to be applied where an approved development plan showing the lot layout is supplied.

List of Suggested Improvements

The MRDAC has prepared a List of Suggested Improvements to the Residential Zones (based on suggestions from a number of sources including Council, Industry Bodies and the submissions and the recommendations of the Residential Zones Standing Advisory Committee).

Council has responded briefly to each of the suggested changes (see attachment 2). Council was unable to respond in further detail to these suggested improvements for the following reasons:

- The committee states that it has not yet formed an opinion on the list of suggested improvements;
- Council officers found that many of the suggestions were underdeveloped, unclear and inconsistent;
- No explanatory notes were provided explaining the issue or their intended application.

Council requests that once the committee has completed its own recommendations, that Council be provided the opportunity to comment on these prior to being progressed to implementation.

Dear Minister

**DESCRIPTION: REVIEW OF THE RESIDENTIAL ZONES:
COUNCILS VIEW ON THE NEW RESIDENTIAL
ZONES**

As per your letter dated 27 August 2015, Council provides the following response:

Residential Zones Review

The purpose of the General Residential Zone (GRZ) is very similar to that of the old Residential 1 Zone with the exception of a few uses in section 1. This zone covers the majority of the residential land in the municipality. No significant issues have been raised with this zone and overall it appears to be working well.

The Latrobe Planning Scheme did not include Residential 2 or 3 zones.

The new Neighbourhood Residential Zone (NRZ) restricts housing growth in areas identified for urban preservation. This zone has been applied in the municipality in areas where there are heritage values or environmental constraints. These areas, for the most part, tend to be located outside of the town centres and are usually (but not exclusively) abutted by the GRZ.

The NRZ could allow for greater flexibility on where it can be applied. Where the preferred neighbourhood character is at a status quo density, the NRZ should be able to be applied on this basis as this is the preferred neighbourhood character. Additionally, where there is a preferred density in greenfield developments, the neighbourhood character should be able to be applied where an approved development plan showing the lot layout is supplied.

The schedule to the NRZ could be better applied as the issues raised in the schedule (Heritage Precincts and Areas affected by Environmental Constraints) can be covered through other planning controls such as overlays.

There is only one schedule to this zone currently in the Latrobe Planning Scheme. Currently Latrobe City Council has no neighbourhood character overlays in the Planning Scheme. Additional schedules could, over time, be developed to provide specific desired design outcomes or be more specific with Rescode requirements in appropriate areas.

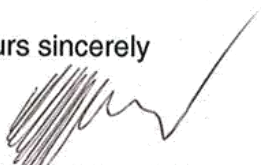

The purpose of the Residential Growth Zone (RGZ) is to encourage higher densities and diversity of housing types. Buildings can be up to four storeys in height. A transitional scale of development is to be encouraged between more intensively used areas and those of restricted housing growth. In Latrobe, there are areas of RGZ which directly abut the neighbourhood Residential Zone. One example of this is to the south of the railway line in Traralgon. NRZ1 is adjacent to both RGZ1 (Transit City Areas – no restrictions) and RGZ2 (Railway, Queens Parade and Shakespeare Street Heritage Precinct – only restriction is to the height of a building - 9m max). The purpose of the NRZ is to limit opportunities for increased residential development and to recognise areas of predominantly single and double storey residential development. Dealing with the interface issues when these two zones meet is problematic as the zone purposes currently conflict with one another. How this interface is dealt with is crucial i.e. should there be a physical barrier, for example, like a road or reserve rather than directly abutting property boundaries.

There are currently two schedules in the Planning Scheme for the RGZ. Consideration could be given to introducing additional schedules to deal with the RGZ/NRZ interfaces – these are localised so an overlay would not be appropriate in this instance. These could include limiting the height of buildings on lots immediately adjacent to the NRZ, or introducing design requirements. The strategic resources required to deliver these projects is something that at this point in time, Council is currently not resourced appropriately for to investigate or implement over the short term.

In summary, the General Residential Zone appears to be a reasonable translation of the Residential 1 Zone and is working well. Additional schedules could be added to both the Neighbourhood Residential and Residential Growth Zones to deal with the interfaces between these two zones, as well as achieve appropriate design outcomes and, in the case of the NRZ especially, defining neighbourhood character.

If you require any further information in relation to this matter, please call Jody Riordan on 03 5128 5556.

Yours sincerely

GARY VAN DRIEL
Chief Executive Officer

List of Suggested Improvements to the Residential Zones

Table One: List of suggested improvements to the residential zones

The following has been prepared by the Managing Residential Development Taskforce (the Taskforce) in accordance with Clause 11.b Terms of Reference for the Managing Residential Development Advisory Committee (MRDAC).

The Taskforce has compiled this list based suggestions from a number of sources including Council, Industry Bodies, and the submissions and the recommendations of the Residential Zones Standing Advisory Committee.

The following list is provided for comment only and the Taskforce (or the MRDAC) has not formed an opinion on the validity or rationale for the suggestions.

No.	Zone(s)*	Proposed amendment	Latrobe City Preliminary Comments
1	NRZ	Increase the NRZ maximum building height limit to 9 metres.	This would be consistent with height restrictions within Rescode
2	NRZ	Provide for the maximum number of dwellings in the NRZ to not be less than 2 dwellings.	Is this within the schedule - LCC schedule not activated
3	NRZ	Remove mandatory height requirements (performance based).	What is this in reference to?
4	NRZ	Reduce maximum building footprint allowable for a single dwelling.	What is this in reference to?
5	NRZ	Prohibit subdivision permit without a concurrent dwelling planning permit.	All NRZ land affected by HO or BMO and trigger a permit for a dwelling. This would ensure all development is assessed under Rescode
6	NRZ	Review zoning across Melbourne for a more equal distribution of NRZ land.	
7	NRZ	Discourage unoccupied dwellings (Clause 52.11 <i>Home Occupation</i>).	Clause 52.11 states as a requirement must be principal place of residence. What does this mean?
8	NRZ	Create maximum lot size.	Should this not be assessed against Council's own policies in relation to densities
9	NRZ	Include Council's neighbourhood objective in schedule to the NRZ.	Is this in relation to neighbourhood character?
10	NRZ	Clarify "appropriate development" (built form, intense development across multiple smaller lots etc.)	Should this not be in relation to neighbourhood character existing context or preferred context of the area. Site Spe
11	NRZ	Amend subdivision loophole allowing for multiple lot subdivision.	Given NRZ affected by BMO and HO appropriate to reduce instensification of these areas
12	NRZ	Include a 'no net dwelling loss' clause for existing multi-units to be redeveloped	This may be hard to achieve as older developments may not meet today's standards in relation to POS and therefore result in overdevelopment of the site and a bad planning outcome. Assessment should be on a case by case

List of Suggested Improvements to the Residential Zones

No.	Zone(s)*	Proposed amendment
13	NRZ	Remove principle under Practice Note 78: <i>'Areas where more than 80 percent of lots currently accommodate detached dwellings'.</i>
14	NRZ	Apply maximum building height requirement to all buildings. This would address interface issues with Heritage Buildings/Precincts
15	GRZ	Introduce a <i>Building Design Guideline</i> criteria for multi-level developments. Is this for non-residential uses - maybe more controls regarding interfaces. How are Section 1 non-residential uses enforced?
16	GRZ	Require section 1 uses to submit design response. No permit trigger. What mechanisms would be put in place to do this?
17	GRZ	Amend NRZ and GRZ purpose of zone for clearer distinction: <i>To encourage the implementation of neighbourhood character policy and adopted neighbourhood character guidelines</i>
18	GRZ	Remove the permit trigger for lots under 500 sqm. This statement needs to be clarified. Would lots under 300 sqm still trigger a permit?
19	GRZ	Define " <i>moderate housing growth</i> " to provide clearer direction for Council of expected growth.
20	RGZ	Delete reference to four storey development from the purpose of zone.
21	RGZ	Amend Rescode to trigger the need for assessment for low rise apartments where the provisions within RGZ contradict that of Rescode. What does this statement mean - Is this for development of 5 or more storeys?
22	RGZ	Include provisions for 'as of right' mixed use applications.
23	RGZ	Apply mandatory boundary of RGZ to be commercial zone or to be within 100m of commercial zone or Activity Centre Zone. LCC would lose RGZ land both in Morwell and Traralgon identified in Transit City Project.
24	RGZ	Remove the requirement for locational conditions of section 2: <i>The land must have the same street frontage as the land in the commercial zone.</i> This assists in out of centre commercial development
25	RGZ	Amend the purpose of the zone to provide clarity for underdevelopment of land.
26	RGZ	Include front setbacks, open space and wall boundaries requirements. Is this for non-residential development? Should this not be based on context?
27	RGZ	Remove 'as of right' uses under 250 square metres. Would assist out of centre commercial development and interface issues
28	RGZ	Review of non-residential land uses in residential area which reduce commercial uses beyond activity centres. As above

List of Suggested Improvements to the Residential Zones

No.	Zone(s)*	Proposed amendment
29	RGZ	Review of <i>peripheral</i> area for RGZ to avoid conflict of inappropriate commercial development. As previous comments
30	RGZ	Apply Clause 55 to multi dwellings greater than four storeys. Some of these Clause are not applicable to these type of developments. Should be in conjunction with Clause 52.35
31	RGZ	Provide mechanisms for social/affordable housing. How?
32	RGZ	Review the need for notification/advertisement for certain applications within zone. This could become a big issue if interface issues and density are not appropriately controlled.
33	RGZ	Establish urban area infrastructure development contribution scheme for residential areas.
34	RGZ	Include classification for lot sizes and developments expected to achieve higher density. This should reflect Council policy
35	RGZ	Restrict type of residential development to prevent underdevelopment areas. This should reflect Council policy
36	RGZ	Prohibit section 2 commercial uses allowed within 100 metres if residential areas in regional locations. As previous comments
37	RGZ	Clearer application of RGZ to direct Council's on areas of growth.
38	RGZ	Provide definition for height requirements (Clause 32.09-8). Clarify? Clause 32.09-8 is in reference to NRZ
39	RGZ	The transitions between RGZ and other residential zones should be more comprehensively addressed in Clause 32.07-8. Big Issue with RGZ and NRZ
40	RGZ	Include references of relevant policy documents (structure plans and urban design frameworks etc.)
41	RGZ	Under Clause 32.07-9 <i>Application requirements</i> , delete: As previous, should these not be done in conjunction with Rescode <ul style="list-style-type: none"> ▪ <i>For residential development of five or more storeys, an urban context report and design response as required in Clause 52.35.</i>
42	RGZ	Under Clause 32.07-11 <i>Dwelling and residential building</i> , delete: <ul style="list-style-type: none"> ▪ <i>Fore a development of five or more storeys, excluding a basement, the Design Guidelines for Higher Density Residential Development</i> As above
43	RGZ	Prohibit supermarkets in Table of Uses. Condition - In out of centre locations or not identified in structure plan
44	RGZ	Prohibit walls on boundaries at Council's discretion. For non-residential uses?

List of Suggested Improvements to the Residential Zones

No.	Zone(s)*	Proposed amendment
45	RGZ	Review schedules to zone to vary daylight to: <ul style="list-style-type: none"> ▪ existing windows; ▪ north facing windows; ▪ new windows; and ▪ solar access to open space objectives
46	GRZ	Amend reference to building heights in the purpose of the zone with the provision of the zone and Practice Note 78: <i>Applying the Residential Zones (2013)</i>
47	NRZ and GRZ	Amend wording for permit requirements for front fence to: <i>A permit is required to construct or extend a front fence within 3 metres of a street if: The fence is associated with 2 or more dwellings on a lot or a residential building, and the fence exceeds the maximum height specified in Clause 55.06-2.</i>
48	NRZ and GRZ	Include level of appropriateness for extent of exemptions (depending on the location, neighbourhood character and schedule etc.)
49	NRZ and RGZ	Require physical barrier (e.g. road) between to RGZ and NRZ to ensure the objective of the zones are met. This is a big issue, but result in alot of RGZ being removed.
50	NRZ and RGZ	Clarification of definition for differing <i>natural ground</i> scenarios.
51	GRZ and RGZ	Rename the RGZ and GRZ to avoid confusion between the two acronyms.
52	GRZ and RGZ	Review conditions associated with Section 1 and 2 uses: <ul style="list-style-type: none"> • Food and Drink Premises is a conditioned Section 1 use under Residential Growth Zone. Needs to be addressed not consistent • Food and Drink Premises under a General Residential Zone is not a conditioned use under a Section 2 use.
53	GRZ and RGZ	Amend colour differentiation on the zoning map for clarity.

Cr Kam declared an indirect interest under Sections 78 and 78A of *The Local Government Act 1989* in respect to Item 16.1 Moe Community Group Hub. Cr Sandy Kam left the meeting, the time being 08:24 PM.

PURPOSE

The purpose of this report is to seek Councils endorsement for the Moe Customer Service Centre and Library to be utilised as a Community Group Hub for a three year trial period, confirm the recommended governance model and the commencement of an Expression of Interest (EOI) process to secure building occupants.

EXECUTIVE SUMMARY

It is proposed that Council utilise the Moe Customer Service Centre and Library buildings as a Community Group Hub for a three year period before determining their longer term status.

If Council chooses to progress with the proposal, an Expression of Interest process will be undertaken seeking applications from community groups and not-for-profit organisations interested in participating in the three year trial. It is anticipated that the EOI will be undertaken between April and May 2016. Additionally, it is proposed that the governance model includes the appointment of a lead tenant to take on responsibilities for the Hub and that the building be self-managed by tenant groups after the first year of operation.

Council Officers have received enquiries from three community groups and not-for-profit organisations in relation to occupying the building if used for community group purposes. No direct community engagement has taken place about the use of the Moe Customer Service Centre and Library once vacated.

STRATEGIC FRAMEWORK

This report is consistent with Latrobe 2026: The Community Vision for Latrobe Valley and the Latrobe City Council Plan 2013-2017.

Latrobe 2026: The Community Vision for Latrobe Valley***Strategic Objectives – Our Community***

In 2026, Latrobe Valley is one of the most liveable regions in Victoria, known for its high quality health, education and community services, supporting communities that are safe, connected and proud.

Latrobe City Council Plan 2013 - 2017**Theme and Objectives**

Theme 2: appropriate, affordable and sustainable facilities, services and recreation

Strategic Direction – Develop and maintain community infrastructure that meets the needs of our community.

BACKGROUND

At its meeting on Monday 15 December 2014, Council resolved the following:

**ORDINARY COUNCIL MEETING MINUTES
21 MARCH 2016 (CM479)**

That Council:

Place the net sale proceeds of the MELC into a Reserve Fund for the future development of the Moe Library/Customer Service Centre.

Undertake the development of a Community Infrastructure Plan for Moe in 2015 to identify, develop and secure community infrastructure which meets the needs of the Moe community now and into the future.

In response to Council's resolution, the Sub-Committee for the Community Infrastructure Plan for Moe, comprising of the two West Ward Councillors and General Manager Community Services, considered options for the ongoing community use of the Moe Customer Service Centre and Library once it is vacated. The Sub-Committee identified community group support for the establishment of a Community Group Hub, demonstrated through engagement previously undertaken regarding the potential usage of the former Moe Early Learning Centre (MELC) site. It was therefore suggested that the Moe Customer Service Centre and Library may be a more appropriate facility for a Community Group Hub, a concept to be trialled prior to Council determining the longer term status of the buildings.

At its meeting on Monday, 30 November 2015, Council was provided with a briefing report on research completed by Council officers into a number of governance models utilised at Latrobe City and Wellington Shire facilities as well as the Ross House Association. A recommended governance model was provided for the Moe Community Group Hub, proposing that a lead tenant is appointed to take on responsibilities for the Hub and that the building be self-managed by tenant groups after the first year of operation. Additionally, it was proposed that this model be finalised after the EOI process is completed to ensure that the model is feasible for the different groups interested in occupying and being part of the Community Group Hub trial. A draft process was also presented, recommending that an EOI be sought in early 2016 from community groups and not-for-profit organisations attracted to the idea of sharing space, working collaboratively and supporting other groups.

Following the discussion regarding a proposed governance model, Councillors sought a further briefing regarding the condition of the buildings and their structural suitability for use as a Community Group Hub. This information was presented to Council at its briefing meeting on Monday, 15 February 2016 with a timeline and draft EOI advertisement, proposing that an EOI be sought from community groups and not-for-profit organisations between March and May 2016 if Council chooses to progress with this concept. Council advised to proceed with a report regarding the governance model and EOI process for the Moe Community Group Hub. Further financial assessments on the condition and necessary repairs for both buildings will be completed and presented separately to Council for its consideration.

ORDINARY COUNCIL MEETING MINUTES 21 MARCH 2016 (CM479)

KEY POINTS/ISSUES

The key points/issues for consideration in this report are:

- The recommended governance model for building occupants involves the appointment of a lead tenant to take on responsibilities for the Hub and self-management of the building by tenant groups after the first year of operation.
- Should Council progress with this concept, an EOI will be sought from community groups and not-for-profit organisations between April and May 2016, with the three year trial commencing in July-August 2016.

RISK IMPLICATIONS

Risk has been considered as part of this report and it is considered to be consistent with the Risk Management framework.

If the three year trial is considered unsuccessful by Council, the community may still expect that the Moe Service Centre and Library be utilised for community groups on a long-term basis, impacting on Council's reputation and longer term budget. Council will need to undertake an impartial and robust assessment of the three year trial which includes recommendations for the future.

FINANCIAL AND RESOURCES IMPLICATIONS

If the process and period of commencement is endorsed by Council, staff will be required to develop and carry out a community engagement process for potential building occupants. The financial costs involved in this process will be absorbed into departmental operational budgets. The EOI process and selection criteria will additionally be managed by a Council officer from the Community Development department.

A separate report will be presented to Council outlining further detailed assessments of the condition and necessary repairs for both buildings.

INTERNAL/EXTERNAL CONSULTATION

Engagement Method Used:

No direct community engagement has taken place about the use of the Moe Customer Service Centre and Library once vacated. Community expectation could be met by an EOI process. Latrobe City officers have received enquiries and expressions of interest from three community groups/not-for-profits in relation to being a tenant in the building if used for community group purposes.

Details of Community Consultation / Results of Engagement:

OPTIONS

Option 1 – Proceed with the recommendation that the Moe Customer Service Centre and Library is to be utilised as a Community Group Hub once vacated for a three year trial period, confirm the recommended

ORDINARY COUNCIL MEETING MINUTES 21 MARCH 2016 (CM479)

governance model and commencement of an Expression of Interest (EOI) process for building occupants (as below).

Expression of Interest Process

It is proposed that an EOI process be undertaken to formalise community interest in the trial. Officers recommend that an EOI process be undertaken between April and May 2016, primarily through an advertisement in the Latrobe Valley Express. The proposed EOI process is featured below.

The EOI process will incorporate the following weighted selection criteria concepts. Applicants will be required to demonstrate the following:

Selection Criteria	Weighting
Benefit and value to the community.	20%
Connection to Latrobe City's Municipal Public Health and Wellbeing Plan i.e. will their activities support the community in being active, eating well, protecting health, staying connected and feeling safe.	20%
Recognised community group or not-for-profit organisation	15%
Support for the idea of sharing space, working collaboratively and supporting other groups.	15%
Historical use of the space.	15%
Support and inclusion of people from disadvantaged and underrepresented groups.	15%

Additionally, applicants will be required to answer the following gateway criteria.

Gateway Criteria	
Financial capability.	Yes/No
Hold or be willing to purchase appropriate public liability insurance.	Yes/No
Agree to terms and conditions of occupying a space in the building.	Yes/No

Lease costs will be determined on the basis of floor space allocated to each tenant and will be clearly stated in the lease agreement. Minor adjustment in lease costs will only be considered for applicants who can demonstrate a genuine lack of affordability.

The EOI process will also request information from applicants, relating to:

- Purpose of group or organisation
- Space required
- Overview of anticipated use for the space
- Interest in being a lead tenant
- Ability to operate across a broad range of hours that allows for public space to be open and available
- Number of volunteers involved in operations and activities

ORDINARY COUNCIL MEETING MINUTES 21 MARCH 2016 (CM479)

- Outline of operating days and hours
- Outline of current equipment

A draft EOI advertisement is attached for consideration.

It is proposed that EOI's are assessed by a panel comprised of the General Manager Community Services, West Ward Councillors and an independent community member, perhaps a former citizen of the year. Recommendations will then be presented to Council for consideration.

Governance Model

The following information outlines the proposed governance model for the Community Group Hub if a three year trial is endorsed.

- It is proposed that a Lead Tenant, acquiring a larger proportion of space within the building be identified to take on important responsibilities for the hub (similar to staff at the Ross House Association), including:
 - Receiving and responding to community enquiries
 - Taking room bookings
 - Coordinating services in shared spaces
 - Convening Committee of Management meetings
 - Liaising with Council staff on behalf of other tenants and users
 - Fostering relationships and partnerships between tenants and users
- Identifying a lead tenant will enable a more functional and coordinated environment in the hub as some smaller tenants may not have the capacity to complete this themselves.
- Other tenants, comprising of small groups and not-for profit organisations will have reduced responsibilities. It is recommended that additional tenants are of a smaller size due to available space in the buildings.
- It will be encouraged that the building is self-managed by its tenants with minimal Council officer involvement, after the first year of operation, providing the ability for groups to be self-reliant.
- A Committee of Management will be established to make decisions about how the building is run on a daily basis, comprising of a representative from each tenant group, identified user groups and a designated Council officer. It is proposed that this Committee of Management will meet bi-monthly.
- A binding document or memorandum of understanding will be created to set clear rules, responsibilities and guidelines for tenants.
- A Council officer is identified for tenants to liaise with about any issues, concerns or queries between Committee of Management meetings.

Please note that the number of tenants is subject to available space in the building and works completed to divide space in the Moe Library.

Scope of Co-Occupiers/Users

- The proposed structure of co-occupiers and users will include:
 - One lead tenant
 - Multiple smaller tenants acquiring singular or double offices
 - Other groups who hire rooms as required
- Expressions of Interest will be sought from groups and not-for profit organisations who are attracted to the idea of sharing space, working collaboratively and supporting other groups.

Lease Agreement and Duration

- It is proposed that each tenant will have an individual lease arrangement, subject to size of office space and affordability of group/not-for-profit organisation.
- The lease agreement will be for a duration of three years (subject to Council adoption).
- Each lease arrangement will be indexed by CPI on an annual basis.
- Groups who hire meeting rooms will be charged a hire fee according to size of meeting room and whether they are a commercial or non-commercial group.

Lease Fees and Charges

Tenants will be expected to cover the following costs:

- Lease fee (indexed by CPI on an annual basis)
- Public liability and contents insurance
- Telephone and internet access (lines provided)
- Utility consumption costs (excluding supply costs)
- Cleaning of the building
- All furnishings
- All consumables (e.g. toilet paper, hand soap, tea and coffee)
- Any minor works upgrades required

Timeline

If Council endorses a three year trial for a Community Group Hub, a timeline has been created and attached, highlighting estimated timeframes for tasks to be completed. It is proposed that an EOI is prepared and advertised for a total of six weeks within the months of April and May 2016. Advertisements will be placed in the Latrobe Valley Express, Moe News Pages and on the Latrobe City Facebook Page as well as emailed out to Moe and District groups. Once the Moe Customer Service Centre and Library is officially vacated in May 2016 it is anticipated that necessary repairs and replacements within the buildings as directed by Council can commence. EOI assessments and shortlist interviews will be completed in May, with a final decision provided before end of July 2016. It is proposed

**ORDINARY COUNCIL MEETING MINUTES
21 MARCH 2016 (CM479)**

that the official three year trial period and lease arrangements commence as of July 2016.

Option 2 – Not proceed with the recommendation/s and explore another purpose for the buildings.

CONCLUSION

The Moe Customer Service Centre and Library is currently being considered as a facility for a Community Group Hub, once vacated in 2016. Latrobe City officers have received enquiries from three community groups and not-for-profit organisations in relation to occupying the building if used for community group purposes. If Council choose to progress with this concept, including the proposed governance model, it is recommended that an EOI be sought from community groups and not-for-profit organisations between April and May 2016.

Expression of Interest for Moe Community Group Hub

Following the opening of the new civic centre at the Moe Rail Precinct, the former Latrobe City Customer Service Centre and Library in Kirk and Albert Street, Moe will be established as a Community Group Hub.

Council is seeking Expressions of Interest from community groups and not-for-profit organisations who want to utilise the buildings, potentially as a lead tenant or occupant. Applicants who are attracted to the idea of sharing space, working collaboratively and supporting other groups are encouraged to apply.

Community groups and not-for-profits organisations must demonstrate:

- Benefit and value to the community
- Connection to Latrobe City's Municipal Health and Wellbeing Plan
- Support and inclusion of people from disadvantaged and underrepresented groups
- Purpose of the group/organisaiton
- Overview of anticipated use, space requirements, volunteers, operating days and equipment requirements

Applicants must also have or be willing to have public liability insurance and agree to the terms of use of the building.

For Information

PURPOSE

The purpose of this report is to seek Council's endorsement of the scope of works and project deliverables in order to proceed with the Invitation to Quote process to develop a Social Infrastructure Plan for Moe and District.

EXECUTIVE SUMMARY

In response to Council's resolution of 15 December 2014 a draft Invitation to Quote document has been produced for the Development of a Social Infrastructure Plan for Moe and District.

The document seeks quotations from suitably qualified and experienced consultants in developing social infrastructure/social plans utilising a place based approach.

The project will be managed by the Manager Community Development and overseen by the General Manager Community Services.

It is anticipated that the project will take approximately twelve months to complete once a consultant is engaged to undertake the work.

Funding to develop the Plan has been allocated in the 2015/2016 budget and it is anticipated that unexpended funds at the end of the current financial year will be carried forward to the 2016/2017 financial year, as the project is to be completed by mid 2017.

Latrobe 2026: The Community Vision for Latrobe Valley

Strategic Objectives – Our Community

Latrobe City Council Plan 2013 - 2017

Theme and Objectives

Theme 2: Affordable and sustainable facilities, services and recreation

Strategic Direction – Develop and maintain community infrastructure that meets the needs of our community.

BACKGROUND

At its meeting on Monday 15 December 2014, Council resolved the following:

That Council:

Undertake the development of a Community Infrastructure Plan for Moe in 2015 to identify, develop and secure community infrastructure which meets the needs of the Moe community now and into the future.

An internal Sub Committee comprising the West Ward Councillors, General Manger Community Services and the CEO or his delegate was established to oversee the development of the Plan. The draft Project Outline discussed by the Sub Committee identified that there is currently no internal expertise or capacity to develop such a plan, making it necessary to engage an external consultant to undertake the work.

A draft Invitation to Quote document has been developed in order that Council can seek quotations from suitably qualified and experienced consultants to carry out the work.

DISCUSSION

The development of the Social Infrastructure Plan for Moe and District will provide a means for assessing existing social infrastructure in a large community and identify key contexts and standards required for future social infrastructure provision.

Consultation and engagement with a wide range of stakeholders will be required to deliver each phase of the project and will be integral to its success.

The findings report will demonstrate how it is reflective of stakeholder aspirations and supported by the Project Steering Committee. It will have

**ORDINARY COUNCIL MEETING MINUTES
21 MARCH 2016 (CM479)**

a clear rationale, include data and be able to be easily used as a benchmark for future decision making in other Latrobe City townships. The report will be made available in a variety of formats to meet Council's accessibility and readability requirements.

Activities to be undertaken revolve around community engagement which will support the project in drawing on local knowledge and reflecting local values. The community engagement approach will be consistent with Latrobe City's Community Engagement Strategy. The Community Engagement Strategy requires the maximum possible participation in the development of Council strategies and plans.

A Project Steering Committee will be established to oversee the project and provide advice and guidance to the consultant throughout the delivery of the project.

The Steering Committee will include members from the Moe and District community, two west ward Councillors, other identified key stakeholders, Latrobe City staff and government agencies. The Steering committee will oversee the community engagement process, consider and analyse information gathered and lead the production of the Plan. Members will help lead and contribute to open and effective conversations in the community to ensure coverage and completeness for the entire Moe and District.

The opportunity to participate should be directed but not limited to the following groups and areas:

- Chairperson – Latrobe City Councillor
- Latrobe City Council – various officers as required
- Business /Trader groups
- Advocacy Groups & Community Associations
- Sporting Clubs
- Community Members - covering a range of ages & population demographics
- Government – State & Federal
- Service and community groups and networks

An expression of interest process will be undertaken to recruit Steering Committee members.

An internal Project Assurance Group (PAG) will be established in accordance with the Latrobe City Project Governance Policy. The PAG will monitor progress of the project on behalf of the project Steering Committee. The PAG may provide specialist knowledge on particular aspects of the project. The PAG may be comprised of Council officers and/or external technical advisors if appropriate. The Project Manager will attend meetings.

Outdoor recreation and open space needs are exclusions from the Plan as they are addressed as part of Latrobe City's open space and recreation planning.

**ORDINARY COUNCIL MEETING MINUTES
21 MARCH 2016 (CM479)**

It is anticipated that the Plan will provide a blueprint for the delivery of infrastructure to support population changes and growth in the Moe and District area up to 2035.

KEY POINTS/ISSUES

In response to Council's resolution of 15 December 2014 a draft Invitation to Quote document has been produced for the Development of a Social Infrastructure Plan for Moe and District. Councillors will be informed and consulted on the development of the Plan through Councillor Briefings.

RISK IMPLICATIONS

Risk has been considered as part of this report and it is considered to be consistent with the Risk Management framework.

There is a risk of raising community expectation in relation to gaps in existing social infrastructure, although the Community engagement process should mitigate any implications that may arise.

Council's reputation may be called into question, in the event that the findings/recommendations from the Plan cannot be actioned and funded accordingly.

ORDINARY COUNCIL MEETING MINUTES 21 MARCH 2016 (CM479)

Residents from the other major towns in the municipality may expect that Council will also develop social infrastructure plans for those communities. In this instance Council will need to decide if this is a priority and if so budget allocations will need to be made accordingly.

FINANCIAL AND RESOURCES IMPLICATIONS

Sufficient funding has been allocated in the 2015/2016 budget to develop the Plan and it is anticipated that any unexpended funds at the end of the current financial year will be carried forward to the 2016/2017 financial year, as the project is to be completed by mid 2017.

Findings/recommendations from the Plan that require financial investment will need to be prioritised in Council budgets.

INTERNAL/EXTERNAL CONSULTATION

Engagement Method Used:

Consultation and engagement with a wide range of stakeholders will be required to deliver each phase of the project and will be integral to its success.

A detailed Community Engagement Plan which follows IAP2 community engagement principles to support the development of the Plan will be developed by the consultant during Phase 1 of the project.

Details of Community Consultation / Results of Engagement:

A Project Steering Committee will be established to oversee the project and provide advice and guidance to the consultant throughout the delivery of the project.

The Steering Committee will include members from the Moe and District community, two west ward Councillors, other identified key stakeholders, Latrobe City staff and government agencies. The Steering committee will oversee the community engagement process, consider and analyse information gathered and lead the production of the Plan. Members will help lead and contribute to open and effective conversations in the community to ensure coverage and completeness for the entire Moe and District.

An expression of interest process will be undertaken to recruit Steering Committee members.

The PAG will monitor progress of the project on behalf of the project Steering Committee. The PAG may provide specialist knowledge on particular aspects of the project. The PAG may be comprised of Council officers and/or external technical advisors if appropriate. The Project Manager will attend meetings.

OPTIONS

1. Endorse the scope of works and project deliverables in order to proceed with the Invitation to Quote process to develop a Social Infrastructure Plan for Moe and District.
2. Amend the scope of works and project deliverables in order to proceed with the Invitation to Quote process to develop a Social Infrastructure Plan for Moe and District.

CONCLUSION

The Social Infrastructure Plan for Moe and District will act as a mechanism to ensure that community infrastructure planning is integrated with and has a meaningful influence over growth and development. The Plan will support Council, community, State and Federal Government growth plans for the region.

A draft Invitation to Quote document has been developed to seek suitably qualified and experienced consultants to undertake the work.

The project will take approximately twelve months to complete once the consultant is engaged, the project will be managed by the Manager Community Development and overseen by the General Manager Community Services. The development of the Plan is a business plan action for the Community Development Department.

Councillors will be informed and consulted on the development of the Plan through Councillor Briefings.

Assembly of Councillors Record Explanation / Guide Notes
Required pursuant to the Local Government Act 1989 as amended.

1. Section 80A requirements (re: Written Record to be made by Council staff member):

Amendments to the Local Government Act 1989 (Section 80A), operative from 2 December 2008 now stipulate:

"At an assembly of Councillors, the Chief Executive Officer must ensure that a written record is kept of:

- the names of all Councillors and members of Council staff attending;
- the matters considered;
- any conflict of interest disclosures made by a Councillor attending under subsection (3);
- whether a Councillor who has disclosed a conflict of interest as required by subsection (3) leaves the assembly."

The above required information is:

- to be reported to an Ordinary meeting of the Council; and
- incorporated in the minutes of that Ordinary meeting.

2. Section 76AA definition:

"**Assembly of Councillors** (however titled, e.g: meeting / inspection / consultation etc) is a meeting of an advisory committee of the Council, if at least one Councillor is present, or a planned or scheduled meeting of at least half of the Councillors and one member of staff which considers matters that are intended or likely to be;

- The subject of a decision of the Council; or
- Subject to the exercise of a function, duty or power of the Council that has been delegated to a person or committee.

Brief Explanation:

Some examples of an *Assembly of Councillors* will include:

- Councillor Briefings;
- on site inspections, generally meetings re: any matters;
- meetings with residents, developers, other clients of Council, consultations;
- meetings with local organisations, Government Departments, statutory authorities (e.g. VicRoads, etc);

providing **at least 5 Councillors and 1 Council staff member are present** and the matter/s considered are intended **or likely to be** subject of a future decision by the Council **OR** an officer decision under delegated authority.

Effectively it is probable, that any meeting of at least 5 Councillors and 1 Council staff member will come under the new requirements as the assembly will in most cases be considering a matter which will come before Council or be the subject of a delegated officer's decision at some later time. If you require further clarification, please call the Manager Council Operations – Legal Counsel.

Please note: an Advisory Committee meeting requires only one Councillor to be in attendance. An advisory committee is defined as any committee established by the Council, other than a special committee, that provides advice to:

- the Council; or
- a special committee; or
- a member of Council staff who has been delegated a power, duty or function of the Council under section 98.

3. Section 80A and 80B requirements (re: Conflict of Interest):

Councillors and officers attending an Assembly of Councillors must disclose any conflict of interest.

Section 80A(3)

"If a Councillor attending an Assembly of Councillors knows, or would reasonably be expected to know, that a matter being considered by the assembly is a matter that, were the matter to be considered and decided by Council, the Councillor would have to disclose a conflict of interest under section 79, the Councillor must disclose either:

- (a) immediately before the matter in relation to the conflict is considered; or
- (b) if the Councillor realises that he/she has a conflict of interest after consideration of the matter has begun, as

soon as the Councillor becomes aware of the conflict of interest, leave the assembly whilst the matter is being considered by the assembly."

Section 80B

A member of Council staff who has a conflict of interest (direct or indirect) in a matter in which they have a delegated power, duty or function must:

- not exercise the power or discharge the duty or function;
- disclose the type of interest and nature of interest to the in writing to the Chief Executive Officer as soon as he/she becomes aware of the conflict of interest. In the instance of the Chief Executive Officer having a pecuniary interest, disclosure in writing shall be made to the Mayor.

17.3 REQUEST TO ENTER INTO A CONTRACT WITH PROCUREMENT AUSTRALIA FOR THE SUPPLY OF RETAIL ELECTRICITY, GAS AND ASSOCIATED SERVICES.

General Manager

Corporate Services

For Decision

PURPOSE

The purpose of this report is to seek Council's acceptance to enter into a Procurement Australia contract for;

- Contract 1906/0625 – Retail Electricity, Natural Gas & Associated Services

EXECUTIVE SUMMARY

Latrobe City Council currently engages AGL to provide retail electricity and gas supplies through the following Procurement Australia contracts;

Contract No.	Contract Title	Expiry Date
1212/1017	Natural Gas & Associated Services	31/03/2016
1606/0607	Retail Supply of Electricity and Associated Services	30/06/2016

As a result of the tender process conducted by Procurement Australia in 2015, AGL was awarded Contract 1906/0625 – Retail Electricity, Natural Gas & Associated Services.

As Procurement Australia acted as the tendering agent on behalf of multiple Victorian Council's, State Government and not for profit organisations, Council officers are satisfied that a complying procurement process has been undertaken.

MOTION

Moved: Cr Harriman
Seconded: Cr White

That Council:

- 1. Approves the exemption to not enter into a public tender process for Retail Electricity, Natural Gas & Associated Services in accordance with section 2.5 of Latrobe City Council's Procurement Policy.**
- 2. Enters into a contract with Procurement Australia: Contract No. 1906/0625 – Retail Electricity, Natural Gas & Associated Services**
- 3. Delegates the authority to the Chief Executive Officer to sign and seal contracts with Procurement Australia and AGL for contract number. 1906/0625 – Retail Electricity, Natural Gas & Associated Services.**

CARRIED UNANIMOUSLY**DECLARATION OF INTEREST**

No officer declared an interest under the *Local Government Act 1989* in the preparation of this report.

STRATEGIC FRAMEWORK

This report is consistent with Latrobe 2026: The Community Vision for Latrobe Valley and the Latrobe City Council Plan 2013-2017.

Latrobe 2026: The Community Vision for Latrobe Valley***Strategic Objectives - Governance***

In 2026, Latrobe Valley has a reputation for conscientious leadership and governance, strengthened by an informed and engaged community, committed to enriching local decision making.

Latrobe City Council Plan 2013 - 2017***Theme, Objectives and Strategic Directions***

Theme 2: Appropriate, affordable and sustainable facilities, services and recreation.

Objective: To provide facilities and services that are accessible and meet the needs of our diverse community.

ORDINARY COUNCIL MEETING MINUTES 21 MARCH 2016 (CM479)

Strategic Direction: Develop and maintain community infrastructure that meets the needs of our community.

Legislation

Section 186 of the Local Government Act 1989.

Policy – Procurement Policy 14 POL-7

The purpose of this Procurement Policy is to provide a framework to assist and ensure the efficient, effective, socially and ecologically responsible procurement of goods, services and works for Latrobe City Council.

BACKGROUND

Latrobe City Council currently engages AGL to provide retail electricity and gas supplies through the following Procurement Australia contracts;

Contract No.	Contract Title	Expiry Date
1212/1017	Natural Gas & Associated Services	31/03/2016
1606/0607	Retail Supply of Electricity and Associated Services	30/06/2016

As a result of the tender process conducted by Procurement Australia in 2015, AGL was awarded Contract 1906/0625 – Retail Electricity, Natural Gas & Associated Services. The dates for these contracts are;

Service	Commencement Date	Expiry Date
Gas	1 April 2016	30 June 2018
Electricity	1 July 2016	30 June 2018

Due to the complexity and benefits gained by group tendering in relation to utility purchases, Council agreed to enter a group procurement process undertaken by Procurement Australia as our agent in accordance with item 5B of section 186 of the *Local Government Act 1989*.

Procurement Australia is a third party agency who tenders on behalf of multiple Local Government and State Government agencies to receive the best value outcome for the community.

In accordance with Section 2.5 of Latrobe City Council's Procurement Policy 15 POL-08 and Section 4.7.1 of Latrobe City Council's Procurement Operational Framework, Council officers can request a change to the mandatory quotation and public tender requirements by seeking an exemption. In this instance an exemption is applicable in accordance with the Procurement Operational Framework where;

ORDINARY COUNCIL MEETING MINUTES 21 MARCH 2016 (CM479)

“The contract is entered into following the appointment of a third party to act as LCC’s agent for the purpose of conducting a tender process.”

As the value to deliver this service exceeds the Council’s delegated levels to the organisation, Council is required to resolve to enter in to the contract.

KEY POINTS/ISSUES

The engagement of Procurement Australia to act as a third party agency to tender on behalf of multiple Council’s, State Government and not for profit organisations provides an opportunity to gain more favourable rates than could be gained by undertaking our own individual process.

The benefits of this tender are;

- A major cost savings achieved in large market electricity in Victoria.
- Improvement in discount percentages applicable to small market electricity generally.
- Significant price increase avoidance in gas markets in year one of the contract.
- Unrestricted “site roll in” for small market electricity and gas sites.
- 30 day payment terms.

The attachment provided by Procurement Australia illustrates the difference between the existing contract rates and the new contract, these figures are for consumption only at Latrobe City Council sites.

RISK IMPLICATIONS

Risk has been considered as part of this report and it is considered to be consistent with the Risk Management framework.

As directed by Procurement Australia, agreements must be signed and returned to AGL by no later than 31 March 2016, otherwise the discounted rates will not be available.

Should approval not be granted to enter into contracts with Procurement Australia for these goods and services, a public tender process will need to be undertaken which could result in higher electricity and gas rates.

**ORDINARY COUNCIL MEETING MINUTES
21 MARCH 2016 (CM479)****FINANCIAL AND RESOURCES IMPLICATIONS**

Based on Council's electricity and gas consumption data in the 2014/15 financial year, Latrobe City Council is predicted to save 8.5% on gas and electricity services under the new contract.

INTERNAL/EXTERNAL CONSULTATION*Engagement Method Used:*

Print media by way of advertising locally and nationally was utilised during the Invitation to Tender process, thus meeting the requirements of section 186 of the *Local Government Act 1989*.

Details of Community Consultation / Results of Engagement:

Not Applicable.

Evaluation Panel

The evaluation panel consisted of representatives from Procurement Australia, other Victorian Council's

OPTIONS

Council has the following options:

1. To provide an exemption from undertaking an individual public tender process and enter into a contract with Procurement Australia, Contract 1906/0625 – Retail Electricity, Natural Gas & Associated Services
2. Not to enter a contract with Procurement Australia and undertake a separate tendering process.

CONCLUSION

As a result of the tender process conducted by Procurement Australia in 2015, AGL was awarded Contract 1906/0625 – Retail Electricity, Natural Gas & Associated Services.

As Procurement Australia acted as the tendering agent for multiple Victorian Councils and State Government organisations, extremely competitive rates were obtained which will potentially provide significant savings to Council.

EXECUTIVE SUMMARY

As part of the *Local Government Amendment (Improved Governance) Act 2015* (Amendment Act) changes, councils are now required to adopt an Election Period Policy by 31 March 2016.

The proposed Policy is attached for adoption. It has been based on better practice documents published by the Local Government Investigations and Compliance Inspectorate (Inspectorate), and the requirements under the Amendment Act.

MOTION**Moved:** Cr Harriman**Seconded:** Cr White**That Council:**

- 1. Adopts the Election Period Policy with an effective date of 22 March 2016;**
- 2. Notes that with the adoption of this Policy, that any previous versions are now rescinded; and**
- 3. Makes this Policy available to the public on Council's website.**

CARRIED UNANIMOUSLY**DECLARATION OF INTEREST**

No officer declared a conflict of interest under the *Local Government Act 1989* in the preparation of this report.

STRATEGIC FRAMEWORK

This report is consistent with Latrobe 2026: The Community Vision for Latrobe Valley and the Latrobe City Council Plan 2013-2017.

Latrobe 2026: The Community Vision for Latrobe Valley

Strategic Objective - Governance

Latrobe City Council Plan 2013 - 2017

Theme

Theme 3: Efficient, effective and accountable governance

BACKGROUND

Councils are required under the *Local Government Act 1989 (Act)* during an election period to refrain from making 'major policy decisions'.

The Inspectorate identified prior to the 2012 elections that it was better practice for councils to adopt clear policies and procedures around the election period.

Latrobe City Council adopted the *Electoral Caretaker Provisions Policy* on 23 May 2011. With the adoption of the proposed Election Period Policy (Policy), the *Electoral Caretaker Provisions Policy* will be rescinded.

A review was conducted by the Inspectorate on the various policies and procedures put in place by councils to manage the election period. The Inspectorate identified three better practice councils and published their documents for other councils to utilise for future elections.

As part of the *Local Government Amendment (Improved Governance) Act 2015 (Amendment Act)* changes, councils are now also required to have an election period policy. The new legislation also requires for councils to adopt the policy by 31 March 2016.

Based on the Inspectorate review undertaken and the legislative changes being proclaimed, the *Electoral Caretaker Provisions Policy* has been reviewed and a proposed Election Period Policy drafted.

KEY POINTS/ISSUES

The election period commences at 12:00am, 21 September 2016, and ends at 6:00pm on the Council election day.

The proposed Policy has been drafted based on the better practice documents identified by the Inspectorate and adjusted according to Latrobe City data.

The proposed Policy has had internal consultation with key stakeholders.

Under the Amendment Act, the election period policy must contain as a minimum, procedures to:

- prevent inappropriate decisions and misuse of resources
- limit public consultation and council events
- ensure equitable access to council information.

The proposed Policy addresses these requirements, and has provided for the following key elements:

- Decision making by Council, Committees and delegates of Council
- Publishing material by Council, including on Facebook and other social media

ORDINARY COUNCIL MEETING MINUTES 21 MARCH 2016 (CM479)

- Public consultation provisions
- Function and event management
- The use of Council resources by Councillors
- Access to Council information by Councillors and candidates
- Media services

RISK IMPLICATIONS

Risk has been considered as part of this report and it is considered to be consistent with the Risk Management framework.

Under the Act, Council is required to adopt an Election Period Policy by no later than 31 March 2016. If Council does not adopt this policy at this meeting, then compliance with this date is at risk.

There is not considered to be any other significant risks associated with this report.

FINANCIAL AND RESOURCES IMPLICATIONS

If the proposed Policy is adopted, officers will be able to implement appropriate procedures for the good governance of the Council election.

There are no other significant financial or resource implications.

INTERNAL/EXTERNAL CONSULTATION

Internal consultation as well as engagement with Councillors has been undertaken. Benchmarking has also occurred against the better practice policy documents published by the Inspectorate.

Once the policy has been adopted, a copy of the Policy must be provided to every Councillor, made available on the Council website and be available in hardcopy for public inspection.

Internal communications will occur with staff to ensure compliance by the organisation during the election period.

OPTIONS

Council may:

1. Adopt the proposed Election Period Policy; or
2. Adopt the proposed Election Period Policy with amendments.

CONCLUSION

The proposed Election Period Policy is required to be adopted by Council no later than 31 March 2016 in order to comply with new provisions in the Act. The proposed Policy complies with the requirements specified within the Act, and with better practice documents.

Election Period Policy

1. Background

- 1.1. Council staff and councillors must observe specific legislative and governance requirements during the period leading up to an election.
- 1.2. The *Local Government Act 1989* (Act) provides that during the 'election period' certain prohibitions apply to the general functions and powers of Council. It is during this time that Council enters caretaker mode.
- 1.3. The 'election period' is defined by the Act as starting at midnight at the end of the last day of nominations and ending at 6pm on the election day. The last day for nominations is the day that is 32 days before the election day.
- 1.4. This policy replaces and overrides any previous policy or document that refers to the caretaker or election period.

2. Objectives

- 2.1. The Election Period Policy (Policy) is a requirement under section 93B of the *Local Government Act 1989*.
- 2.2. The Policy aims to facilitate the continuation of the ordinary business of local government in Latrobe City throughout the election period in a responsible and transparent manner, in accordance with statutory requirements and established caretaker conventions.
- 2.3. This Policy commits Council during the election period to:
 - 2.3.1. Avoid making inappropriate decisions that could unreasonably bind a future Council; and
 - 2.3.2. Ensure that public resources, including staff resources, are not used in election campaigning or in a way that may improperly influence the result of an election, or improperly advantage existing Councillors as candidates in the election.

3. Scope

- 3.1. This Policy applies during the 'Election Period' (see below for definition) and covers:
 - 3.1.1. Decisions that are made by Council, a special committee of the Council, or a delegate of the Council;
 - 3.1.2. Any material that is published by the Council;
 - 3.1.3. Public consultation by the Council during the Election Period;

WARNING - uncontrolled when printed.

----------------------	--------------------	---------------	-------	-------------	------------

Election Period Policy

- 3.1.4. Attendance and participation in functions and events;
- 3.1.5. The use of Council resources;
- 3.1.6. Access to Council information; and
- 3.1.7. Media services.
- 3.2. This Policy takes precedence over any other Council Policy, Framework or Procedure during the Election Period in relation to compliance requirements.
- 3.3. This policy must be complied with during an Election Period if ANY of the following apply to you:
 - 3.3.1. You are involved in making a major policy decision
 - 3.3.2. You are involved in making a significant decision that will bind the incoming Council
 - 3.3.3. You are about to publish material which has reference in it to a candidate (which includes sitting Councillors) or the election or an issue before the voters in connection with the election
 - 3.3.4. You are involved in the creation of any Council publication
 - 3.3.5. You are involved in any public consultation process
 - 3.3.6. You are a Councillor who is planning to attend a function or event
 - 3.3.7. You supply resource support to Councillors
 - 3.3.8. You are a Councillor requesting access to Council information
 - 3.3.9. You are a Councillor requesting media advice or services
- 3.4. This Policy has been written to provide a guide only for Council staff, Councillors and candidates and is not a substitute for legal advice. Individuals should seek their own independent advice if they are unsure about any aspect of the *Local Government Act 1989* and associated regulations in relation to the election period.

4. Principles of Management

- 4.1. Council Decision Making
 - 4.1.1. Council decision making includes decisions that are made by Council, a special committee of the Council, or a delegate of the Council.
 - 4.1.2. It is an established democratic principle that elected bodies should not unnecessarily bind an incoming government during an election period.

WARNING - uncontrolled when printed.

----------------------	--------------------	---------------	-------	-------------	------------

Election Period Policy

- 4.1.3. The Council therefore commits to the principle that it will make every endeavour to avoid making decisions that inappropriately or unreasonably bind the incoming Council. This includes a commitment to comply with the requirements relating to major or significant policy decisions as defined.
- 4.1.4. If Council considers that there are extraordinary circumstances where the Latrobe City community would be significantly disadvantaged by the Council not making a decision that is considered a major policy decision, the Council will, by resolution, request an exemption from the Minister for Local Government in accordance with section 93A(2). Any other major policy decision made during the election period is deemed to be invalid under the Act.
- 4.1.5. A Caretaker statement will be included in every report submitted to the Council, or to a special committee of the Council, or to a delegate of the Council.
- 4.1.6. Refer to Appendix Two: Council Decision Making Guidelines and Procedures for detailed requirements.
- 4.2. Material Published by Council
 - 4.2.1. Section 55D of the Act prohibits Council from printing, publishing or distributing any advertisement, handbill, pamphlet or notice during an election period unless it has been certified, in writing, by the Chief Executive Officer.
 - 4.2.2. The Chief Executive Officer must not intentionally or recklessly certify a publication that contains electoral matter, unless that material is only about the election process.
 - 4.2.3. Publications to be printed, published or distributed during the election period must first be certified by the Chief Executive Officer.
 - 4.2.4. Refer to Appendix Three: Material published by Council Guidelines and Procedures for detailed requirements.
- 4.3. Public Consultation
 - 4.3.1. It is prohibited under this policy for public consultation to be undertaken during the Election Period (new consultation or existing) on an issue that is contentious unless prior approval is given by the Council or the Chief Executive Officer.
 - 4.3.2. Due to this prohibition, it is prudent for the Council not to commission or

approve any public consultation if such consultation is likely to run into the Election Period, unless the Council or the Chief Executive Officer gives prior approval.

4.3.3. Where public consultation is approved to occur during the Election Period, the results of that consultation will not be reported to Council until after the Election Period except where approved by the Chief Executive Officer or his delegate.

4.3.4. Refer to Appendix Four: Public Consultation for detailed requirements.

4.4. Functions and Events

4.4.1. Reference to events and functions means gatherings of internal and external stakeholders to discuss, review, acknowledge, communicate, celebrate or promote a program, strategy or issue which is of relevance to the Council and its community.

4.4.2. It may take the form of conferences, workshops, forums, launches, promotional activities, or social occasions, such as dinners, receptions and balls.

4.4.3. Where there is a public event staged by external bodies, Councillors may continue to attend these functions during the Election Period in accordance with the adopted *Provisions of Resources and Support to Councillors Policy*.

4.4.4. Refer to Appendix Five: Functions and Events Guidelines and Procedures for detailed requirements.

4.5. Use of Council Resources

4.5.1. The Council will ensure that due propriety is observed in the use of all Council resources, and Council staff are required to exercise appropriate discretion in that regard.

4.5.2. Council resources, including documents (not available publicly), officers, support staff, hospitality services, equipment (including phones and internet connections) and stationery shall be used exclusively for normal Council business during the Election Period, and shall not be used in connection with an election.

4.5.3. No Council logo, letterhead or other Latrobe City branding will be used for, or linked in any way to a candidate's election campaign.

4.5.4. Support staff for the Mayor and Councillors must not be asked to

undertake any tasks connected directly or indirectly with an election campaign.

4.5.5. Refer to Appendix Six: Use of Council Resources Guidelines and Procedures for detailed requirements.

4.6. Access to Council information

4.6.1. All election candidates have equal rights to information relevant to their election campaigns from the Council administration.

4.6.2. Neither Councillors nor candidates will be provided information or advice from Council staff that might be perceived to support election campaigns, and there shall be transparency in the provision of all information and advice during the Election Period.

4.6.3. Information and briefing material prepared or secured by staff for a Councillor during the Election Period must be necessary to the carrying out of the Councillor's role and must not be related to election issues or to issues that might be perceived to be of an electoral nature.

4.6.4. The Governance team will maintain an Information Request Register during the election period. This Register will be a public document that records all requests relating to electoral matters and non-routine requests for information by Councillors and candidates, and the responses given to those requests.

4.6.5. Refer to Appendix Seven: Access to Information Guidelines and Procedures for detailed requirements.

4.7. Media services

4.7.1. Council's Media and Marketing team undertake the promotion of Council activities and initiatives. During the election period, this team's services must not be used in any way that might promote a Councillor or an election candidate.

4.7.2. Council publicity during the election period will be restricted to communicating normal Council activities and initiatives and subject to certification by the Chief Executive Officer.

4.7.3. Media releases will minimise references to specific Councillors and will not identify any Councillor in a manner that could promote a Councillor as an election candidate. Where it is necessary to identify a spokesperson, the Chief Executive Officer or his or her delegate will be the default

Section 76B Primary principle of Councillor conduct

It is a primary principle of Councillor conduct that, in performing the role of a Councillor, a Councillor must—

- (a) act with integrity; and
- (b) impartially exercise his or her responsibilities in the interests of the local community; and
- (c) not improperly seek to confer an advantage or disadvantage on any person.

76BA General Councillor conduct principles

In addition to acting in accordance with the primary principle of Councillor conduct specified in section 76B, in performing the role of a Councillor, a Councillor must—

- (a) avoid conflicts between his or her public duties as a Councillor and his or her personal interests and obligations;
- (b) act honestly and avoid statements (whether oral or in writing) or actions that will or are likely to mislead or deceive a person;
- (c) treat all persons with respect and have due regard to the opinions, beliefs, rights and responsibilities of other Councillors, Council staff and other persons;
- (d) exercise reasonable care and diligence and submit himself or herself to the lawful scrutiny that is appropriate to his or her office;
- (e) endeavour to ensure that public resources are used prudently and solely in the public interest;
- (f) act lawfully and in accordance with the trust placed in him or her as an elected representative;
- (g) support and promote these principles by leadership and example and act in a way that secures and preserves public confidence in the office of Councillor.

Election Period Policy

93A Conduct of Council during election period

- (1) *Subject to this section, a Council, a special Committee or a person acting under a delegation given by the Council must not make a major policy decision during the election period for a general election.*
- (2) *If a Council considers that there are extraordinary circumstances which require the making of a major policy decision during the election period, the Council may apply in writing to the Minister for an exemption from the application of this section to the major policy decision specified in the application.*
- (3) *If the Minister is satisfied that there are extraordinary circumstances, the Minister may grant an exemption from the application of this section to the major policy decision specified in the application subject to any conditions or limitations that the Minister considers appropriate.*
- (4) *A major policy decision made in contravention of this section is invalid.*
- (5) *Any person who suffers any loss or damage as a result of acting in good faith on a major policy decision made in contravention of this section is entitled to compensation from the Council for that loss or damage.*
- (6) *In this section, a **major policy decision** means any decision—*
 - (a) *relating to the employment or remuneration of a Chief Executive Officer under section 94, other than a decision to appoint an acting Chief Executive Officer;*
 - (b) *to terminate the appointment of a Chief Executive Officer under section 94;*
 - (c) *to enter into a contract the total value of which exceeds whichever is the greater of—*
 - (i) *\$100 000 or such higher amount as may be fixed by Order in Council under section 186(1); or*
 - (ii) *1% of the Council's revenue from rates and charges levied under section 158 in the preceding financial year;*
 - (d) *to exercise any power under section 193 if the sum assessed under section 193(5A) in respect of the proposal exceeds whichever is the greater of \$100 000 or 1% of the Council's revenue from rates and charges levied under section 158 in the preceding financial year.*

Election Period Policy

93B Council to adopt an election period policy

- (1) A Council must prepare, adopt and maintain an election period policy in relation to procedures to be applied by Council during the election period for a general election.
- (2) A Council must prepare and adopt an election period policy as required by subsection (1)—
 - (a) by 31 March 2016; and
 - (b) following the general election on 22 October 2016, continue to maintain the election period policy by reviewing and, if required, amending the policy not later than 12 months before the commencement of each subsequent general election period.
- (3) An election period policy must include the following—
 - (a) procedures intended to prevent the Council from making inappropriate decisions or using resources inappropriately during the election period before a general election;
 - (b) limits on public consultation and the scheduling of Council events;
 - (c) procedures to ensure that access to information held by Council is made equally available and accessible to candidates during the election.
- (4) A copy of the election period policy must—
 - (a) be given to each Councillor as soon as practicable after it is adopted; and
 - (b) be available for inspection by the public at the Council office and any district offices; and
 - (c) be published on the Council's Internet website maintained under section 82A.
- (5) In this section—

inappropriate decisions made by a Council during an election period includes any of the following—

 - (a) decisions that would affect voting in an election;
 - (b) decisions that could reasonably be made after the election.

Election Period Policy

95 Conduct principles

- (1) Council staff must in the course of their employment—
 - (a) act impartially;
 - (b) act with integrity including avoiding conflicts of interest;
 - (c) accept accountability for results;
 - (d) provide responsive service.
- (2) Nothing in subsection (1)(c) affects the granting of an indemnity to a member of Council staff in respect of any liability or limits the effect of—
 - (a) any such indemnity, whether granted before or after the commencement of section 67 of the Local Government (Democratic Reform) Act 2003; or
 - (b) any immunity conferred on a member of Council staff by or under any Act, whether before or after that commencement.

Appendix Two: Council Decision Making Guidelines and Procedures

1. Major Policy and Significant Decisions

- In the context of this policy, major policy decisions include:
 - The appointment or dismissal of a Chief Executive officer, or the remuneration of a Chief Executive Officer;
 - Approval of contracts with a total value exceeding \$719,000 (this is 1% of Council's total revenue from rates and charges under s.158 in the proceeding financial year);
 - The exercise of any entrepreneurial power under s.193.
- In the context of this policy, significant decisions include major policy decisions AND:
 - Approval of contracts that require significant funding in future financial years or are regarded as politically sensitive;
 - Decisions that have significant impacts on Council's income or expenditure or that relate to expenditure on politically sensitive matters;
 - Decisions of a politically sensitive nature;
 - Policy or strategy decisions.

2. Scheduling consideration of significant decisions

- As a general principle, the Chief Executive Officer should, as far as practicable, avoid scheduling decisions for the Election Period and instead, ensure that significant decisions are either considered by Council prior to the Election Period, or scheduled for determination by the incoming Council.

3. Significant decisions during Election Period

- If a significant decision cannot be scheduled prior to or after the Election Period, then you need to refer to the list below to determine whether it is effected by this Policy. If you are unsure of whether a decision does or does not fall within the list below, speak with the Chief Executive Officer or his appointed delegate.

----------------------	--------------------	---------------	-------	-------------	------------

Election Period Policy

- Whether the decision is 'significant'
- The urgency of the issue (can it wait until after the election?)
- The possibility of financial repercussions if it is deferred, if any
- Whether the decision is likely to be controversial
- Whether the decision is in the best interests of the Council

5. Agendas and Reports

- During the election period, the Chief Executive Officer will ensure that a 'Caretaker Statement' is included in every report submitted to the Council or a Special Committee or to a delegate for a decision.
- The Caretaker Statement will specify one of the following:
 - *The recommended decision is not a major policy decision, as defined in section 93A of the Local Government Act 1989 or a significant decision within the meaning of the Election Period Policy.*
 - *The recommended decision is not a major policy decision, as defined in section 93A of the Local Government Act 1989. The recommended decision is a significant decision within the meaning of the Election Period Policy, but an exception should be made for the following reasons [insert reasons for making an exception].*
 - *The matter contained within this report is considered a major policy decision and therefore this report recommends seeking an exemption from the Minister for Local Government as required in section 93A of the Local Government Act 1989.*
 - *The recommended decision is a major policy decision, as defined in section 93A of the Local Government Act 1989, an extraordinary circumstances exemption was granted by the Minister for Local Government on [insert date].*
- During the election period, the Council will not make a decision on any matter or report that does not include one of these Caretaker Statements.

Appendix Three: Material published by Council Guidelines and Procedures

1. Prohibited Material

- It is prohibited under the Act for Council to print, publish or distribute; or to cause, permit or authorise others to print, publish or distribute on behalf of the Council, any advertisement, handbill, pamphlet or notice that contains electoral matter during the Election Period.
- The Act also requires that all Council publications during the election period must be certified in writing by the Chief Executive Officer, in accordance with the Election Period Certification Procedure which is included as part of this Policy (see page 10).
- Publications should be read broadly to include all documents that are produced for the purpose of communicating with people in the community, including Council newsletters, advertisements and notices, media releases, leaflets and brochures, emails and mailouts to multiple addresses, electronic information and web based productions including Council's website, Facebook account and Twitter page.
- The controls do not cover advertisements that simply announce the holding of a meeting or about the election process itself.
- Electoral matter is any matter that is "intended or likely to affect voting in an election" and this includes (but is not limited to) material that deals with the election, candidates or issues of contention in the election.
- A publication is taken to contain electoral matter if it contains an express or implicit reference to, or comment on:
 - The election; or
 - A candidate in the election; or
 - An issue submitted to, or otherwise before, the voters in connection with the election.
- Material is definitely electoral matter if it:
 - publicises the strengths or weaknesses of a candidate;
 - advocates the policies of the Council or of a candidate;
 - responds to claims made by a candidate; or

Election Period Policy

- publicises the achievements of the elected Council.
 - Councillors may publish campaign material on their own behalf, but cannot purport for that material to be originating from, or authorised by, Council or Latrobe City Council i.e. by use of Council logos.
- 2. Certification of Publications**
- Publications to be printed, published or distributed during the caretaker period must first be certified by the Chief Executive Officer.
 - The certification by the Chief Executive Officer will be in writing on or affixed to a copy of the publication and be in the following form:
'Certified by the Chief Executive Officer in accordance with Section 55D of the Local Government Act 1989'.
 - Copies of all certified documents will be retained on Council records.
- 3. Election Period Certification Procedure**
- Any Council publication which is potentially affected by this policy will be reviewed by the Council's communications and governance departments, and then certified in writing by the Chief Executive Officer in accordance with this procedure, prior to publication.
 - This is to ensure that any circulated, displayed or otherwise publicly available material during the Election Period does not contain material that may be construed as 'electoral matter'.
- 4. Publications that require certification**
- The recommended practice (in line with State and Federal Governments), is where possible to avoid all publication activity during the caretaker period except where it is essential for the conduct of Council operations.
 - Publications which require certification include:
 - Brochures, pamphlets, handbills, flyers, magazines and books;
 - Reports (other than agenda papers and minutes);
 - Advertisements and notices, except newspaper notices of meetings;
 - New website material;
 - New social media content (which includes Facebook and Twitter posts);

Election Period Policy

- Emails with multiple addresses, used for broad communication with the community;
- Mass mail outs or identical letters sent to a large number of people by or on behalf of Council;
- Media releases;
- Material to publicise a function or event; and
- Any publication or distribution of Councillors' speeches.

5. Documents on Display at all Council facilities

- A number of Council publications with references to ether current Councillors or candidates, both on website and public display will be withdrawn from display during an election period.

6. Councillor Information

- Any reference to Councillors standing for re-election in Council publications printed, published or distributed during an election period must not include promotional text.

7. Annual Report

- If the publication date of the Annual Report occurs during the Election Period, it is affected by the legislative restrictions on publications and therefore may not include information about Councillors beyond what is required by the Local Government Regulations.
- The Annual Report does not require certification by the Chief Executive Officer; however any publication of an extract or summary of the Annual Report will require certification.

8. Council and Committee Agendas and Minutes (Refer to Appendix Two: Council Decision Making Guidelines and Procedures for more information)

- Agenda papers and minutes of Council and Committee meetings do not require certification by the Chief Executive Officer unless they are printed or published for a wider distribution than normal.

9. Latrobe City Council Websites

- This provision applies to all Council websites, which includes the Council main website and microsites (e.g. Latrobe City Libraries, Latrobe Leisure, Visit Latrobe and the Latrobe Regional Gallery, but not limited to these microsites).
- During the election period the Council website will not contain material precluded by this policy. Any references to the election will only relate to the election process.
- Material published on Council's website in advance of the caretaker period is not subject to certification, however existing material that is prominently displayed will be reviewed and consideration given to the removal of any such material that would be considered electoral matter, were it to be published during the election period.
- Information about Councillors will be restricted to names and contact details.
- Any new material published on Council's web site during the election period that may be considered to be an advertisement, handbill, pamphlet or notice must also be subject to the certification process. Council agendas, minutes and the annual report are considered exempt from certification.
- Where information is removed for the election period, a statement will be published that states:

'As the Latrobe City Council election will be held on [Day,Date], the Latrobe City Council has assumed a caretaker role from [Date].

During the caretaker period, content will only be added to this website in accordance with the Election Period Policy.'

10. Social Media

- Any publication on social media sites such as Facebook or twitter that are under the auspices of Council will also require certification by the Chief Executive Officer. Similar requirements apply to Council blog sites.
- Latrobe City Council's Communications team monitors the Latrobe City Council corporate Facebook and twitter feeds between the hours of 9.00am and 5.00pm on weekdays (excluding public holidays), and any negative or inappropriate posts are deleted. Occasionally when it is deemed necessary by Council's Communications team, the monitoring is extended to include weekends, major festivals/events, and emergencies.

Election Period Policy

- The ability for members of the public to post comments on Council's social media sites will be removed for the duration of the Election Period.
- Any publication on social media sites including Facebook, Twitter, blogs and wiki pages during the election period must be certified by the Chief Executive Officer.
- Social media posts are to be kept to minimum, and are to only cover normal day-to-day activities only.
- Staff responsible for administering individual social media sites will monitor their respective sites during the election period and use moderation features where available to ensure no electoral matter is posted. No matter is permitted that may be construed as electoral matter – sites should be reviewed to ensure there is none.
- No photos will be published on Council's social media sites – only text posts will be able to be certified.
- No launches or announcements of any new projects, policy initiatives, or programs are to be made on social media during the election period.
- Any YouTube videos currently on sites are to be removed and suspended during the election period.
- No hosting or responding to political content at all is permitted.

11. Council Photographs

- Councillors should not use their position as an elected representative or their access to Council staff and other Council resources or information in support of an election campaign. This includes photos or images provided by Council for past Council activities.

Appendix Four: Public Consultation

1. Prohibition

- It is prohibited under this policy for public consultation to be undertaken during the Election Period (new consultation or existing) on an issue that is contentious unless prior approval is given by the Council or the Chief Executive Officer.
- For the purposes of this policy, public consultation means a process that involves an invitation or invitations to individuals, groups or organisations or the community generally to comment on an issue, proposed action or proposed policy.

2. Right to Postpone

- It is prudent for the Council not to commission or approve any public consultation if such consultation is likely to run into the Election Period, unless the Council or the Chief Executive Officer gives prior approval.
- Some public consultation activities may be necessary during the caretaker period to facilitate the day to day business of Council and ensure matters continue to be proactively managed.
- Any such public consultations will avoid express or implicit links to the election.
- In view of the potential for a matter or issue to become contentious or politically sensitive in the course of the election period, Council reserves the right to postpone a matter if the issue is likely to affect voting.
- Council will not continue or commence public consultation on any contentious or politically sensitive matter after the commencement of the election period.

3. Statutory Consultation processes

- Consultations under the *Planning and Environment Act 1987* or Section 223 of the *Local Government Act 1989* statutory provisions shall only proceed after express agreement by the relevant General Manager and then only if it:
 - relates solely to the normal day-to-day business of Council; and
 - does not relate to a matter that is considered a major or significant decision.

4. Approval for public consultations

- Any request for public consultation to occur during the election period, must be referred to the Chief Executive Officer.
- Where the matter is not already expressly prohibited, in deciding whether to give approval the Chief Executive Officer will need to have regard to a number of factors including:
 - whether the decision is 'significant';
 - the urgency of the issue (that is, can it wait until after the election?);
 - the possibility of financial repercussions if it is deferred;
 - whether the decision is likely to be controversial; and
 - whether the decision is in the best interests of the Council.
- Where public consultation is approved to occur during the Election Period the results of that consultation will not be reported to Council until after the Election Period except where approved by the Chief Executive Officer or his delegate.

Election Period Policy

Appendix Five: Functions and Events Guidelines and Procedures

1. Functions and event definition

- Reference to events and functions means gatherings of internal and/or external stakeholders to discuss, review, acknowledge, communicate, celebrate or promote a program, strategy or issue which is of relevance to the Council and its community and may take the form of conferences, workshops, forums, launches, promotional activities, social occasions such as dinners, receptions and balls.

2. Public Events Staged by External Bodies

- Councillors may continue to attend events and functions during the Election Period.
- As a general rule, any such attendance will not be represented as acting in an official capacity on behalf of the organisation.

3. Council Events and Functions

- Council organised events and functions held during the Election Period will be reduced to only those essential to the operation of the Council.
- This may be varied by a Council resolution or where the Chief Executive Officer has given prior approval.
- Councillor attendance at Council events (if any during the election period) should not be used to gain attention in support of an election campaign.
- No election material or active campaigning is to be conducted at Council sponsored event or be displayed in any Council building.

4. Speeches/Keynote addresses

- Councillors should not act in an official capacity, including giving public speeches or addresses at Council organised or sponsored events and functions, during the election period.
- Speeches for Councillors will only be prepared by Council staff in relation to events that are part of the normal services or operation (such as citizenship ceremonies) of the Council and such speeches will not be circulated or available for publication.

5. Recording of Attendance at External Meetings and Functions

- The presence of Councillors at external meetings and functions may be recorded in attendance records, except where this record of attendance is in conjunction with information/promotional material (ie text or images) that may be considered as electoral material.

6. Publication of promotional material

- Publicity of Council events (if any during the election period) will be restricted to the communication of factual material and will not mention or quote any Councillor.
- In preparing any material concerning a Council organised or sponsored function or event that will be published or distributed during the Election Period, such preparation must be consistent with the controls under Appendix Three: Material published by Council Guidelines and Procedures to this Policy.

7. Council Employees

- During the Election Period no Council employee may make any public statement that relates to an election issue unless the statement has been approved by the Chief Executive Officer.
- Public statements are not only formal press releases but also verbal comments at meetings, functions and events where attending as part of their Council role.

Appendix Six: Use of Council Resources Guidelines and Procedures

1. Council Resources

- The Council will ensure that due propriety is observed in the use of all Council resources, and Council staff are required to exercise appropriate discretion in that regard.
- Council staff should avoid assisting Councillors in ways that could create a perception that they are being used for electoral purposes.
- Council resources, including offices, vehicles, support staff, hospitality services, property, equipment and stationery must be used exclusively for normal Council business during the election period, and must not be used in connection with an election campaign.

2. Use of Council Equipment by Councillors

- Councillors may continue to use any Council equipment provided to them to facilitate their performance of normal Council duties, subject to existing protocols and terms of use.
- Councillors standing for re-election must not use Council equipment as a resource to assist with election campaigns.
- Where Councillors have Council funded services, such as mobile phones, land lines and internet connections, and where it is impractical for Councillors to discontinue their use of these during the election, Councillors will reimburse the Council for usage of those services during the election period that exceeds normal usage levels.
- Councillors may wish to consider the specific ways to administer this procedure. For instance Councillors may decide to use a private mobile phone for all election enquiries and publicise such number on election literature.

3. Correspondence

- General correspondence addressed to councillors will be answered as usual.
- However, Councillors will sign only the necessary minimum of correspondence during the election period and correspondence in respect to significant, sensitive or controversial matters should be signed by the Chief Executive Officer.

Election Period Policy

- Replies will be prepared so as to protect Council staff from perceptions of political bias.
- 4. Expenses Incurred by Councillors**
- Payment or reimbursement of costs relating to Councillors out-of-pocket expenses incurred during the election period must only apply to necessary costs that have been incurred in the performance of normal Council duties, and not for expenses that could be perceived as supporting or being connected with a candidate's election campaign.
 - In the case of Councillor claims that cover a combination of Council and electoral business, the Chief Executive Officer may approve a partial reimbursement to cover Council activities.
- 5. Council Branding and Stationery**
- No Council logos, letterheads, or other Latrobe City Council branding will be used for, or linked in any way to, a candidate's election campaign.
- 6. Support Staff to the Mayor and Councillors**
- Support staff for the Mayor and Councillors, Governance staff, or any other staff member, must not be asked to undertake any tasks connected directly or indirectly with an election campaign.
- 7. Community or Advisory Committee Meetings**
- Community Meetings or Advisory Committee meetings will not be held during the Election Period.
- 8. Community or Advisory Committee Meetings**
- The Chief Executive Officer or any staff should not be asked to undertake any tasks connected directly or indirectly with electioneering.
- 9. Council Photographs**
- Photos or images taken by or provided by Council are not to be used by Councillors for the purposes of electioneering or in support of their election campaign.
 - This applies equally to images on Council websites that may be able to be copied.

10. Use of Council Buildings

- No election material or active campaigning is to be conducted at Council sponsored event or be displayed in any Council building.

11. Process

- Any Council staff member that feels they are being placed in a compromising situation by a request from a Councillor should politely refer the Councillor to their General Manager for clarification before authorising, using or allocating the resource.
- The General Manager will decide if the use of Council resources is appropriate or not and notify the Councillor, as well as the Chief Executive Officer and the Governance team accordingly.

Appendix Seven: Access to Information Guidelines and Procedures

1. Candidates' Access to Information

- All election candidates have equal rights to information relevant to their election campaigns from the Council administration.
- While it is important that sitting Councillors continue to receive information that is necessary to fulfil their existing elected roles, neither Councillors nor candidates will receive information or advice from Council officers that may improperly advantage candidates in the elections (which includes internal publications such as the Councillor Bulletin).
- There will be transparency in the provision of all information and advice during the election period.

2. Information and Briefing Material

- Information and briefing material prepared or secured by staff for Councillors during the Election Period must be necessary to the carrying out of the Councillor's role and must not be related to election issues or to issues that might be perceived to be of an electoral nature.
- The information must only relate to factual matters or to existing Council services to assist Councillors in conducting normal day to day activities.

3. Information Request Register

- The Governance team will maintain an Information Request register during the Election Period.
- This Register will be a public document (available for inspection) that records all requests for information of a non-election nature by all candidates (which includes sitting Councillors) and the response given to those requests.
- The Council affirms that all candidates for the Council election will be treated equally.

4. Process for responding to an Information Request

- Responses to candidate's requests will be provided by Managers, General Managers or the Chief Executive Officer only.
- Managers will be required to discuss the request and the proposed response with their General Manager prior to the response being provided.

WARNING - uncontrolled when printed.

Election Period Policy

- Only information that can be reasonably accessed will be released.
 - Staff will be required to provide details of requests and responses to the Governance Team for inclusion in the Register.
- 5. Freedom of Information applications during the Election Period**
- Any Freedom of Information (Fol) applications lodged during the election period on matters such as expenses costs etc regarding current Councillors will be dealt with where possible outside of the election period (the Fol Act specifies a 42 day period in providing a response to a Fol application).
- 6. Candidate Assistance and Advice**
- Any assistance and advice to be provided to candidates as part of the conduct of the Council Election will be provided equally to all candidates.
- 7. Role of Returning Officer**
- All election related enquiries from candidates, whether sitting Councillors or not, will be directed to the Returning Officer or, where the matter is outside the responsibilities of the Returning Officer, to the Chief Executive Officer or his or her delegate.
- 8. Candidate Information**
- Council will provide candidates with a Councillor Candidate Information Kit to assist them in running and nominating for Council.
 - Candidates will be informed of their obligation to complete a Nomination Form which will be available from the Returning Officer, accompanied by the nomination fee.
 - Candidates will also be informed of the requirements to complete and submit an 'Election Campaign Return' to the Chief Executive Officer within 60 days after the election day.
- 9. Election Process Enquiries**
- All election process related enquiries from candidates, whether sitting Councillors or not, will be directed to the Returning Officer or, where the matter is outside the responsibilities of the Returning Officer, to the Chief Executive Officer or his nominee.

Appendix Eight: Media Services Guidelines and Procedures

1. Restriction on Services

- Council’s communication services are intended to promote Council activities or initiatives and must not be used in any way that might favour a candidate.
- During the election period this team's services must not be used in any way that might promote a Councillor as an election candidate.
- Council publicity during the election period will be restricted to communicating normal Council activities and initiatives and subject to certification by the Chief Executive Officer.
- Contact with the local media will be restricted to the communication of normal Council activities and responding to questions not involving the election or possible election outcomes.

2. Media Advice

- Any requests for media advice or assistance from Councillors during the Election Period will be channelled through the Chief Executive Officer or the General Manager, Community Services.
- No media advice or assistance will be provided in relation to election issues or in regard to publicity that involves specific Councillors.

3. Media Releases/Spokespersons

- Media releases will not be provided for Councillors during the election period.
- Media releases will not refer to specific Councillors.
- Where it is necessary to identify a spokesperson in relation to an issue the Chief Executive Officer or his delegate will determine the appropriate person.
- Media releases will require certification by the Chief Executive Officer.
- The certification by the Chief Executive Officer will be in writing on or affixed to a copy of the media release and be in the following form:

‘Certified by the Chief Executive Officer in accordance with Section 55D of the Local Government Act 1989’.

- Copies of all certified documents will be retained on Council records.

4. Publicity Campaigns

- During the Election Period, publicity campaigns, other than for the purpose of conducting the election will be avoided wherever possible.
- Where a publicity campaign is deemed necessary for a Council activity, the Chief Executive Officer or his delegate must approve it.
- In any event, Council publicity during the Election Period will be restricted to communicating normal Council activities and initiatives.
- No publicity will be provided that involves specific Councillors.

5. Councillors

- Councillors will not use their position as an elected representative or their access to Council staff and other Council resources to gain media attention in support of an election campaign.

6. Council Employees

- During the Election Period no Council employee may make any public statement that relates to an election issue unless the statement has been approved by the Chief Executive Officer.
- Public statements are not only formal press releases but also verbal comments at meetings, functions and events where attending as part of their Council role.

**17.5 IMPROVEMENTS IN COUNCIL GOVERNANCE - ITEMS CLOSED
TO THE PUBLIC****General Manager****Corporate Services****For Information****PURPOSE**

The purpose of this report is to provide Council with information in relation to better practice for the management of items that are closed to the public at a Council meeting.

EXECUTIVE SUMMARY

With the publication of a number of comparative performance measures on the 'Know Your Council' website, Latrobe City Council has been identified as the most conservative in relation to Council decisions made at meetings closed to the public.

The Local Government Performance Reporting Framework (LGPRF) measure stated that 47.10% of Latrobe City Council meeting decisions were made at meetings closed to the public in the last financial year. The average for similar councils in accordance with the *Know Your Council* website is 13.91% and the overall average is 12.20%.

An analysis of the data for Latrobe City for the last financial year provided that 50% of those decisions related to contractual matters, and 40% related to matters considered 'prejudicial' to council or any person.

Thirty six of those 'prejudicial' matters related to the following standard items:

- Adoption of Minutes
- Confidential items
- Assembly of Councillors

It is noted that the Confidential Items Held Over reports are tabled but are not decided upon in each meeting, so therefore do not affect the LGPRF statistics reported.

In order to understand how other councils make decisions, particularly those that are considered the least conservative in the LGPRF measure, benchmarking has been undertaken. Some of those that have been identified as 0%, means that they still do table reports at a confidential meeting, but it is less than 1% of their total number of reports for their council meetings.

A number of alternative methods for decision making have been identified in the benchmarking, which have been considered and are being implemented where it is considered that they do improve transparency to the community.

Some of the alternative methods cited were put in place from the 29 February 2016 council meeting.

ORDINARY COUNCIL MEETING MINUTES 21 MARCH 2016 (CM479)

Strategic Direction – To provide open, transparent and accountable governance

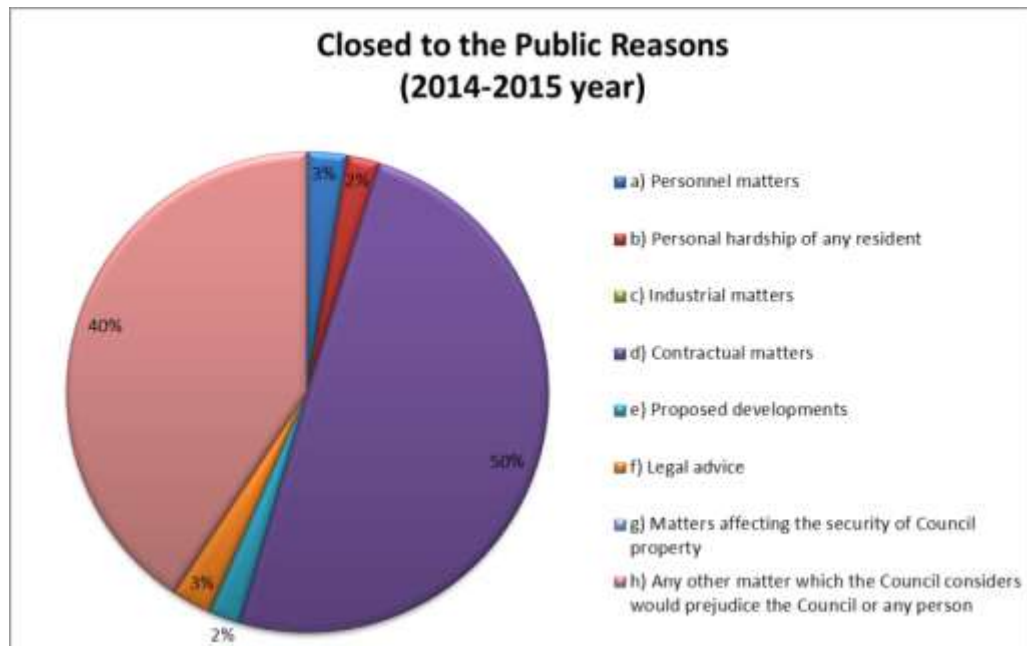

BACKGROUND

Councils are under a higher level of scrutiny with the publication of a number of comparative performance measures. The Local Government Performance Reporting Framework (LGPRF) measures are published annually on the 'Know Your Council' website, and community members are able to identify how their council is performing against these standard measures.

Latrobe City Council was significantly higher than the council average of 12.20% for the LGPRF measure 'Council decisions made at meetings closed to the public' at a total of 47.10%. For similar councils, the average was 13.91%.

KEY POINTS/ISSUES

The pie graph below provides a snapshot as to the reasons selected for why a decision is considered confidential and is then decided upon behind closed doors for Latrobe City Council.

A further analysis of the decisions made indicates that there are four standard reports tabled at every meeting. These are:

- Confidential Items Held Over (*these are tabled, but are not decided upon, therefore do not affect the LGPRF statistics reported)
- Adoption of Minutes
- Confidential items
- Assembly of Councillors

In addition, other common reports tabled in the closed to the public section of the council meeting are:

ORDINARY COUNCIL MEETING MINUTES 21 MARCH 2016 (CM479)

- Procurement contract reports
- Grant management
- Property matters, such as leases and sale of land
- Bad debt reporting
- Audit and Risk Committee minutes
- CEO Performance Review/Employment matters

Benchmarking has been conducted with councils that have lower LGPRF statistics. The benchmarking identifies that there are still some reports that are put in the closed to the public section, but they have found alternative ways to ensure that the majority of the decisions are made in the open meeting if they are required to go to Council in the first place.

The table below illustrates alternative options, and our proposed action.

RISK IMPLICATIONS

Risk has been considered as part of this report and it is considered to be consistent with the Risk Management framework.

The change in governance practices reduces the reputational risks of Council decision making not being transparent. As more decisions are debated upon within the open Council meeting, more community members are able to observe the proceedings and hear the debate first hand.

Not all options identified through the benchmarking will improve transparency to the community at Latrobe City if implemented.

FINANCIAL AND RESOURCES IMPLICATIONS

There are no financial or resource implications with implementing the change in governance practices, however, processes are required to be updated to reflect the changes.

INTERNAL/EXTERNAL CONSULTATION

Benchmarking has been conducted with other Councils to identify options that are available.

OPTIONS

Council may:

1. Receive and note this report;
2. Receive and note this report, and request other changes to be implemented.

CONCLUSION

The benchmarking has identified a number of alternatives used by other Councils in their decision making. Work has commenced on implementing some of the changes, with changes already having been implemented from the 29 February 2016 Council meeting. Other matters are being investigated to ensure that over time and where appropriate, we are improving transparency to the community.

17.6 COUNCIL DELEGATIONS REVIEW**General Manager****Corporate Services****For Decision****PURPOSE**

The purpose of this report is to seek Council's adoption of the S6. *Instrument of Delegation to Members of Council Staff 16 [DEL-1]*.

EXECUTIVE SUMMARY

The instrument of delegation submitted with this report has been prepared in accordance with the recommendations received by Maddocks Lawyers (Maddocks). Maddocks provides Victorian Council's with a subscription service to a template system of delegations and authorisation instruments that is up to date and under constant review. This review is the second of two updates for the 2015 period. (Review updates are received in June and December each year).

With respect to these delegations, the Maddocks model takes a provision-by-provision listing of Council powers under statutes and regulations which are able to be delegated under the *Local Government Act 1989* and under other applicable legislation.

Each proposed power, function and/or duty proposed to be delegated by Council to officers, and the position title of each nominated officer, is prescribed in the schedule to the S6. *Instrument of Delegation from Council to Staff* (Instrument).

Council should note that there is also a S7. *Instrument of Sub-Delegation from Council's Chief Executive Officer to Staff*. This instrument is executed by the Chief Executive Officer should Council resolve to adopt the S6. Instrument of Delegation and once they have been signed and sealed.

MOTION

Moved: Cr Middlemiss
Seconded: Cr Harriman

That Council, in exercising its powers of delegation conferred by section 98(1) of the *Local Government Act 1989* and other applicable legislation referred to in the attached S6. Instrument of Delegation to Members of Council Staff [16 DEL-1] (Instrument):

- 1. Delegates to the members of Council staff holding, acting in or performing the duties of the offices or positions referred to in the attached Instrument, the powers duties and functions set out in the Instrument subject to the conditions and limitations specified in that instrument;**
- 2. Requires that the duties, functions and powers set out in the Instrument to be carried out in accordance with any guidelines or policies of Council that it may from time to time adopt;**
- 3. Delegates and authorises the Chief Executive Officer to affix the common seal of Council to this Instrument, which comes into force immediately upon the common seal being affixed to the Instrument; and**
- 4. On the coming into force of the Instrument, the *S6. Instrument of Delegation – Members to Staff [15 DEL-3]* dated 18 November 2015 is revoked.**

Latrobe 2026: The Community Vision for Latrobe Valley***Strategic Objectives – Our Community***

In 2026, Latrobe Valley is one of the most liveable regions in Victoria, known for its high quality health, education and community services, supporting communities that are safe, connected and proud.

In 2026, Latrobe Valley has a reputation for conscientious leadership and governance, strengthened by an informed and engaged community, committed to enriching local decision making.

Latrobe City Council Plan 2013 - 2017

Theme and Objectives

*Theme 3: Efficient, effective and accountable governance
Strategic Direction – To provide open, transparent and accountable governance.*

BACKGROUND

The *Local Government Act 1989* (Act) allows Council to delegate various powers and functions.

Section 98: Delegations

A Council may by instrument of delegation to member of its staff any power, duty or function of a council under this Act.

The Council must keep a register of delegations to members of Council staff.

S6. Instrument of Delegation from Council to Staff (Instrument)

The Instrument can be used by a Council to delegate powers directly to members of Council staff pursuant to section 98(1) of the Act.

S7. Instrument of Sub-Delegation from Council's CEO to Staff.

This instrument is intended to be executed by the Chief Executive Officer should Council resolve to adopt the above stated *S6. Instrument of Delegation from Council to Staff* (and following such *S6. Instrument* having been signed and sealed).

KEY POINTS/ISSUES

The Council as a legal entity can only act through Council resolution or through letting others act on Council's behalf. Where Council acts through others, legal advice recommends that this be formalised through written 'instrument of delegation' where practicable. The decision of a delegate with delegated powers is legally binding on the Council as if the Council had made the decision itself.

The Instrument of delegation submitted with this report has been prepared in accordance with the recommendations received by Maddocks. Maddocks provide Victorian Council's with a subscription service to a template system of delegations and authorisation instruments that is up to date and under constant review.

In respect to these delegations, the Maddocks model takes a provision-by-provision listing of Council powers, functions and duties under statutes and regulations which are delegated under the *Local Government Act 1989* and under other applicable legislation.

Each proposed power, function and/or duty to be delegated by Council to officers and the position title of each nominated officer is prescribed in the schedule to the Instrument. The Instrument is presented for adoption.

RISK IMPLICATIONS

Whilst it could be argued that Council could simply rely on the general delegation powers of the *Local Government Act 1989* to delegate matters under the Acts specified in the Instruments of Delegation, there is an appreciable risk in doing so. This would be to ignore a rule of statutory interpretation which dictates that the specific delegation takes priority over the general.

Accordingly, there are several reasons why delegations are carefully made and reviewed regularly, including:

- Accountability and responsibility for decisions is possible only if decision makers are identified;
- In delegating responsibility, Council can set conditions, limitations and guidelines for decision makers, including reporting requirements; and
- Council decisions are often subject to legal scrutiny in courts and tribunals and this in turn requires precision about what decision has been made, who made it and when it was made.

These risks have been considered as part of this review of delegations and this report, and the proposed delegations are considered to be consistent with the Risk Management Framework.

FINANCIAL AND RESOURCES IMPLICATIONS

The financial and resource implications are minimal. Council subscribes to a service provided by Maddocks Lawyers that reviews relevant legislation for updates affecting Local Government functions and powers. An internal review is conducted at least twice annually by officers to ensure that the said functions and powers have been appropriately assigned to officers before presenting this information to Council.

INTERNAL/EXTERNAL CONSULTATION

Community consultation has not been undertaken as this is a statutory function required by the *Local Government Act 1989*.

OPTIONS

Council has the option to delete the specified legislation provisions from the schedule of delegations, or amend the designated officer receiving the delegation. In the first instance, if a specific provision is deleted from the delegation prepared by Maddocks, it should be noted that Council will be the only body that can exercise those respective powers and provisions in the applicable legislation. To exercise those respective powers and provisions would require a resolution of the Council at either an Ordinary or Special Council Meeting.

CONCLUSION

It is imperative from an accountability, transparency and risk management perspective, that Council delegations to staff are legislatively compliant, and accurately maintained. The proposed delegations before Council are mostly operational in nature and have been updated to reflect legislative changes as advised by Maddocks.

**17.7 AUTHORISATION OF COUNCIL OFFICERS UNDER THE
PLANNING AND ENVIRONMENT ACT 1987****General Manager****Corporate Services****For Decision****PURPOSE**

The purpose of this report is for Council to authorise, pursuant to section 147 of the *Planning and Environment Act 1987* the following incumbents:

- Jarrod Raun, Statutory Planner
- Linda Colleran, Statutory Planner
- Lauren Setches, Planning Administration Officer

EXECUTIVE SUMMARY

By authorising officers, a Council is authorising a person to a particular statutory position. Once a person is authorised by Council, that person has the powers of that statutory position; as distinct from being delegated the powers of the Council.

Authorisations are different from delegations as delegations involve the Council giving its powers to members of staff who then act on behalf of Council. Persons authorised by Council to hold a statutory position are acting as holders of statutory powers; they are not acting as delegates or on behalf of the Council. Their powers and responsibilities are different to the powers and responsibilities of the Council.

For the proper and efficient functioning of the Council, when relevant and appropriate, it is important to authorise officers generally under the *Local Government Act 1989* and specifically under other relevant and applicable legislation.

For this reason, Latrobe City Council subscribes to the Maddocks Delegation and Authorisation Service. This service updates the organisation on legislative amendments and requirement and provides appropriate Instrument templates for our use.

MOTION

Moved: Cr Harriman
Seconded: Cr Gibson

That Council, in exercising the powers conferred by Section 224 of the *Local Government Act 1989* and Section 147(4) of the *Planning and Environment Act 1987*:

- 1. Appoint and authorise Jarrod Raun, Linda Colleran and Lauren Setches each as an individual Authorised Officer for the purposes of the *Planning and Environment Act 1987* and the regulations made under that Act;**
- 2. Delegates and authorises the Chief Executive Officer to sign and seal the S11A Instrument of Appointment and Authorisation (*Planning and Environment Act 1987*) as presented which comes into force immediately the common seal of Council is affixed.**

Applicable legislation

- *Local Government Act 1989*
- *Planning and Environment Act 1987*

Section 224 of the *Local Government Act 1989* allows the following:

224. Authorised officers

1. *A Council may appoint any person other than a Councillor to be an authorised officer for the purpose of the administration and enforcement of any Act, regulations or local laws which relate to the functions and powers of the Council.*
 - (a) *A Council must maintain a register that shows the names of all people appointed by it to be authorised officers.*
2. *The Council must issue an identity card to each authorised officer.*
3. *An identity card must-*
 - (a) *contain a photograph of the authorised officer; and*
 - (b) *contain the signature of the authorised officer; and*
 - (c) *be signed by a member of Council staff appointed for the purpose.*

Section 147(4) of the *Planning and Environment Act 1987* provides for the following:

4. *Any reference in this Act to an Authorised officer of a responsible authority of the Department is a reference to an officer or employee of the authority or employee of the Department whom the authority or the Secretary to the Department (as the case requires) authorises in writing generally or in a particular case to carry out the duty or function or to exercise the power in connection with which the expression is used.*

However, Section 188(2)(c) of the *Planning and Environment Act 1987*, stipulates that Council cannot delegate the power to authorise officers for the purpose of enforcing that Act:

188. Planning authorities and responsible authorities may delegate powers

(5) A planning authority or responsible authority other than the Minister may by instrument delegate any of its powers, discretions or functions under this Act to-

- (a) *a committee of the authority; or*
- (b) *an officer of the authority; or*
- (c) *the Growth Areas Authority; or*
- (d) *the Chief Executive Officer of the Growth Areas Authority.*

(6) Subsection (1) does not apply to-

- (a) *the powers of as planning authority under sections 28, 29 and 191 and subsection (1); and*
- (b) *the powers of a responsible authority under sections 125, 171(2)(b),(c),(d) and (e), 172 and 191 and subsection (1); and*
- (c) *the power of a responsible authority to authorise any officer to carry out a duty or function or to exercise a power.*

BACKGROUND

Council may authorise members of staff to hold an applicable statutory position. The authorisation given is different from delegations as delegations involve the Council giving its powers to members of staff who then act on behalf of Council. Members of staff who are authorised by Council to hold a statutory position are acting individually as holders of those applicable statutory powers. They are not acting as delegates or on behalf of the Council and their powers and responsibilities are different to the powers and responsibilities of the Council.

Therefore, it is important for the proper and efficient functioning of the Council, to authorise officers generally under the *Local Government Act 1989* and specifically under other relevant and appropriate legislation.

KEY POINTS/ISSUES

Currently Council has a number of persons who have been authorised to act in various statutory positions.

Jarrold Raun, Statutory Planner; Linda Colleran, Statutory Planner; and Lauren Setches, Planning Administration Officer; have recently been appointed to their substantive positions. It is therefore necessary and appropriate for Council to appoint and authorise these officers specifically under section 147(4) of the *Planning and Environment Act 1987* and generally under section 232 of the *Local Government Act 1989* in order to enable them to fulfil the duties and functions of their respective roles.

Accordingly, the attached S11A. Instrument of Appointment and Authorisations (*Planning and Environment Act 1987*) have been prepared and are now presented for consideration by Council.

RISK IMPLICATIONS

Risk has been considered as part of this report and it is considered to be consistent with the Risk Management framework.

FINANCIAL AND RESOURCES IMPLICATIONS

There are no financial or resource implications as these positions are within the adopted budget. However, if Council decides not to authorise the nominated officers, it may impede their ability to fully and properly perform their duties.

INTERNAL/EXTERNAL CONSULTATION

Internally, senior Planning staff have been consulted in relation to the nomination of the officers for appointment. No external consultation is required.

OPTIONS

Council has the following options:

1. Authorise the nominated officers in accordance with the attached Instruments.

**ORDINARY COUNCIL MEETING MINUTES
21 MARCH 2016 (CM479)**

2. Not specifically authorise the nominated officers under the *Planning and Environment Act 1987* which may likely impede the ability of those officers to fully and properly perform their duties.

CONCLUSION

The *Planning and Environment Act 1987* requires direct authorisation from Council to council officers in order to perform certain statutory duties.

By authorising the nominated officers specifically under the *Planning and Environment Act 1987* and generally under section 232 of the *Local Government Act 1989*, Council will ensure that the nominated officer will be able to perform their duties under each Act.

**17.8 DOCUMENT FOR SIGNING AND SEALING - ACQUISITION OF
DRAINAGE EASEMENT AND WETLANDS, PORTERS ROAD,
HAZELWOOD NORTH****General Manager****Corporate Services****For Decision****PURPOSE**

Council is requested to authorise the Chief Executive Officer to sign and seal the Transfer of Land document for the acquisition of a drainage easement and drainage reserve for associated wetlands over part of a property in Porters Road, Hazelwood North.

DISCUSSION

Council is currently in the process of acquiring a drainage easement and associated wetlands over part of Crown Allotment 8H in Porters Road, Hazelwood North, from Dasma Plant & Equipment Pty Ltd.

The purpose of this land acquisition is to acquire a drainage easement to formalise an existing open drain that runs through the property, together with the acquisition of additional land to develop a wetlands of 3.422 hectares that will divert and treat water from adjoining industrial properties in the former Lurgi site.

This drainage easement is shown as "E-11" and the wetlands as "Reserve No. 1" in the attached Plan of Subdivision (PS 705000W).

Following discussions with the landowner it has been agreed that this land will be acquired by agreement rather than via a compulsory acquisition process under the *Land Acquisition and Compensation Act 1986*. The landowner has also agreed to allow Council's contractor to commence works on the land prior to the transfer of the land being finalised.

An independent valuation of the land has been obtained and this figure has been agreed to by the landowner. The compensation payable for the land is provided in the Gippsland Heavy Industry Park project budget. This budget is jointly funded by Council and the Victorian Government Latrobe Valley Industry and Infrastructure Fund.

A confidential copy of the Transfer of Land document is provided for the information of Councillors.

DECLARATION OF INTEREST

No officer declared a conflict of interest under the *Local Government Act 1989* in the preparation of this report.

CONCLUSION

Council has reached agreement with the owner of Crown Allotment 8H in Porters Road, Hazelwood North, for the acquisition of a drainage easement and associated wetlands over part of the property. Funds for the drainage and wetlands project is provided in the Latrobe Valley Industry and Infrastructure Fund.

As works have commenced to formalise the open drain and construct the wetlands it is recommended that Council authorises the Chief Executive Officer to sign and seal the Transfer of Land document to enable the land acquisition to be finalised.
